**Permanent Establishments** Ekkehart Reimer, Stefan Schmid, Marianne Orell, 2018-06-07 Permanent Establishments (PEs) are a key facet of international taxation. They constitute the crucial threshold for the assignment of taxing rights to a jurisdiction in all cases of enterprises operating in more than one country. The issue of whether there is a PE, and how much profit should be allocated to it, is an increasingly important factor in tax planning, tax accounting, tax compliance, and related tax risk management. Groundbreaking developments have reshaped the face of the classical PE concept during the year 2017. Following action item no. 7 of the Anti-BEPS efforts of G20 and OECD, the OECD has presented the Multilateral Instrument (MLI) on Base Erosion and Profit Shifting in June 2017. Based on the MLI as well as earlier drafts, Article 5 of the OECD Model Tax Convention and the Official Commentary have been amended in November 2017. Similarly, Article 7 of the OECD Model Tax Convention on the allocation of income in PE situations is influenced by the October 2015 OECD BEPS proposals. This academically rigorous yet thoroughly practical work provides comprehensive guidance on a variety of complex PE issues. Its initial chapters analyse the latest OECD and EU developments in the context of Articles 5 and 7 of the OECD Model Tax Convention. 21 country chapters cover domestic PE issues as well as country-specific treaty developments from a practical perspective. Contributors: Fabrizio Acerbis, Maret Ansperi, Yumiko Arai, Ákos Burján, Anna Berglund, Peter Collins, Mike Cooper, David Cuellar, Veronika Daurer, Frank Feng, Mikhail Filinov, Sandra Fleurier, Jose Antonio Gonzalez, Herbert Greinecker, Søren Jesper Hansen, Lars Ellegård Holst, Mauricio Hurtado, Martin Jann, Renaud Jouffroy, David Lermer, Peter Lindblad, Iren Lipre, Jessica Ma, Anna Mallol, Dennis Matthijs, Hamish McElwee, Kunal Mehta, Osman Mollagee, Matthew Mui, Ramón Mullerat, Luis Felipe Muñoz, Stephen Nauheim, Francesco Nuzzolo, Yoshiyasu Okada, Marianne Orell, Oren Penn, Martin Poulsen, Lene Munk Rasmussen, Ekkehart Reimer, Daniel Rinke, Stefan Schmid, Mathias Schreiber, Vishal J. Shah, Smit Sheth, Tom Stuer, Maarten Temmerman, Eszter Turcsik, Hein Vermeulen, Huili Wang, Sonia Watson, Ciska Wisman, Raymond Wong & Alan Yam.

The Impact of Tax Treaties and EU Law on Group Taxation Regimes Bruno da Silva, 2016-07-11 Should the income of a corporate group be taxed differently solely because the traditional structure of the income tax system considers each company individually? Taxation affects business decisions, including location, the form in which business is carried out, and the efficient allocation of company resources. Disparities – differences arising from the interaction of different tax systems – and obstacles – distortions created by domestic legislation arising from differences between domestic and cross-border situations – both become more acute when a business chooses to set up or acquire other companies, thus forming a group, usually operating in multiple jurisdictions. Responding to such ever more common developments, this book is the first in-depth analysis of how tax treaties and EU law influence group taxation regimes. Among the issues and topics covered are the following: – analysis of the different tax group regimes adopted by different countries; – advantages and disadvantages of a variety of models; – application of the non-discrimination provision of Article 24 of the OECD Model Tax Convention to group taxation regimes; – application of the fundamental freedoms of the TFEU to group taxation regimes following the three-step approach adopted by the EU Court of Justice; – uncertainty raised by the landmark Marks & Spencer case, its interpretation and consequences to other group taxations regimes; – interrelations between tax treaties and EU Law in the context of tax groups; and – per-element approach. The analysis considers concrete examples as well as relevant case law. With its analysis of the standards required by the two sets of norms (tax treaties and EU law) and their interaction, particularly in terms of non-discrimination, this book sheds clear light on ways to overcome the disparities and obstacles inherent in group taxation regimes. As a thorough survey of the extent to which the interpretation of tax treaties and EU law affect group taxation regimes, this book has no peers. All taxation professionals, whether working in EU Member States or in EU trading partners, will appreciate its invaluable insights and guidance.

Klaus Vogel on Double Taxation Conventions Ekkehart Reimer, Alexander Rust, 2022-01-18 Klaus Vogel on Double Taxation Conventions is regarded as the international gold standard on the law of tax treaties. This article-by-article commentary has been completely revised and updated to give you a full and current account of double tax conventions (DTCs). DTCs form the backbone of international taxation, but they raise many interpretational questions. This market leading work will provide you with the answers. Based on the OECD/G20 Multilateral Instrument, the OECD MC and Commentary published in 2017 and the most recent amendments to the UN MC, the book also includes relevant case law and scholarly literature up to and including 2020. Previous editions of the Vogel have been routinely relied on by courts around the world including Australia, Canada, Germany, India, South Africa, the Netherlands and United Kingdom. What's new in this edition? There have been many important developments in this area since the last edition in 2015. The authors discuss these developments and the effect they will have upon practitioners working in this area. They also provide a wealth of new and revised case law, along with the DTCs of emerging countries. You'll find: Reports about major features in the DTC practice of many leading jurisdictions, such as: the DTC practice of Austria, Canada, France, Germany, India, the Netherlands, Switzerland, the UK and the US Sections on divergent country practice covering their national models and networks of bilateral DTCs Thorough analysis of the OECD and UN model, as well as the implementation of these models in practice Amendments of bilateral DTCs, textual or in substance, on the basis of the 2017 Anti-BEPS Multilateral Instrument Coverage of a full range of the latest tax treaties around the world, including important treaties between OECD and BRICS countries This new Fifth Edition of Klaus Vogel on Double Taxation Conventions continues to reflect the unchallenged role of the OECD. The OECD MC, accompanied by the official Commentary, guidelines, reports and other recommendations, has sustained its position as the most important legal instrument in the area of DTCs. On occasion, the UN MC and Commentary diverge from the OECD texts. When this happens, the authors deal with the specifics of the UN MC in separate annotations and analyses, explaining and making sure you understand the differences. How this will help you: All the information you need to confidently advise on issues such as the taxation of income, taxation of capital and the elimination of double taxation Know that your advice to clients is based on the most up-to-date and respected information available, from an outstanding team of editors and authors The editors, Professors Ekkehart Reimer and Alexander Rust, have worked with the late Professor Vogel as well as an international team of top experts to completely update and enhance the content. The writing team comprises: Editors: Prof. Dr Ekkehart Reimer, Heidelberg University and Prof. Dr Alexander Rust, WU Vienna. Authors: Johannes Becker, Federal Ministry of Finance, Berlin; Alexander Blank, University of Erlangen-Nuremberg; Katharina Blank, Federal Ministry of Finance, Berlin; Michael Blank, University of Erlangen-Nuremberg, Prof. Dr Luc De Broe, Catholic University of Leuven; Laga; Prof. Dr Axel Cordewener, Catholic

University of Leuven and Flick Gocke Schaumburg ; Prof. Dr Ana Paula Dourado, University of Lisbon; Daniela Endres-Reich, University of Erlangen-Nuremberg; Prof. Dr Werner Haslehner, University of Luxembourg; Prof. Dr Roland Ismer, University of Erlangen-Nuremberg; Prof. Dr Eric C. C. M. Kemmeren , Tilburg University; Prof. Dr Georg Kofler, WU Vienna; Sophia Piotrowski, University of Erlangen-Nuremberg; Prof. Dr Ekkehart Reimer, Heidelberg University; Prof. Dr Alexander Rust, WU Vienna; Annika Streicher, WU Vienna; Prof. Dr. Matthias Valta, Duesseldorf University; Jens Wittendorff, Ernst & Young, Copenhagen and University of Aarhus; Kamilla Zembala, Heidelberg University

**Taxation of Cross-Border Dividends Paid to Individuals from an EU Perspective** Erwin Nijkeuter, 2012-08-01 This book is the first in-depth study to analyze the circumstances in which the freedom of establishment or free movement of capital may apply to the cross-border distribution of dividends. It covers both the positive integration set forth by the European Commission and the Member States and the negative integration developed by the European Court of Justice. The author discusses such elements of these integration measures as the following: economic double taxation (two different subjects pay tax on the same profit); juridical double taxation (two different states tax one and the same person for the same income); exemption, credit, and other techniques adopted by States to avoid double taxation; division of taxing rights between two States with respect to dividend income; prevention of juridical double taxation by bilateral tax conventions; Member States' mitigation of economic double taxation; double exemption as an unplanned outcome of double taxation prevention measures; and order of precedence between freedom of establishment and free movement of capital. The analysis treats relevant provisions the OECD Model Tax Convention in detail, as this model is widely used by national tax authorities in connection with international taxation of dividends. It also examines pertinent initiatives launched by the European Commission up to and including its consultation paper of January 28, 2011. In addition to its scrutiny of the disparities in cross-border dividend taxation within the European Union, this book stands out for its detailed coverage of the progress made in resolving these challenging taxation issues. It is sure to be welcomed by investors, corporate counsel, and national revenue authorities.

**The Proper Tax Base** Yariv Brauner, Martin James McMahon, 2012-03-01 Virtually all objections to taxation schemes spring from perceptions of unfairness. Is tax fairness possible? The question is certainly worth investigating in depth, and that is the purpose of this book. Today, as governments are busily making new tax rules in the wake of staggering budget deficits, is perhaps an appropriate time to pay heed to fairness so it can be incorporated as far as possible into tax reform. With twelve contributions from some of the world's most respected international tax experts—including the late Paul McDaniel, in whose honor these essays were assembled—this invaluable book focuses on tax expenditure analysis, the quest for a just income tax, and division and/or harmonization of the income tax base among jurisdictions. Among the areas of taxation ripe for reform from a fairness point of view the authors single out the following: tax expenditure budget construction; tax expenditure reporting; modern welfare economics as a driver of tax reform; grantor trust rules; the notion of “horizontal equity”; the international tax norm of “income source”; transfer pricing; and jurisdictional application of VAT. Specific ongoing reforms in the United States, Australia, and other countries—as well a detailed analysis of the EU's proposed common consolidated corporate tax base (CCCTB)—are also examined for fairness. As a timely, high-quality resource that effectively tackles an array of salient issues, this is a book that will be read and studied by tax practitioners, corporate tax experts, government tax policy makers, advisers and consultants on the reform and design of tax systems, and international organizations involved in standard setting related to tax administration, as well as academics and researchers.

**Income from International Private Employment** F. P. G. Pötgens, 2006 Considers the treatment of income from private employment under tax treaties containing provisions analogous or similar to Article 15 of the OECD model. This book offers an analysis of these provisions as well as suggestions for improvements in the application and interpretation. It approaches the analysis from the perspective of five countries.

**Ike's Mystery Man** Peter Shinkle, 2022-01-18 The Cold War, The Lavender Scare, and the Untold Story of Eisenhower's First National Security Advisor. President Eisenhower's National Security Advisor Robert Bobby Cutler -- working alongside Ike and also the Dulles brothers at the CIA and State Department -- shaped US Cold War strategy in far more consequential ways than previously understood. A lifelong Republican, Cutler also served three Democratic presidents. A charming raconteur, he was a tight-lipped loyalist who worked behind the scenes to get things done. Cutler was in love with a man half his age, naval intelligence officer and NSC staffer Skip Koons. Cutler poured his emotions into a six-volume diary and dozens of letters that have been hidden from history. Steve Benedict, who was White House security officer, Cutlers' friend and Koons' friend and former lover, preserved Cutler's papers. All three men served Eisenhower at a time when anyone suspected of sexual perversion, i.e. homosexuality, was banned from federal employment and vulnerable to security sweeps by the FBI. This gripping account reveals in fascinating detail Cutler's intimate thoughts and feelings about US efforts to confront Soviet expansion and aggression while having to contend with the reality that tens of millions of people would die in a first nuclear strike, and that a full nuclear exchange would likely lead to human extinction. And Shinkle recounts with sensitivity the daily challenges and personal dramas of a small but representative group or patriotic gay men who were forced to hide essential aspects of who they were in order to serve a president they admired and a country they loved.

**Towards a Homogeneous EC Direct Tax Law** Cécile Brokelind, 2007 Issues in 27 member states that might have an impact on their own cases. A new way of thinking is necessary in order to achieve a homogeneous application of non-harmonized community law dealing with direct taxation

*Histoire veritable des tems fabulaux ...* Pierre Gue fin du Rocher,1777

**From Marks and Spencer to X Holding** Dennis Weber,Bruno Da Silva,2011-08-03 Group taxation – special schemes according to which a group of companies meeting certain requirements may be assimilated for tax purposes to a single company – exists in several European Member States and is now under consideration in an EU proposal concerning a common consolidated corporate tax base (CCCTB). Its rationale as a potential EU tax regime has arisen from a series of high-profile ECJ cases concerning cross-border tax relief claims – decisions which have been criticized for lack of clarity and for breach of freedom of establishment (Article 49 TFEU). Group taxation has now become one of the most intensively debated issues in EU tax law. The papers collected in this timely book derive from an ACTL Seminar held at Amsterdam in April 2010. The thirteen authors are either well-known practitioners from major law firms and accounting firms, or noted European tax scholars, or both. Among the central issues covered in the book are the following: the underlying tax obstacles which exist for companies operating in more than one Member State; potential for tax avoidance; prevention of double use of losses (the ‘no possibilities’ test); disadvantages that arise as a consequence of the parallel exercise of fiscal sovereignty; the concept of ‘balanced allocation of taxing powers’; meaning of ‘final losses’; the ‘Bosal fix’; cash-flow disadvantages of having to carry losses forward; deduction of currency losses; deduction-and-recapture rules; and VAT grouping.

## De Ntfr Introduction

De Ntfr Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. De Ntfr Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. De Ntfr : This website hosts a vast collection of scientific

articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, it's a popular resource for finding various publications. Internet Archive for De Ntfr : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks De Ntfr Offers a diverse range of free eBooks across various genres. De Ntfr Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. De Ntfr Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific De Ntfr, especially related to De Ntfr, might be challenging as they're often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to De Ntfr, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some De Ntfr books or magazines might include. Look for these in online stores or libraries. Remember that while De Ntfr, sharing copyrighted material without permission is not legal. Always ensure you're either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow De Ntfr eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the De Ntfr full book, it can give you a taste of the authors' writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of De Ntfr eBooks, including some popular titles.

## FAQs About De Ntfr Books

**What is a De Ntfr PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating

system used to view or print it. **How do I create a De Ntfr PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a De Ntfr PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a De Ntfr PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobat's export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a De Ntfr PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
