The Hormone Diaries Hannah Witton, 2019-06-11 When Hannah Witton started documenting her journey coming off the pill and re-getting her period, she wasn't anticipating the reaction, from people of all ages, that talking about it would bring. It exposed a glaring gap - the resources and the spaces to talk honestly about periods just aren't there. And with more and more research showing that your period and your hormones can affect literally every area of your life, this is a problem. The Hormone Diaries draws on both Hannah's own experiences and, through crowdsourcing on her social media platform, those of her fans too. It looks at the cultural differences in how periods are treated around the world and includes space for readers to write about their own experiences, creating the definitive period self-help book 50% of the world has been waiting for.

10 Blind Dates Ashley Elston,2019-10-01 Sophie wants one thing for Christmas—a little freedom from her overprotective parents. So when they decide to spend Christmas in South Louisiana with her very pregnant older sister, Sophie is looking forward to some much needed private (read: make-out) time with her long-term boyfriend, Griffin. Except it turns out that Griffin wants a little freedom from their relationship. Cue devastation. Heartbroken, Sophie flees to her grandparents' house, where the rest of her boisterous extended family is gathered for the holiday. That's when her nonna devises a (not so) brilliant plan: Over the next ten days, Sophie will be set up on ten different blind dates by different family members. Like her sweet cousin Sara, who sets her up with a hot guy at an exclusive underground party. Or her crazy aunt Patrice, who signs Sophie up for a lead role in a living nativity. With a boy who barely reaches her shoulder. And a screaming baby. When Griffin turns up unexpectedly and begs for a second chance, Sophie feels more confused than ever. Because maybe, just maybe, she's started to have feelings for someone else . . . Someone who is definitely not available. This is going to be the worst Christmas break ever . . . or is it?

From award-winning marriage researcher and bestselling author Dr. John Gottman and fellow researcher Julie Gottman, Eight Dates offers an ingenious and simple-to-implement approach to effective relationship communication. Here are the subjects that every serious couple should discuss: Trust. Family. Sex and intimacy. Dealing with conflict. Work and money. Dreams, and more. And here is how to talk about them—how to broach subjects that are difficult or embarrassing, how to be brave enough to say what you really feel. There are also suggestions for where and when to go on each date—book your favorite romantic restaurant for the Sex & Intimacy conversation (and maybe go to a yoga or dance class beforehand). There are questionnaires, innovative exercises, real-life case studies, and skills to master, including the Four Skills of Intimate Conversation and the Art of Listening. Because making love last is not about having a certain feeling—it's about both of you being active and involved.
