

Dark Ages Dragons Kingdom Nation Battle Empire Knights Hero Castle

J. R. Castle

The Storm Dragon J. R. Castle, 2016 Twelve years ago, on the Islands of Alariss, General Vayn gained power in a military coup after the emperor and empress had a tragic accident. The Dragon Knights, an elite force loyal to the emperor, with the ability to transform into dragons, were defeated by Vayn's dark magic during a fierce battle. Vayn used his powers to bind the Dragon Knights in their human forms and banished them to the outer islands. Now the realm is in ruins and Vayn's Black Guard rampage through it, taking whatever they want. When Vayn's nephew, Quinn, discovers that he's the Crown Prince, the true heir, rescued and brought up by his former palace nursemaid, he swears to stand up to his uncle and claim what is rightfully his. Ignus the Flame Dragon has been trapped in human form as a blacksmith in the Floating Mountains. With the help of Thea, a feisty girl with magic skills and an uncertain past, Quinn must break the spell and return Ignus to his true Dragon Knight destiny.

Days of the Knights (Tales of the Time Dragon) Robert Neubecker, 2014-04-18 I'm Red the Time Dragon! I will be your guide to the Middle Ages! But we have to be careful. Dragons aren't exactly popular here.

Midgard Worldbook Wolfgang Baur, Richard Green, Jeff Grubb, 2018-10 Pathfinder roleplaying game compatible.

The American Book of Days Jane M. Hatch, 1978 Profiles the lives of many distinguished citizens of the U.S., explores the richness of its religious traditions, describes its holidays, customs, and festivities, and reports its ways of marking anniversaries.

King Arthur and His Knights Anthony Mockler, 1984 After King Arthur pulls the sword from the stone with the help of a sorcerer, he has many adventures trying to protect his kingdom.

The Devil's Horsemen James Chambers, 2003 Based on a wealth of contemporary sources, *The Devil's Horsemen* examines the origins and consequences of the Mongol invasion of Europe. It describes the tactics and training of the first army the world has ever seen, and tells the story of Subedei Bahadur, the illiterate military genius who brought twentieth warfare to medieval Europe.

A Source Book for Mediaeval History : Selected Documents illustrating the History of Europe in the Middle Age Oliver J. Thatcher, Edgar Holmes McNeal, 1968 *A Source Book for Mediaeval History : Selected Documents illustrating the History of Europe in the Middle Age* It will be observed that we have made use chiefly of documents, quoting from chronicles only when it seemed absolutely necessary. An exception to this general principle is found in section I, where a larger use of chronicles was rendered necessary by the lack of documentary sources for much of the period covered; but it is perhaps unnecessary to apologize for presenting selections from the important histories of Tacitus, Gregory, Einhard, and Widukind. In the matter of form (translation, omissions, arrangements, notes, etc.), we were guided by considerations of the purpose of the book. The style of most of the documents in the original is involved, obscure, bombastic, and repetitious. A faithful rendition into English would often be quite unintelligible. We have endeavored to make a clear and readable translation, but always to give the correct meaning. If we have failed in the latter it is not for want of constant effort. We have not hesitated to omit phrases and clauses, often of a parenthetical nature, the presence of which in the translation would only render the passage obscure and obstruct the thought. As a rule we have given the full text of the body of the document, but we have generally omitted the first and last paragraphs, the former containing usually titles and pious generalities, and the latter being composed of lists of witnesses, etc. We have given a sufficient number of the documents in full to illustrate these features of mediæval diplomatics. All but the most trivial omissions in the text (which are matters rather of form of translation) are indicated thus: ... Insertions in the text to explain the meaning of phrases are inclosed in

brackets []. Quotations from the Bible are regularly given in the words of the Authorized Version, but where the Latin (taken from the Vulgate) differs in any essential manner, we have sometimes translated the passage literally. Within each section the documents are arranged in chronological order, except in a few cases where the topical arrangement seemed necessary. We believe that the explanatory notes in the form of introductions and foot-notes will be found of service; they are by no means exhaustive, but are intended to explain the setting and importance of the document and the difficult or obscure passages it may contain. The reference to the work or the collection in which the original is found is given after the title of practically every document; the meaning of the references will be plain from the accompanying bibliography. The original of nearly all the documents is in Latin; some few are in Greek, Old French, or German, and in such cases the language of the original is indicated. It is impossible, of course, to give explicit directions as to the use of the book, other than the very obvious methods of requiring the student to read and analyze the documents assigned in connection with the lesson in the text-book, and of making clear to him the relation of the document to the event. It may be possible also for the teacher to give the student some notion of the meaning of historical method; e.g., the necessity of making allowance for the ignorance or the bias of the author in chronicles, or the way in which a knowledge of institutions is deduced from incidental references in documents. Suggestions of both sorts will be found in the introduction and notes. The teacher should insist on the use of such helps as are found in the book: notes, cross-references, glossary, etc. Groups of documents can be used to advantage in topical work: assigned topics worked up from authorities can be illustrated by documents selected from the book; e.g., imperial elections, papal elections, the Normans in Sicily, history of the Austrian dominions, Germans and Slavs on the eastern frontier, relations of the emperors and the popes before the investiture strife, etc.

The Illustrated London News, 1862

Warfare in Feudal Europe, 730-1200 John H. Beeler, 2018-08-06 Feudal military practices, which are as varied as those of modern times, are surveyed here for the first time. The author treats in detail the bases on which feudal service was exacted, the mustering and composition of armies and their subsequent operations in the field, and the qualifications of their commanders. He discusses military feudalism as it originated and developed in the Frankish kingdom of the Carolingians and as it operated during the early Capetian period in the Ile de France and the feudal principalities of northern France. He then follows feudal developments, in roughly chronological order, in those states where feudalism was consciously imported—lower Italy and Sicily, England, and Crusader Syria. He finally treats lands in which the military structure revealed some feudal characteristics but where institutions were never more than superficially feudalized—Southern France, Christian Spain, central and northern Italy, and Germany—describing how such factors as native military institutions, the pattern of landholding, economic structure, and manpower problems worked to modify feudal military institutions and practices. This book will illuminate for specialist and lay reader alike a strangely neglected aspect of feudal life.

Empire in Black and Gold Adrian Tchaikovsky, 2010-06-28 The city states of the Lowlands have lived in peace for decades, bastions of civilization, prosperity and sophistication, protected by treaties, trade and a belief in the reasonable nature of their neighbors. But meanwhile, in far-off corners, the Wasp Empire has been devouring city after city with its highly trained armies, its machines, it killing Art . . . And now its hunger for conquest and war has become insatiable. Only the aging Stenwold Maker, spymaster, artificer and statesman, can see that the long days of peace are over. It falls upon his shoulders to open the eyes of his people, before a black-and-gold tide sweeps down over the Lowlands and burns away everything in its path. But first he must stop himself from becoming the Empire's latest victim.

Dark Albion RPGPundit,2016-05-28 *Dark Albion: Cults of Chaos* is a gaming supplement for *Dark Albion* (also available on Createspace / Amazon), as well as most OSR fantasy-horror role-playing games. It will help you generate various Chaos Cults in detail (many tables are provided). It then describes the most common Chaos cults found in Albion (those worshipping demons, and others), gives advice on how running Chaos cults adventures (several tables are provided), and proposes three ready-to-use dungeons (i.e.: maps plus descriptions of contents for three dungeons that would be perfect for cultists lairs). This supplement is usable with any RPG of the OSR movement, such as *Fantastic Heroes & Witchery* (also available on Createspace / Amazon), *Osric*, *Labyrinth Lord*, etc.

The Hero and the Crown Robin McKinley,1984-10-15 Robin McKinley's mesmerizing history of Damar is the stuff that legends are made of. *The Hero and the Crown* is a dazzling prequel to *The Blue Sword*. Aerin is the only child of the king of Damar, and should be his rightful heir. But she is also the daughter of a witchwoman of the North, who died when she was born, and the Damarians cannot trust her. But Aerin's destiny is greater than her father's people know, for it leads her to battle with Maur, the Black Dragon, and into the wilder Damarian Hills, where she meets the wizard Luthe. It is he who at last tells her the truth about her mother, and he also gives over to her hand the Blue Sword, Gonturan. But such gifts as these bear a great price, a price Aerin only begins to realize when she faces the evil mage, Agsded, who has seized the Hero's Crown, greatest treasure and secret strength of Damar.

Sir Gawain and the Green Knight R. A. Waldron,1970 Chrysanthemum loves her name, until she starts going to school and the other children make fun of it.

A Book of Golden Deeds Charlotte Mary Yonge,1927

The High Crusade Poul Anderson,2010-09-01 In the year of grace 1345, as Sir Roger Baron de Tourneville is gathering an army to join King Edward III in the war against France, a most astonishing event occurs: a huge silver ship descends through the sky and lands in a pasture beside the little village of Ansby in northeastern Lincolnshire. The Wersgorix, whose scouting ship it is, are quite expert at taking over planets, and having determined from orbit that this one was suitable, they initiate standard world-conquering procedure. Ah, but this time it's no mere primitives the Wersgorix seek to enslave¾they've launched their invasion against free Englishmen! In the end, only one alien is left alive¾and Sir Roger's grand vision is born. He intends for the creature to fly the ship first to France to aid his King, then on to the Holy Land to vanquish the infidel. Unfortunately, he has not allowed for the treachery of the alien pilot, who instead takes the craft to his home planet, where, he thinks, these upstart barbarians will have no choice but to surrender. But that knavish alien little understands the indomitable will and clever resourcefulness of Englishmen, no matter how great the odds against them... At the publisher's request, this title is sold without DRM (Digital Rights Management).

Medieval England Edmund King,2005 *Medieval England* presents the political and cultural development of English society from the Norman Conquest to the end of the Wars of the Roses. It is a story of change, progress, setback, and consolidation, with England emerging as a wealthy and stable country, many of whose essential features were to remain unchanged until the Industrial Revolution. Edmund King traces his chronicle through the lives of successive monarchs, the inescapable central thread of that epoch. The momentous events of the times are also recreated, from the compiling of the Domesday Book, through the wars with the Scots, the Welsh, and the French, to the Peasants' Revolt and the disastrous Black Death.

Unveiling the Magic of Words: A Overview of "**Dark Ages Dragons Kingdom Nation Battle Empire Knights Hero Castle**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is really awe-inspiring. Enter the realm of "**Dark Ages Dragons Kingdom Nation Battle Empire Knights Hero Castle**," a mesmerizing literary masterpiece penned by way of a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve into the book's central themes, examine its distinctive writing style, and assess its profound effect on the souls of its readers.
