

Deep Blue Stories Of Shipwreck Sunken Treasure And Survival

Joan Druett

Deep Blue Nate Hardcastle, Clint Willis, 2001 Deep Blue is a book about things that go wrong at sea (and under the sea), and what happens when they do. It features the best writing from the literature of shipwrecks, nautical survival, and cannibalism as well as tales of submarine adventure including an excerpt from Peter Maas's The Terrible Hours. In addition to such authors as Neil Hanson and Gary Kinder, Deep Blue includes classic writers like Melville, Conrad, and Crane, perennials such as Patrick O'Brian and Gabriel Garcia Marquez, and far-flung, little-known surprises, from free divers in trouble to arctic explorers fatally marooned in the marshes of Siberia.

Ship of Gold in the Deep Blue Sea Gary Kinder, 1998 The story of the SS Central America, a steamer that went down off the Carolina coast in 1857 while returning from California with tons of gold, and the effort to salvage the wreck.

Shipwreck Dave Horner, 2021-11-01 Based on the exceptional and fascinating eyewitness account of a seventeenth-century Spanish padre, Dave Horner's Shipwreck is the absorbing and true story of two immense galleons that were lost (along with hundreds of passengers and millions of pesos in treasure) to disasters at sea. Shipwreck is an extraordinary literary adventure which interweaves accounts of the many attempts throughout the past three centuries to recover the sunken treasure, including the recent discovery and salvage of one of the galleons by Dave Horner himself. Shipwreck is an outstanding history of true adventure on the high seas, past and present, which is wonderfully enhanced for the reader with 50 photographic illustrations, six maps, four line drawings, seven appendices, as well as bibliographies of archival sources, institutions, original documents or primary works, and a general listing of

thematically appropriate titles for further suggested readings.

America's Lost Treasure Tommy Thompson, 1998 In more than 250 photographs, drawings, and illustrations, *America's Lost Treasure* chronicles the sinking and recovery of the Central America, the subject of The New York Times bestseller *Ship of Gold in the Deep Blue Sea*.

Thirty Florida Shipwrecks Kevin M. McCarthy, 1992 Sunken treasure, cannibalism, prison ships, Nazi submarines, the Bermuda triangle--all are tied into the lore of shipwrecks along Florida's coasts. There are as many shipwreck stories as there are thousands of Florida shipwrecks. This book offers thirty of the most interesting of them--from the tale of young Fontaneda, who wrecked in 1545 and was held captive by Indians for 17 years, to the story of the Coast Guard cutter Bibb, which was sunk off Key Largo in 1987 to provide an artificial reef and diving site. In between there is the Atocha, flagship of a Spanish treasure fleet, which sank in a hurricane in September 1622 and was found, along with its \$100 million worth of gold and silver, by Mel Fisher in July of 1985. Each shipwreck story has a map pinpointing its location and a full-color illustration by renowned artist William L. Trotter. There is an extensive bibliography and a foreword by Florida state underwater archaeologist Roger Smith.

Sunken Treasure Gail Gibbons, 1990-03-16 A rotting hull of a ship...lost gold...coins...gems...Sunken Treasure! Today treasure hunting is a big business. Searchers use metal detectors and sonar to locate treasure on the ocean floor. Divers use high-powered machinery to uncover objects buried in the sand and to raise them to the surface. And more than just treasures are discovered. A whole window into the past is opened up. A salvage can take months or even

years. But it's worth it!

Ship of Gold in the Deep Blue Sea Gary Kinder, 2002-02-01 In Sep. 1857, the SS Central America, a side-wheeler carrying 600 passengers returning from the California Gold Rush, foundered in a hurricane & sank. Over 400 lives & 21 tons of California gold were lost. It was the worst peacetime disaster at sea in American history. In the 1980s, a young engineer set out to do what no one had been able to do: establish a working presence on the deep-ocean floor. In Oct. 1989 he found the Central America in 8,000 feet of water, & including the recovered treasure: gold coins, bars, nuggets, & dust, plus trunks filled with clothes, newspapers, books & journals. This is the story of the search for the ship & the efforts to establish a working presence in the deep ocean.

Island of the Lost Joan Druett, 2019-08-06
"Riveting." -The New York Times Book Review
Hundreds of miles from civilization, two ships wreck on opposite ends of the same deserted island in this true story of human nature at its best—and at its worst. It is 1864, and Captain Thomas Musgrave's schooner, the Grafton, has just wrecked on Auckland Island, a forbidding piece of land 285 miles south of New Zealand. Battered by year-round freezing rain and constant winds, it is one of the most inhospitable places on earth. To be shipwrecked there means almost certain death. Incredibly, at the same time on the opposite end of the island, another ship runs aground during a storm. Separated by only twenty miles and the island's treacherous, impassable cliffs, the crews of the Grafton and the Invercauld face the same fate. And yet where the Invercauld's crew turns

inward on itself, fighting, starving, and even turning to cannibalism, Musgrave's crew bands together to build a cabin and a forge—and eventually, to find a way to escape. Using the survivors' journals and historical records, award-winning maritime historian Joan Druett brings to life this extraordinary untold story about leadership and the fine line between order and chaos.

The Publishers Weekly ,2001

Shipwrecks Fiona Macdonald, 2014-12-15 Stories of shipwrecks are intriguing, often somber, reminders of the power the sea wields. Its waters destroy even the most invincible vessels. Ships on the seafloor also preserve historic relics. Even today, people can find treasures aboard ships that sunk hundreds of years ago! This in-depth book takes readers under the surface and into the fascinating realm of shipwrecks. Through 100 facts, a variety of topics are explored, including how wrecks are found and some tales of the most famous and mysterious wrecks of all. Additional fact boxes, activities, and diagrams aid in comprehension and contribute to this absorbing subject.

Fatal Treasure Jedwin Smith, 2003-04-15 Recounts the true story of Mel Fisher and a team of divers who search for the lost treasures of the Spanish ship Atocha which sank in 1622 off the coast of Florida.

Treasures of the Deep Hugh Edwards, 2000
Treasures of the Deep is the enthralling and true story of one-time Barnardo's boy Captain Mike Hatcher and his life scouring the seven seas for sunken treasure. From humble beginnings Hatcher

has gone on to become the most celebrated ocean salvor of modern times. He has raised countless precious cargoes from such exotic locations as Indonesia and Thailand, and in many ways has lived a charmed life. But he has also witnessed first hand the tragedy of war-torn Vietnam and post-Khmer Rouge Cambodia, and has periodically incurred the wrath of south-east Asian governments, marine archaeologists and unscrupulous competitors. His story is one of guts and determination in the face of adversity, and of daring, skill and fantastic rewards. Book jacket.
