We appreciate them only in their effects. We know of them, among other things, that they are always to their possessor, when inordinately possessed, a source of the liveliest enjoyment. As the strong man exults in his physical ability, delighting in such exercises as call his muscles into action, so glories the analyst in that moral activity which disentangles. He derives pleasure from even the most trivial occupations bringing his talent into play. He is fond of enigmas, of conundrums, of hieroglyphics; exhibiting in his solutions of each a degree of acumen which appears to the ordinary apprehension praeternatural. His results, brought about by the very soul and essence of method, have, in truth, the whole air of intuition

Dark Short Story Collection Lll R. D. Peters,2018-01-09 This is the third volume of my collections of dark genre short stories. Some within this book are a bit longer than many short stories, but they too have their place by allowing some variety. Dark genre plays a significant role in American society since its invention with Edgar Allan Poe. There is nothing more American than the dark short story. I continue to keep this art form alive although some have lost interest in a genre rooted in our nation's beginnings. Perhaps it is the great mix of peoples and cultures that spawn human conflicts, or perhaps it's just a matter of demented minds, but the mix of human activities are rich with dark tales. Unlike some I do not deny the existence of such persons, nor do I ignore the trails they leave. Instead, I embellish and document it for those who dare to read the tales.
