Dance Music Nicolae Sfetcu,2014-05-09 Dance music is music composed, played, or both, specifically to accompany dancing. It can be either the whole musical piece or part of a larger musical arrangement. Dance music works usually bear the name of the corresponding dance, e.g. waltzes, the tango, the bolero, the can-can, minuets, salsa, various kinds of jigs and the breakdown. Other dance forms include contradance, the merengue, the cha-cha-cha. Often it is difficult to know whether the name of the music came first or the name of the dance. Although dance is often accompanied by music, it can also be presented alone (Postmodern dance) or provide its own accompaniment (tap dance). Dance presented with music may or may not be performed in time to the music depending on the style of dance. Dance performed without music is said to be danced to its own rhythm. An introduction to classical and modern dance including hip hop dance, what is dance, and the dance music (electronic music, rock and roll, disco, house, techno, trance, etc.)

Dances for Two, Book 1 Catherine Rollin,2005-05-03 All of the pieces in the Dances for Two series are intended to capture the rhythmic essence of dance music. Just as two dancing partners work best when they're in sync, playing duets with great rhythmic chemistry is just as wonderful! Both the primo and secondo parts in Book 1 are written at the early intermediate level. Youths, teens and adults will all enjoy these charming pieces and interesting parts where each partner has plenty of opportunity to lead and play the melody.

New York Magazine ,1992-12-21 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Misery Obscura: The Photography of Eerie Von (1981-2009) Eerie Von,2015-05-27 From the deepest depths of punk rock's 1970s primordial wastelands, through the stygian goth swamps of the 1980s, and on into the bloodstained arenas of 1990s heavy metal, Eerie Von witnessed it all. Beginning as the unofficial photographer for punk legends The Misfits and later taking charge of the bass guitar as a founding member of underground pioneers Samhain and metal gods Danzig, the evil eye of Eerie Von's camera captured the dark heart of rock's most vital and bleeding-edge period, a time when rock and roll was not only dangerous, but downright menacing. Eerie Von's lens has documented everything from The Misfits' humble beginnings in Lodi, New Jersey, to the heights of Danzig's stadium-rock glory alongside metal superstars Metallica. As well as an essential visual document of music history, Eerie's road stories of triumph and damnation bring to life an era the likes of which will never again be seen.
