The Stone Warriors: Nicodemus D. B. Reynolds,2021-05-31 It was a time when gods walked the earth, when armies fought not for bits of land, but for the very existence of humanity. On such a battlefield, five formidable warriors stood against an evil greater than any the earth had ever seen. But evil is not an honorable foe. Betrayed by someone they trusted, the warriors were cursed, one by one, tossed into the maelstrom of time, imprisoned in stone, their freedom resting on nearly impossible conditions. Alone of the five, their leader, the sorcerer Nicodemus, was left free. His curse? To know that his fellow warriors remained trapped forever out of his reach, condemned to an eternity of searching for their stone prisons and the keys to their freedom. Nicodemus stood on the battlefield, magic a storm of power surrounding him, his army on the cusp of victory against his lifelong enemy, the sorcerer Sotiris, whose death would finally bring peace to their world. . . until everything changed. The four warriors who'd stood by him through endless wars were struck down by a curse, gone in an instant, and spun into the sands of time. And Antonia, the woman he loved so fiercely, was bespelled into an unknown world, captured by the sorcerer she'd betrayed. Following Sotiris's vanishing trail, Nicodemus searches through worlds and centuries until finally, in a universe a thousand years from where he was born, his freed warriors seek him out and stand with him once more. But what of Antonia, what of her fate at the sorcerer's whim? And if she still lives, how will he find her? With his warriors' help, Nicodemus untangles the twisted reality Sotiris has contrived to hide his beloved. Together at last, Nico and Antonia will rediscover the love and trust they once held for each other, wanting only to share the life they've been denied for so long. But Sotiris is still a threat--one that must be eliminated if there is to be peace. With Antonia and his warriors by his side--as well as an unexpected, but deadly, ally--Nicodemus prepares for the final battle. And this time, only one sorcerer will walk away. Author Bio: D. B. Also for the first time this year Doing Business collects data on Somalia, bringing the total number of economies covered to 190. Using the data originally developed by Women, Business and the Law, this year for the first time Doing Business adds a gender component to three indicators—starting a business, registering property, and enforcing contracts—and finds that those economies which limit women's access in these areas have fewer women working in the private sector both as employers and employees. The report updates all indicators as of June 1, 2016, ranks economies on their overall “ease of doing business”†?, and analyzes reforms to business regulation †“ identifying which economies are strengthening their business environment the most.
