How to Not Die Alone Logan Ury,2021-02-02 A “must-read” (The Washington Post) funny and practical guide to help you find, build, and keep the relationship of your dreams. Have you ever looked around and wondered, “Why has everyone found love except me?” You’re not the only one. Great relationships don’t just appear in our lives—they’re the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to commit to the right one. But our brains often get in the way. We make poor decisions, which thwart us on our quest to find lasting love. Drawing from years of research, behavioral scientist turned dating coach Logan Ury reveals the hidden forces that cause those mistakes. But awareness on its own doesn’t lead to results. You have to actually change your behavior. Ury shows you how. This “simple-to-use guide” (Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone*) focuses on a different decision in each chapter, incorporating insights from behavioral science, original research, and real-life stories. You’ll learn: -What’s holding you back in dating (and how to break the pattern) -What really matters in a long-term partner (and what really doesn’t) -How to overcome the perils of online dating (and make the apps work for you) -How to meet more people in real life (while doing activities you love) -How to make dates fun again (so they stop feeling like job interviews) -Why “the spark” is a myth (but you’ll find love anyway) This “data-driven” (Time), step-by-step guide to relationships, complete with hands-on exercises, is designed to transform your life. The Top 10 Things People Lie about on Online Dating Sites and Why Linda Jenkins,2014-10-09 The Top 10 Things People Lie About on Online Dating Sites is a guide for men and women to help them in their pursuit of Love via Online Dating Sites. Let's face it, there are thousands of Online Dating Sites today and most people meet their partners, husbands, wives, girlfriends, boyfriends, friends with benefits and lovers on Online Dating Sites. The reality is most people are too busy working or just too shy to approach someone on the street to actually go out and hunt down a mate. Thanks to the Internet, you can now find love online or anything else

you are looking for. I myself have been an Online Dater on and off since 2002. I have been on quite a few sites, some are not even around anymore because they have been bought out by the bigger names. This was way back when Online Dating was starting to get big. I think it is a great way to meet someone but you have to be very cautious. I met my x-Husband on Match.com in 2002. He was the first guy I saw on there that I was attracted to. I didn't even bother looking around once I saw him. I contacted him first and needless to say he lied about almost everything and I was too naive and ignored all of the warning signs. We dated for five years before we got married and he never really changed. He was a Cheater, Liar and a Manipulator who had a handful of women at his disposal at any given time that he used for different purposes. I was his 'Trophy Girlfriend/Wife' yet he had many other women around the entire time we were dating and married. The whole disaster of the relationship was my fault because I allowed him to treat me that way and I kept forgiving him and taking him back. Yes, that's what I said, the whole thing was my fault because as soon as he lied the first time I should have got out and I didn't. I have learned some hard lessons and the purpose of this book is to help my fellow Online Daters see and recognize the lies that people tell on their profiles and when dating online. I have learned that if someone lies about a little thing for example, where they live, they are hiding something and will lie about anything. It's up to you to weed out the dishonest Online Daters so you have a chance at finding true love. Practically all the relationships I know are based on a foundation of lies and mutually accepted delusion. Kim Cattrall
