**The Making of Star Wars (Enhanced Edition)** J. W. Rinzler,2013-10-22 This enhanced eBook transforms The Making of Star Wars into an immersive multimedia experience worthy of the original film. It features exclusive content pulled from the Lucasfilm archives by author J. W. Rinzler: • 26 minutes of rare behind-the-scenes video\* • 29 minutes of rare audio interviews with the cast and crew • New bonus photos and artwork not found in the print edition After the 1973 success of American Graffiti, filmmaker George Lucas made the fateful decision to pursue a longtime dream project: a space fantasy movie unlike any ever produced. Lucas envisioned a swashbuckling SF saga inspired by the Flash Gordon serials, classic American westerns, the epic cinema of Japanese auteur Akira Kurosawa, and mythological heroes. Its original title: The Star Wars. The rest is history, and how it was made is a story as entertaining and exciting as the movie that has enthralled millions for more than thirty years—a story that has never been told as it was meant to be. Until now. Using his unprecedented access to the Lucasfilm Archives and its trove of “lost” interviews, photos, production notes, factoids, and anecdotes, Star Wars scholar J. W. Rinzler hurtles readers back in time for a one-of-a-kind behind-the-scenes look at the nearly decade-long quest of George Lucas and his key collaborators to make the “little” movie that became a phenomenon. It’s all here: • the evolution of the now-classic story and characters—including “Annikin Starkiller” and “a huge green-skinned monster with no nose and large gills” named Han Solo • excerpts from George Lucas’s numerous, ever-morphing script drafts • the birth of Industrial Light & Magic, the special-effects company that revolutionized Hollywood filmmaking • the studio-hopping and budget battles that nearly scuttled the entire project • the director’s early casting saga, which might have led to a film spoken mostly in Japanese—including the intensive auditions that won the cast members their roles and made them legends • the grueling, nearly catastrophic location shoot in Tunisia and the subsequent breakneck dash at Elstree Studios in London • the who’s who of young film rebels who pitched in to help—including Francis Ford Coppola, Steven Spielberg, and Brian DePalma But perhaps most exciting, and rarest of all, are the interviews conducted before and during production and immediately after the release of Star Wars—in which George Lucas, Mark Hamill, Harrison Ford, Carrie Fisher, Sir Alec Guinness, Anthony Daniels, composer John Williams, effects masters Dennis Muren, Richard Edlund, and John Dykstra, Phil Tippett, Rick Baker, legendary production designer John Barry, and a host of others share their fascinating tales from the trenches and candid opinions of the film that would ultimately change their lives. No matter how you view the spectrum of this phenomenon, The Making of Star Wars stands as a crucial document—rich in fascination and revelation—of a genuine cinematic and cultural touchstone. \*Video may not play on all readers. *Settlers of Unassigned Lands* Charles McLeod,2015-01-07 In these seven stories spanning the Midwest to California, Charles McLeod brings us characters estranged from their homelands and locked in conflict with their past and present selves. In “How to Start Your Own Midwestern Ghost Town,” an unnamed narrator hatches a plan to capitalize on rural decay. A porn star trying to transition to the mainstream does an interview with a German reporter in “The Subject of Our First Issue Is Art.” In the title story, a closeted heroin dealer follows a ghostly girl into an Oakland graveyard. And in “Rancho Brava,” the conductor of a focus group about corporate salsa keeps getting interrupted by visitors from the Old West. Alternating between the comic, the tragic, and the neurotic—and often all three at once—McLeod’s second collection transports readers from the American mainstream to the dark edges of cities and the heartland’s lost, forgotten towns, into the lives of people trying to decipher if they can escape their pasts, and at what cost.

**The Whiteboard Daily Book of Cues** Karl Eagleman,2022-07-26 There is no such thing as a “golden cue” that works for everyone 100% of the time. Therefore, the more cues a coach has in their toolbox, the more likely they will be able to effectively communicate with their athletes. Coaches use cues—short, easy-to-remember phrases—to help athletes perform movements correctly as well as to convey useful sports psychology perspectives. Athletes commonly hear movement cues like “Crush the Can” and “Grip the Ground” along with motivational cues like “Consistency is King.” A passionate coach, lifelong athlete, and advanced degree holder in kinesiology, Karl Eagleman, creator of the popular Whiteboard Daily Instagram, has put together a valuable resource for coaches, athletes, and anyone who wants to improve their own movement. The Whiteboard Daily Book of Cues contains a comprehensive collection of illustrations drawn on a whiteboard—a medium that virtually all coaches are familiar with. It boasts the largest list of cues ever compiled, covering Olympic weightlifting, powerlifting, gymnastics, kettlebell exercises, and monostructural movements (running, rowing, jumping rope, etc.). Each illustration is hand drawn in a simple, stylized way to make the cues easy to retain and to utilize during training. No two athletes are the same; we all learn in our own unique ways. By providing hundreds of cues, this book will help coaches and athletes learn a new way to understand movement for themselves and/or to communicate safe, effective movement to others.
