

Daum Webtoon

J Elliott

Webtoon School Hong Nan Ji, Lee Jong Beom, 2022-06-09 "If there are 10,000 creators in the world, there are 10,000 webtoons." Hong Nan Ji Are you an aspiring webtoon artist? Have you ever wondered if you have what it takes to make it in one of today's most exciting fields of popular culture? Find out in Webtoon School. Available in English for the first time. With Korean culture capturing imaginations around the world, more people than ever are discovering webtoons, the groundbreaking fusion of manhwa with online platforms. Until now, there has been no 'how-to' book dedicated to webtoons, and aspiring creators have had to make do with accessing material from other industries, like comic books and movie-making. Webtoon School is changing all that. Discover the secrets of creating Korean-style webtoon content from two of the industry's leading experts. Lee Jong Beom, creator of the hit webtoon Doctor Frost, and Hong Nan Ji, author of Webtoon Performance and Reader's Pleasure, guide the readers of Webtoon School through the entire process of becoming a successful webtoon artist. Webtoon School is a complete guide to webtoon creation that not only helps readers devise storylines and hone their art, but even walks them through the process of getting paid to publish their work. There can be no more useful book for anyone hoping to become a professional webtoon artist, whether they are just starting out, or perhaps looking to make the move into webtoons from traditional comics, Japanese manga, or Korean manhwa. This comprehensive guide includes practical advice

on all aspects of webtoon creation, including: • What is a webtoon? The essential basics • What makes an interesting story? • How to carry out effective research • Writing engaging plots • Creating characters that the readers will love—or love to hate! • How a successful story is constructed • What does it mean to ‘direct’ a webtoon? • Making a story into a serial • How to get published—where to take your work, how to submit it, and how to speak to the decision-makers • And last but not least: how to make money out of webtoon creation

Intended to be a book that creators return to time and time again over the course of their careers for inspiration and motivation, Webtoon School has something to offer the webtoon artist no matter what stage of their journey they are on. It is the authors’ intention and great hope that the ‘graduates’ of Webtoon School will go on to be the greatest webtoon storytellers of the future. Take the first step on the path to professional webtoon success with Webtoon School!

Understanding Korean Webtoon Culture Dal Yong Jin, 2023-11-20 Webtoons—a form of comic that are typically published digitally in chapter form—are the latest manifestation of the Korean Wave of popular culture that has increasingly caught on across the globe, especially among youth. Originally distributed via the Internet, they are now increasingly distributed through smartphones to ravenous readers in Korea and around the world. The rise of webtoons has fundamentally altered the Korean cultural market due to the growth of transmedia storytelling—the flow of a story from the original text

to various other media platforms, such as films, television, and digital games—and the convergence of cultural content and digital technologies. Fans can enjoy this content anytime and anywhere, either purely as webtoons or as webtoon-based big-screen culture. *Understanding Korean Webtoon Culture* analyzes webtoons through the lens of emerging digital cultures and discusses relevant cultural perspectives by combining two different, yet connected approaches, political economy and cultural studies. The book demonstrates the dynamics between structural forces and textual engagement in global media flows, and it illuminates snack-culture and binge-reading as two new forms of digital culture that webtoon platforms capitalize on to capture people's shifting media consumption.

Korea's Platform Empire Seongcheol Kim, Dal Yong Jin, 2024-06-07 *Korea's Platform Empire* explores the evolution of digital platforms in South Korea's media sphere, and their global political, economic, cultural, and technological influence. With a focus on Korea in the context of the global platform revolution, the book takes a methodical look at the broader social implications and the impact on cultural production. The authors explore various facets of the media and cultural industries—looking beyond social media to news broadcasting and the music industry—and look at the policy and regulations behind this shifting technological advancement. This book will appeal to students and scholars working on media industries, digital media, platform studies, information and technology studies, Korean and East Asian

media studies, and the creative and cultural industries.

South Korea's Webtooniverse and the Digital Comic Revolution Brian Yecies, Ae-Gyung Shim, 2021-04-09 This book investigates the meteoric rise of mobile webtoons – also known as webcomics – and the dynamic relationships between serialised content, artists, agencies, platforms and applications, as well as the global readership associated with them. It offers an engaging discussion of webtoons themselves, and what makes this new media form so compelling and attractive to millions upon millions of readers. Why have webtoons taken off, and how do users interact with them? Each of the case studies we explore raises interesting questions for both general readers and scholars of new media about how webtoons have become a modern form of popular culture. The book also addresses larger questions about East Asia's contributions to global popular culture and Asian society in general, as well as South Korea's rapid social and cultural transformation since the 1990s. This is a significant – and understudied – aspect of the new screen ecologies and their role in a new wave of media globalisation as we approach the end of the second decade of the 21st century.

Understanding the Korean Wave Dal Yong Jin, 2023-07-31 A comprehensive and critical introduction to understanding the Korean Wave (Hallyu) as a transnational media phenomenon. This book provides an accessible introduction to the Korean Wave—the rapid growth of local cultural industries and the global popularity of Korean popular culture over the past 30 years—providing

historical, political, economic, and socio-cultural context to its initial rise and enduring popularity. Jin explores the transnational cultural flows of Hallyu across a variety of products and digital technologies—from television dramas, film, and K-pop to online games, and webtoons—and explains the process of cross-media convergence and the socio-political contexts behind the Hallyu phenomenon. He also explores how overseas fans and audiences advance K-pop fandom as social agents in different geo-cultural contexts. The book concludes by discussing if Hallyu can become a sustainable global popular culture beyond a fan-based regional cultural phenomenon. Each chapter features detailed contemporary case studies and discussion questions to enhance student engagement. This is essential reading for students of Media and Communication, Cultural Studies, Korean Studies, and Asian Studies, particularly those taking classes on popular culture and media, media and globalization, Korean popular culture, and East Asian culture.

Transnational Hallyu Dal Yong Jin, Kyong Yoon, Wonjung Min, 2021-06-29 While the influence of Western, Anglophone popular culture has continued in the global cultural market, the Korean cultural industry has substantially developed and globally exported its various cultural products, such as television programs, pop music, video games and films. The global circulation of Korean popular culture is known as the Korean wave, or Hallyu. Given its empirical scope and theoretical contributions, this book will be highly appealing to any scholar or student interested in media globalization and

contemporary Asia popular culture. These chapters present the evolution of Hallyu as a transnational process and addresses two distinctive aspects of the recent Hallyu phenomenon - digital technology integration and global reach. This book will be the first monograph to comprehensively and comparatively examine the translational flows of Hallyu through extensive field studies conducted in the US, Canada, Chile, Spain and Germany.

Transmedia Storytelling in East Asia Dal Yong Jin, 2020-04-02 This book offers a thorough investigation of the recent surge of webtoons and manga/animation as the sources of transmedia storytelling for popular culture, not only in East Asia but in the wider global context. An international team of experts employ a unique theoretical framework of media convergence supported by transmedia storytelling, alongside historical and textual analyses, to examine the ways in which webtoons and anime become some of the major sources for transmedia storytelling. The book historicizes the evolution of regional popular culture according to the surrounding digital media ecology, driving the change and continuity of the manhwa industry over the past 15 years, and discusses whether cultural products utilizing transmedia storytelling take a major role as the primary local cultural product in the cultural market. Offering new perspectives on current debates surrounding transmedia storytelling in the cultural industries, this book will be of great interest to scholars and students of media studies, East Asian studies and cultural studies.

Make wattpad worth Nurul Khilmia, Sirin Suhaimah, Mahani, Fikrilliansyah, Ika Vivit Fitriany, Silfana Alfiyati Dewi, Fida Oktavia, Suci Romadhotul Arifah, 2021-12-16 Make it Worth, Series is a book which consist of writings compilation composed by the students of ICT in ELT class. This second series is exposing the use of Wattpad platform in teaching certain english skill, especially writing. The writings will again expose the differences and similarities between Wattpad platform and other similar platforms. A compare and contrast form of writing is used by the students to elaborate the ways how to use those online platforms in teaching writing.

Willing Collaborators Michael Keane, Brian Yecies, Dr. Terry Flew, 2018-04-16 As China looks to reinvigorate its soft power by drawing on the creative inputs of foreign media producers and technical expertise, this book explores how and why creative workers are moving to the Mainland from East Asia, and how they are navigating the challenges of producing creative and critical content in a politically constrained environment.

Context-Aware Systems and Applications Phan Cong Vinh, Vangalur Alagar, 2016-04-16 This book constitutes the thoroughly refereed proceedings of the 4th International Conference on Context-Aware Systems and Applications, ICCASA 2015, held in Vung Tau, Vietnam, in November 2015. The 44 revised full papers presented were carefully selected and reviewed from over 100 submissions. The papers cover a wide spectrum of issues in the area of context-aware systems (CAS) and context-based recommendation systems. CAS

is characterized by its self- facets such as self-organization, self-configuration, self-healing, self-optimization, self-protection and so on whose context awareness used to dynamically control computing and networking functions. The overall goal of CAS is to realize nature-inspired autonomic systems that can manage themselves without direct human interventions.

Transnational Korean Cinema Dal Yong Jin, 2019-12-13 In Transnational Korean Cinema author Dal Yong Jin explores the interactions of local and global politics, economics, and culture to contextualize the development of Korean cinema and its current place in an era of neoliberal globalization and convergent digital technologies. The book emphasizes the economic and industrial aspects of the story, looking at questions on the interaction of politics and economics, including censorship and public funding, and provides a better view of the big picture by laying bare the relationship between film industries, the global market, and government. Jin also sheds light on the operations and globalization strategies of Korean film industries alongside changing cultural policies in tandem with Hollywood's continuing influences in order to comprehend the power relations within cultural politics, nationally and globally. This is the first book to offer a full overview of the nascent development of Korean cinema.

Koreana - Spring 2012 (English) The Korea Foundation, 2013-03-30

Branded Entertainment in Korea Hyunsun Yoon, 2020-11-29 Branded Entertainment in Korea examines the varied texts and wider context of branded

entertainment and related advertising and marketing communications practices in Korea. The book discusses the origins, development, current state, ethics, and regulations of branded entertainment in Korea, considering the impact and implications for communication users and regulators as well as industry actors. Over 30 cases from 2013 to 2019 are offered to provide an up-to-date account of current developments, with a closer look at the ethical challenges and controversies surrounding branded entertainment. The book also provides a review of branded entertainment-related literature in order to help the readers to understand this growing marketing discipline. This is a valuable case study for scholars and students of critical advertising studies, as well as those interested in broader disciplines of communication and media studies.

Transformation of Korean Politics and Administration Tobin Im, 2022-05-09
Transformation of Korean Politics and Administration: A 30 Year Retrospective retraces critical turning points in Korean history as seen from the historical path dependence theory to help explain the significant changes that have occurred in the major pillars of the Korean politics and administration.

Transnationalism in East and Southeast Asian Comics Art John A. Lent, Wendy Siuyi Wong, Benjamin Wai-ming Ng, 2022-10-03 This book explores various aspects of transnationalism and comics art in six East Asian and seven Southeast Asian countries/territories. The 14 richly illustrated chapters embrace

comics, cartoons, and animation relative to offshore production, transnational ownership, multinational collaboration, border crossings of comics art creators and characters, expansion of overseas markets, cartoonists in political exile, colonial underpinnings, adaptation of foreign styles and formats, representation of other cultures, and more. Using case studies, historical accounts, descriptive overviews, individual artists' profiles, and representational analyses, and fascinatingly told through techniques as document use, interviews, observation, and textual analyses, the end result is a thorough, interesting, and compact volume on transnationalism and comics art in East and Southeast Asia.

The Assemblage of Korean Shamanism Joonseong Lee, 2022-10-14 The most unique aspect of Korean shamanism is its mysterious duality that continually reiterates the processes of deterritorialization and reterritorialization. This book approaches that puzzle of mysterious duality using an interdisciplinary lens. Korean shamanism has been under continuous oppression and marginalization for a long time, and that circumstance has never dissipated. Shaman culture can be found in every corner of people's lives in contemporary Korea, but few acknowledge their indigenous beliefs with pride. This mysterious duality has deepened as the mediatization process of Korean shamanism has developed. Korean shamanism was revived as the dynamic of shamanic inheritance in the process, but these dynamics have also become the object of mockery. For this reason, any true understanding of Korean

shamanism rests in how to unravel the unique puzzles of this mysterious duality. In this book, the duality is mapped out by playing with the puzzles surrounding the contextualization of Korean shamanism and mediatization.

Hello, South Korea DK Eyewitness, 2023-06-27 Korea is a global phenomenon. K-pop tops the charts, kimchi spices up meals and K-drama dominates TV screens. Now, it's time to discover more of the country and culture that's captivated the world. It might be a powerhouse of popular culture, but South Korea is so much more than BTS and bibimbap – and with this book, it's yours to explore. Dive deeper into the country behind Hallyu and discover why it was long known as the Hermit Kingdom, who the incredible haenyeo divers of Jeju Island are and how age was once calculated in three different ways. Along the way, you'll get to know the people who've shaped the country and its customs, uncover the makings of the Hallyu and, of course, explore the global exports we all know and love. How many varieties of kimchi are there? Why did Squid Game receive mixed reactions in Korea? And what, exactly, is the “glass skin” beauty effect? Find out all this and more in this must-have book: the perfect introduction to this wonderfully varied country.

Understanding Hallyu Hyesu Park, 2020-12-10 This book sheds light on aspects of the Korean Wave and Korean media products that are less discussed—Korean literature, webtoon, and mukbang. It explores the making of these Korean popular cultural products and how they work and engage media recipients regardless of their different national, cultural, and geographical

backgrounds. Drawing on narrative theory and cultural studies, the book makes a compelling argument about how to analyze the production and consumption of Korean media within and beyond its national boundary with critical eyes. The author shows how transmedial narrative studies (narrative studies across media) offers analytical and theoretical lenses through which one can interpret new and emerging media forms and contents. Furthermore, she explores how these forms and contents can be better understood when they are contextualized within specific time and place using the cultural, social, and political concepts and precepts of the region. The volume will be of great interest to scholars and researchers of Asian Studies, popular culture, contemporary cyberculture, media and culture studies, and literary theory.

Korea ,2016

Digital Transactions in Asia Adrian Athique, Emma Baulch, 2019-03-07 This book presents a comprehensive overview of transactional forms of the digital across the Asian region by addressing the platforms and infrastructures that shape the digital experience. Contributors argue that each and every encounter mediated by the digital carries with it a functional exchange, but at the same time each transaction also implies an exchange based on social relationships for the digital age. In capturing the digital revolution through case studies of economic, informational, and social exchanges from across the larger Asian region, the book offers a richly contextualized and comparative account of the pervasive nature of the digital as both a medium

for action and a medium of record.
