Effective Car Dealer Max Zanan, 2020-07-13 This is my fourth book on the auto industry, and I have written it because this business is complicated, sophisticated, and ever-changing. Automotive retail is changing slowly, and one of the main reasons for that are the franchise laws. I want to urge you to operate as though franchise laws don't exist to protect you. Carvana is not going anywhere and neither is Amazon. At some point they will join forces. Also, OEM's such as Tesla, Rivian, and many more are going to go directly to the consumer, bypassing the dealer network altogether. At the end of the day, awesome customer service, whether in sales, service, or parts, will keep your customers coming back for more. Poor service and a cumbersome sales experience will drive them elsewhere- Carvana, CarMax, Tesla, Jiffy Lube, Firestone, Good Year, Valvoline, NAPA Parts, Pep Boys, etc. COVID-19 is already having a profound effect on consumer behavior and the way in which we buy and service cars. I predict that there will be two types of dealers after this pandemic abates- the first will change their business operations, adopting frictionless digital and showroom retail; the second will hope that things go back to normal and that nothing needs to change. Unfortunately, the second type of dealer will be out of business. It is ultimately your choice whether to accept change. Consumers will continue to purchase cars. The only question is: Will they will be buying from you?

Whether you are brand new or in the 4th generation of family ownership, you'll discover transformational information inside this book. What others are saying... Lynette and Matt of Santomena of Race City Marine: Matt's program is what I like to call a 'dealership in a box.' You open it up and there's everything you need to implement the system in an effective way. Open Melanie Clement of Lakeshore Sports: We were referred from another dealer in our 20 Group, and he told us you were going to give us some really unique strategies, which you did. But, what really helped us get such a great start was the accountability - that you had us call in every week to make sure we were actually doing it. Will Massey of Custom Marine: Being involved in Matt's program is unusual in that we are actually getting a product. We are not just getting valuable information and ideas but actual tools we can take home and start using in our dealership right away and that's very unique. Matt Sellhorst Matt Sellhorst is the founder and CEO of Boat Dealer Profits and the creator of the SPLASH System guaranteed to help select dealers sell more boats, make more money and have more fun. Matt is the sales and marketing columnist for Boating Industry Magazine, host of the Boat Dealer Profits podcast and Boat Dealer Profits TV where he shares tips, tricks and tactics to boost profitability in any dealership willing to implement the ideas. Sellhorst has also been featured in the Movers and Shakers edition of Boating Industry and has spoken multiple times at the Marine Dealer Conference and Expo, Marine Retail University, dealer and manufacturer events and other industry conferences. His journey from a 'no-boat-selling-son-of-a-gun' to a top producer at a 6 location dealership to sought after coach and consultant to dealers around the world mean all of his strategies are based on real world, nose-to-nose, toes-to-toes experience that have been proven to work in today's changing boat sales environment.

Achieving Excellence in Dealer/Distributor Performance, 2015-06-09 Achieving Excellence in Dealer/Distributor Performance offers in-depth management coaching in each of these areas -- machinery sales, rentals, service, parts and customer training and retention, and is filled with practical programs to strengthen and increase profitability, cash flow and customer retention. Improving an industrial equipment business has four requirements: 1. Measure the dealership against proper benchmark metrics. These 48 Critical Profit Variables are covered in detail in this text. 2. Determine where you stand, find the gaps in your performance, Comprehensive self-assessment tools are provided. 3. Identify best practices of high-performance dealers. Recommendations are made for each business area. 4. Energize your company into a continuous improvement program. Numerous team discussion projects are included in the text. McDonald Group Institute for Dealer Development founder and author Walter McDonald has based this text on 40 years' experience in dealer management consulting and over 2,650 dealer management workshops. In many ways, this book is a written reflection of Walt's live dealer management seminars. If you are familiar with his work, you know that he focuses on the real value generating activities of the business. He is in the trenches with the dealer managers and field sales and aftermarket reps who create real value and make it happen every hour of every day in the dealership. McDonald's dealer management guide is an absorbing refresher for informed senior executives and a highly useful handbook for those future dealer leaders and related OEM managers on the way up. This dealer guide actually contains two books, one book with benchmarks and advice on what the numbers mean and the second book on how to improve the numbers. This manuscript could have been subtitled: 'real metrics, real solutions.' The dealer/distributor can analyze its business operations through the performance yardsticks presented in this timely publication. By Nick W. McGaughey, CPA, This dealer text is very well thought out, well written, easy to read and follow. I believe it will be very beneficial to dealer principals and operating managers. By Dr. Shankar Basu, CEO Toyota-Lift of Los Angeles I particularly like the section 'How This Book Can Help' included early on in the work to help the user focus in on their primary trouble spot. I also appreciate the inclusion of the page on 'Terminology.' I think it does a good job of setting up the frame of reference for the user. By Jim Johnson Former Dealer Development Manager Navistar I think dealer principals, operations and general managers, and sales, parts, service and rentals could all use this book. I can see value in taking this as a group reading project in our dealership and having weekly discussions on certain chapters. By George M. Keen Operations Manager New Virginia Tractor I very much believe this will be a very beneficial tool to any dealership wanting to set achievement points to their success in all areas of operation. By Mike O'Donnell President & CEO Stuart Tank Sales This type of manual for a Dealer Principal is new and I think it is needed. By Bill L. Ryan President Lift One Everything in this book is on target and relevant to running a successful dealership in today's world. By John Shearer General Manager Construction and Forestry 4 Rivers Equipment This book has given me the opportunity to reflect, review and compare our current processes to the industry specific benchmarks that are discussed in the book. This effort has challenged me to go back to the basics of good business and review those (points) with others in our organization. By Stuart Thompson President Garrison Toyota Material Handling This is a new manager training tool. I think new line managers should be reading this book so they understand how a Dealer Principal thinks when he looks at his business metrics and challenges. By Joe Verzino President LifTech

Strategies, Tactics, Operations for Achieving Dealer Excellence Walter J. McDonald, 2016-11-25 Available NOW! Strategies, Tactics,

Operations for Achieving Dealer Excellence is the second volume in McDonald's Master's Program in Dealer Management. It is the companion to his highly regarded, Achieving Excellence in Dealer/Distributor Performance. Strategies, Tactics, Operations is the Comprehensive Guide to building Revenue Center management strengths. McDonald provides a roadmap to deploy highly competitive operations in New and Used Machinery Sales, Rentals Service and Parts. The Master's Program in Dealer Management Executives who utilize these texts in their business are achieving Master's Level insight into dealer management problems. Until now, there was only tribal knowledge of best ways to approach and solve dealer operations problems. At last, this tribal knowledge has been written indexed in the form of 500 documented Best Practices. THE THREE-VOLUME MASTER'S PROGRAM IN DEALER MANAGEMENT: Book One: Achieving Excellence in Dealer/Distributor Performance The first volume in the Dealer Development series, Achieving Excellence in Dealer/Distributor Performance focuses on how to optimize quantitative results . This text focuses on the 48 Critical Profit Variables or Performance Benchmark Standards for the five Dealer Revenue Centers: New and Used Machinery Sales, Rentals, Parts and Service. Book Two: Strategies, Tactics, Operations for Achieving Dealer Excellence This second volume, begins with building a Strategic Vision and provides a practical how to process for creating a winning Strategy. What assets do you use and where? Walter defines the characteristics of Operations Excellence in each revenue center. You examine 500 Best Business Practices of World-Class Dealers. Which are appropriate for you? Which must you do well to gain competitive advantage? Book Three: Dealer Problem-Solving Handbook McDonald's Dealer Problem-Solving Handbook is a comprehensive trouble-shooting tool. Sales and Operations Problems are listed by Revenue Center. Causes are discussed and possible solutions are referenced in detail by page in his two texts: Achieving Excellence in Dealer/Distributor Performance and Strategies, Tactics, Operations for Achieving Dealer Excellence. What Dealers are saying: Doug Taylor, President, Owner, Earthborne Trucks and Equipment I initially became acquainted with Walter through reading his first book, Achieving Excellence in Dealer/Distributor Performance. I read the book many times. The insight it gave me into my own dealership made me wish I had been given this book at the beginning of my career. We were able to apply many of the tools and concepts suggested by Walter in his book to our construction equipment and heavy-duty truck business. Now, after reading Walter's Strategies, Tactics, Operations for Achieving Dealer Excellence and understanding how we have applied many of these principals to building our growth and profitability plan, I am confident that my company will be positioned to grow in our market. Applying the right strategy will allow us to execute the changes we need, the first time, and within the reach of our companies resources. Dealers who utilize the Revenue Center Best Practice Audits will be able to identify strengths and weaknesses, will quickly start prioritizing the biggest opportunities for improving their dealerships. For us, a quick comparison of each manager's top 5 weaknesses started to set the framework for revenue center action plans. Dealers who Benchmark their operations against the recommended 48 Critical Profit Variables will be able to rank, by priority, which business areas offer the most incremental profit and growth. I personally encourage every equipment Dealer Principal to at least get Walter's two volume set of Dealer Development books on the principals and practices of Excellence in Dealer Management and get those books in the hands of every key person at the dealership.

Learn every single psychological ploy and manipulative scheme typical auto dealers employ to squeeze every last dime out of your pocket--all while you're being sold a car you may not even want! Discover in detail the 12 crucial dos and don'ts to car buying from a seasoned insider. This comprehensive, tell-all car buying guide holds nothing back! reviews Hanford Sentinel
Commentary: You and the Law: Shopping for a new car? Now a retired car salesman, Lopez has written Inside the Minds of Car Dealers, a book which You and the Law absolutely recommends that anyone in the market for a new car reads before stepping onto a dealer's lot. We were impressed by his honesty, desire to educate and protect the public, along with a terrific sense of humor, making this not only a practical, money-saving book, but also an entertaining read. "Just how practical is the book? Beyond interesting, will it save me money?" you might be thinking. One of his tips was responsible for a You and the Law staff member saving close to \$4,000 on a new car, while another answered the question, "Do I trade-in or sell privately?"... Commentary: You and the Law: Shopping for a new car? May 2014: Ray Lopez was recently interviewed by ABC's 20/20 -you can watch it the May 9 segment here. Congrats to Five Star Publications author Ray Lopez - who gave guidance to car shoppers on ABC World News with Diane Sawyer in the broadcast that aired on 11/16/2011. Video: Used Car Tactics: Former Salesman Speaks Out How do you get a car that's safe, yet something for a great deal? USA Today quotes Ray Lopez, Five Star Publications' author of Inside the Minds of Car Dealers as saying buyers of the priciest luxury cars want to have all that's available. But for more mainstream cars, expensive safety features are a very hard sell. Read the article & Ray's book to shop smarter for your next car. USA Today Next time I step onto a dealer's lot, I'm going armed with insider information. Inside the Minds of Car Dealers is a new book written by Ray Lopez, a former car salesman with thirty years of experience in numerous dealerships. Inside the Minds of Car Dealers is, as the title suggests, a 118-page insight into the mind of a car salesman, and contains engagingly-written explanations of what goes on behind the curtain at a car dealer, so to speak. Inside the Minds of Car Dealers offers tips on how to find a good dealer before you even leave the house, explains the head games salesmen play and how they can spot a so-called auto expert a mile away-and take him or her for even more money than they will the average consumer. Reading Inside the Minds of Car Dealers, I saw exactly what was going on when I bought my Miata...and my Saab...and my Escort. This book explained what the dealer was doing in each case-and how I was getting taken for every last cent each time! Lopez' writing style is a bit heavy-handed at times, but the information contained in this volume is vital, valuable stuff that'll make your next car buying experience a great deal less stressful. It's \$15.95 well spent. Christopher Jackson Elepent Automotive Reviews What makes someone sell you a clunker? Inside the minds of Car Dealers: How to Buy Your Next Car without Fear is a guide for readers who seek a psychological edge in dealing with the shifty con artists who go by the more politically correct title of car dealers. Written by a man who has played the devil, he offers much in the way of trying to decipher the thoughts on both sides of the deal and does well in arming his readers in how to get the best deal they can and avoid the toxic ones. Inside the Minds of Car Dealers is a must for anyone considering purchasing a new vehicle in the near future. Midwest Book Review Library Bookwatch December 2009 5 out of 5 stars A PROFESSIONAL, INFORMATIVE AND USEFUL GUIDE! In 2003, I walked into a Chevrolet showroom to purchase a new car for my daughter. As I look back now, I remember being there from opening to closing. After signing the contract and going through with the deal, I realized that I wasn't prepared, and I could have saved a lot of money. Since that sale, I've read many books and did some research on how to buy a new car, or used car, and what we should know about trading in your car. In comparison to THE CAR BUYER'S BIBLE, HOW TO BUY A CAR, and BUYING A CAR FOR DUMMIES, I found INSIDE THE MINDS OF CAR DEALERS to be the most informative guide on this subject. If you want expert advice on buying a car, then it would be logical to obtain information from someone who spent thirty years as a car salesman, who served an estimated 2,800 customers per year. Ray Lopez worked for many top-notch leading dealerships such as Chrysler, Cadillac, and Nissan. Through the experience of his thirty year career, knowledge, and expertise, the author can educate the public on how to be a wise car buyer. I highly recommend this book to anyone who is contemplating on buying a car, or trading in your used car. The author provides excellent information that is extremely helpful in purchasing a car, or trading one in. This book is easy to read and understand, many tips are provided on how to obtain the best deal, and many crucial factors are included as to what to do, and what not to do. Did you ever go to a showroom, and buy a car that you didn't want? Were you ever told by a salesman that you can afford to buy their car? Were you ever disrespected, or mistreated by a car salesman? Were you ever lured into a factory discount? Ever gone for a test drive, but told you can't drive it off the lot due to insurance

liability? Ray Lopez can answer these questions and many more, while showing you every trick of the trade that can be used against you, through manipulative schemes. The author reveals the biggest secrets in the car buying industry in this unique, professionally written, informative guide. **INSIDE THE MINDS OF CAR DEALERS** is something you may want to read again-and-again, before walking into that showroom as a potential buyer. You will indeed be prepared, and informed on how to become a composed car buyer. Ray Lopez encourages you to do research, includes resources of what to be aware of, and how to detect signs of being taken advantage of. By Geraldine Ahearn Author Geri Ahearn October 5, 2009 (Phoenix, AZ) 5.0 out of 5 stars Very Impressive Amazon Verified Purchase. I bought the book because I wanted to find out the right way to buy a car. I'm going to be ready for a new one in a few months. So I might as well start now on learning all I can about car salesmen. I can't trust them. My goal was to buy one, read it, then buy another, and so on, as long as they had high recommendations and were reasonably priced. I figured I'd spend about \$75 on 5 books. By then I could probably learn everything about how they always end up screwing you. And if it cost me \$75 but saved me \$1000 or more, it would be a worthwhile investment. I saw this book and I liked the title so I thought, why not? I'll take a chance. I'm really glad I did. Inside The Minds Of Car Dealers has everything you'll ever need to know on how to get a really good deal. There was stuff in it that I never even dreamed of that goes at the dealership. And it's not just with the salesman. It's with the sales manager, the way the showroom is laid out and even the dealership's ads for salesmen! Who would've ever thought to start researching there first? But it does make sense. This book explains why you never want to go on the lot with an attitude like you know how to deal. I just found out why my friend ended up paying more for his Focus than I did a couple years ago. We bought ours a few days apart. He told them he knew the exact price they paid for the car and he wouldn't pay anything over that. He ended up paying \$1378 more than me. And the reason is in this book. Too bad for him the book wasn't available back then. There's so much great information in it and it's so easy to read too. None of the sales lingo. Just plain English. And it uncovers even more than you'd ever expect. I'm going to read it a few more times before I get my new car. And I recommend to everyone to buy Inside The Minds Of Car Dealers. It will save you money and a lot of time. And like the title says, you can Buy Your Next Car Without Fear. By Radio Guy November 14, 2009 (Los Angeles)

And for heaven's sake, let's make it fun! Imagine for a moment how it would feel if you could sell cars just by being yourself and finding ways to serve others naturally and easily. How would your life be different if sales opportunities continuously dropped out of the sky and into your lap, with no stress or struggle? In this industry, anyone can advance as far as they want. There's no barrier to entry, and there's no glass ceiling. Your raise becomes effective when you do. Damian Boudreaux started out cleaning parts in his friend's transmission shop. From there, he tried and stumbled and tried again to sell more cars than the month before.
