Great American Suburbs Virginia McAlester, Willis Winters, Prudence Mackintosh, 2008 Highland Park and University Park owe their existence and enduring popularity to their foresighted developers, architects, and builders - figures such as Henry Exall, John S. Armstrong, Edgar Flippen, Hugh Prather, W. W. Caruth, Sr., Hal Thomson, and Fooshee Cheek. Beyond domestic architecture, the Part Cities also attracted unique institutions that contributed to their individual characters. Highland Park in 1931 became home to the Highland Park Village shopping center. With a design inspired by Spanish villages and an emphasis on open-air walkways between stores, the Highland Park Village revolutionized shopping center design. The Village was named a National Historic Landmark in 2000. University Park acquired its name after attracting Southern Methodists University to the area, a move influenced by the generous Caruth family land donation to the school. This book will fascinate architects, designers, historians, preservationists, planners, suburbanites, and would-be suburbanites alike.--BOOK JACKET.
