Women's Experience of Modernity, 1875-1945

Leslie W. Lewis,Ann L. Ardis,2003-01-27 Analyzing such cultural practices as selling and shopping, political and social activism, urban field work and rural labor, radical discourses on feminine sexuality, and literary and artistic experimentation, this volume contributes to the rich vein of current feminist scholarship on the gender of modernism and challenges the assumption that modernism rose naturally or inevitably to the forefront of the cultural landscape at the turn of

the twentieth century..

WALNECK'S CLASSIC CYCLE TRADER, SEPTEMBER 1998
Causey Enterprises, LLC,

The Poetics of Enclosure Lesley Wheeler, 2002 The Poetics of Enclosure provocatively explores interconnections between Dickinson, Moore, H.D., Brooks, Bishop, and Dove in the dual context of their manipulations of the traditional lyric and use of shared images of enclosure ... With frequent reference to male as well as female influences and to poets marginalized by sexuality or race, Wheeler usefully refines what she argues is particular to these poets' shared lyric practices and concerns, and links those concerns to other poetic traditions. --Christianne Miller.

Gendered Modernisms Margaret Dickie, Thomas Travisano, 2016-11-11 Thirteen original essays on Gertrude Stein, H. D., Marianne Moore, Edna St. Vincent Millay, Laura (Riding) Jackson, Elizabeth Bishop, Muriel Rukeyser, and Gwendolyn Brooks demonstrate how these women expand the social, textual, and political boundaries of modernism. The collection places these poets in the context of their times, examining the conditions that helped shape their vivid and diverse poetic careers and reconsidering some of the assumptions that have led to their exclusion from the main narratives of modernist poetry. Ultimately, the aim is to enlarge the literary history of the movement—for gendered, modernism extends backward

to the first years of the century, and forward to the beginnings of postmodernism in the 1960s.

Annual Report Iowa. Dept. of Agriculture. Dairy and Food Division, 1897

Lyric Trade Julia Bloch, 2024-04-29 Sometimes the word “lyric” seems to appear everywhere: either it’s used interchangeably with the word “poetry” or it attaches to descriptions of literature, art, film, and even ordinary objects in order to capture some quality of aesthetic appeal or meaning. **Lyric Trade** is not yet another attempt to define the lyric, but instead it digs into how poems use lyric in relation to race, gender, nation, and empire. Engaging with poets such as Gwendolyn Brooks, H.D., Lorine Niedecker, Alice Notley, and Myung Mi Kim, this book asks: What does lyric mean, and why should it matter to poets and readers? **Lyric Trade** argues that lyric in the postwar long poem not only registers the ideological contradictions of modernism’s insistence on new forms, but that it also maps spaces for formal reimaginings of the subject.
