Corsica and North Sardinia Royal Cruising Club Pilotage

Foundation, 2020-03-25 Corsica and North Sardinia is a well-established guide to Corsica and the northern region of Sardinia, which together constitute several varied cruising grounds- from the sometimes exposed and often dramatic bays of Corsica's west coast to the more protected and gentle cruising on its eastern side, to the rich choice of anchorages in the Bouches de Bonifacio and on Sardinia's island-studded north coast. This whole region is justifiably popular with cruising sailors, particularly in the summer season. This fourth edition has been thoroughly revised by the authors, who have spent the past two years exploring the Corsican and Sardinian coastlines on their Bowman 40, Easy Rider. Included are a multitude of new photographs as well as thorough updates to the plans and text. Several marine reserves have been established in the region and the latest restrictions of these are well documented. Corsica and North Sardinia is the ideal guide, either for charter skippers or longer-term cruising sailors who want to make the most of this very special corner of the Mediterranean.

France: M-Z United States. Office of Geography, 1964 Nearly the whole of America's partisan politics centers on a single question: Can markets solve our social problems? And for years this question has played out ferociously in the debates about how we should educate our children. From the growth of vouchers and charter schools to the implementation of No Child Left Behind, policy makers have increasingly turned to market-based models to help improve our schools, believing that private institutions--because they are competitively driven--are better than public ones. With *The Public School Advantage*, Christopher A. and Sarah Theule Lubiencki offer powerful evidence to undercut this belief, showing that public schools in fact out-perform private ones.

Mediterranean France and Corsica Pilot Rod and Lucinda Heikell, This is a comprehensive companion to the long coastline which ranges from Spain and the edge of the Pyrenees to the Alpes Maritimes and Italy. It covers the flat country of Languedoc-Roussillon, the coast of the Golfe du Lion, the Rhône delta and the Camargue, the industrial Golfe de Fos, the Côte d'Azur and the French Riviera and Monaco. The island of Corsica and the waterways that run behind the coast linking the Canal du Midi and the étangs to the Rhône are covered in separate chapters. The authors spent the summer and autumn of 2016 cruising in Corsica and then across to the Golfe du Fos where they left

Skylax for the winter. During their travels they visited a large number of harbours and anchorages, collecting the latest information and taking new photographs. There are new aerial photos for many places and in particular for ports and harbours in Languedoc – Roussillon. This major 2017 edition contains substantial change to the content. 'A new Mediterranean France pilot from Rod and Lu Heikell is now available from Imray and, needless to say, if you have not got one and plan to cruise this coast and inevitably Corsica, then rush out and buy it!' Short Treks on Corsica Gillian Price,2021-03-15 With spectacular mountain landscapes, beautiful rugged coast, forests, maquis and striking river gorges, Corsica is a walker's paradise. This guidebook details five of the islands's most popular shorter treks: the 2-day coastal Sentier du Douanier (Customs Officer's Path) around Cap Corse; two coast-to-coast routes through the central mountains, the 11-day Mare a Mare Nord and the 5-day Mare a Mare Sud; and two 'coast and mountains' routes, the 10-day Mare e Monti and the 5-day Mare e Monti Sud. (Corsica's famous 190km GR20 trail is described in a separate Cicerone guide.) The routes can be linked to create longer excursions and accommodation is provided by a mixture of walkers' hostels, B&Bs and hotels; camping is also an option. The guide presents each of the waymarked trails in daily stages averaging around 12-13km per day, with route description, mapping and notes on accommodation options. There is advice on how to get to Corsica, when to go and what to take, plus accommodation listings, useful contacts and a French/Corsican-English glossary. The guide also offers a wealth of information about the island's rich plant and wildlife. Considerably easier than the challenging GR20, these trails offer a more accessible option for trekkers wishing to experience the 'real' Corsica, away from the bustling coastal resorts. You'll find enchanting scenery - towering forests, gushing cascades, turquoise coves, aromatic maquis, rugged mountains and quiet villages nestling on hillsides of chestnut woods - not to mention a favourable climate and delicious local cuisine. Don't be surprised if you fall under the island's spell!
