The Summoner's Cry Ana C. Reis, 2021-10-16

Inspired by the show 'Supernatural' and 'Howl's Moving Castle', *The Summoner's Cry* is a nerve-racking dark fantasy tale rooted in modern times with razor-sharp dialogues, vibrant descriptions, and dark cottagecore aesthetics. The perfect read for fans of the reluctant hero, found-family, and enemies-to-allies-to-lovers tropes. A powerless Summoner. A cursed Witch Lord. A clash of demons and magic. After a failed coup against Witch Queen Lilith, rogue witches Lau and Adam have no choice but to flee and hide. Crushed and surrounded by enemies, the pair arrives at Latis, a peculiar island brimming with strange tales of the supernatural, where they hope to find Adam's long-lost grimoire -- their only shield against Lilith's wrath. Rendered powerless after sealing a dragon Spirit in Adam's flesh to save his life,

Lau struggles with loneliness and resentment. Helpless and doomed to live forever in a child's body, Adam seeks to make peace with a spell he has no strength nor skill to undo. Once allies in an ancient war, Lau and Adam start drifting apart. But when a dangerous visitor sets foot on Latis and the grimoire is nowhere to be found, the two estranged Witches must work together if they want to save themselves and the lives of the townsfolk they've come to love. Trigger warnings: Graphic violence, strong language, alcohol consumption & alcohol abuse, blood, death, and discrimination.

Social Media and Politics Glenn W. Richardson Jr., 2016-11-21 This two-volume set explores the various ways social media are profoundly changing politics in America. The last decade has seen dramatic changes in the U.S. political process. The advent of social media and other new forms of expression have enabled an unprecedented number of citizens to enter the political arena by expressing their opinions about issues and

candidates in ways that can influence untold numbers of voters and officials. But the vast majority of politicians have not fully grasped how social media has fundamentally changed the process of communication or adjusted to the dramatic shift in political power that is taking place. Written by experts on the intersections of politics, public opinion, and popular culture, this book examines how new media have brought political power to the people like never before, provided new channels through which politicians communicate and attempt to influence public opinion, and caused a game-changing shift in political power. Volume one focuses on how savvy politicians are learning to communicate in new ways via new media in order to enhance their political appeal. The second volume examines the various ways in which individuals or groups who use new/social media are affecting voters' decisions, applying pressure to elected or appointed officials, and influencing the direction of the country.

From beyond the northern edge of the world, the Sunkillers (undying enemies of everything that lives and breathes and is an individual) are reaching into the sky of Laent to drain out its light and warmth. Their hope is to scrape sky, land, and sea clean of mortal life and return to where they once dwelled, before the first rising of the sun. Against them stand only the Graith of Guardians, defenders of the peaceful anarchy of the Wardlands. But the agents of the Sunkillers are abroad even in the Wardlands: plotting, betraying, murdering among the Graith. Married now for a century, Morlock Ambrosius and Aloë Oaij will take different paths to counter the threat. As Aloë ferrets out the enemy within the Graith, Morlock joins forces with his sister, the formidable Ambrosia Viviana, and crosses the monster-haunted plains of the deep north to confront the Sunkillers in their own realm. Morlock and Aloë think their parting is temporary, but it is final. They may or may not save the world, but they will not save each other, or themselves.

Upon arriving, these two heroes must rely on each other for survival in a very hostile, cold, and unfamiliar land while uncovering a plot by a new villainous regional overlord known as Helskadi, the Winter Death Witch, who is poised to solidify her dominance over all the various beings of the region while relying heavily on her horde army of beastly creatures and the necromantic powers of a mysterious vassal of hers known as Wendigo. Eventually while seeking to return home, Marin and Linitus cross paths with various local inhabitants, including human Nordlings and an exotic group of anthropomorphic sentient beings known as dyr folk. Marin and Linitus set out to build a new alliance between these two groups after previously feuding with each other for countless years. Only through uniting these two groups can Marin and Linitus hope to have a chance of prevailing against Helskadi's dark forces that threaten to usher in a new era of darkness in the region. Meanwhile, Duchess Lucia Diem, upon sacrificing her life for her son Lucianus to

escape in the earlier confrontation against the Comradery, now finds herself in the presence of the deity spirit of death, Calu. Surprising the deity spirit by rejecting her intended destination of being united with many of her ancestors in the paradise of Caelum, Lucia instead chooses to be sent to the fiery realm of condemnation known as Hadao Infernum out of utter devotion to unite with her late lover, Decius. Upon uniting in the fiery realm of hell, the two soulmates rekindle their bond. They come to a new understanding together of their present abode while forging a new dark path of domination.
