## How to Hunt Deer Like a Pro John

Phillips, 2017-10-11 How do you know if the land you hunt has a trophy deer on it? Wildlife manager Bob Zaiglin, of Uvalde, Texas and Jim Crumley, the father of modern-day hunting camouflage, tell you how to find out. GPS can make finding and taking that trophy buck easier. This hunting guide will teach you how to hunt big bucks where no one else can find them, how to call deer, and how to become versatile as a deer hunter, so that if one deer tactic doesn't work, another one will. Dr. Keith Causey, retired professor of Wildlife Science at Auburn University, says, Deer of both sexes and all ages leave a wide variety and a large amount of information for other deer in their geological locations at scrapes. Although most people believe that dominant bucks in an area utilize these signposting regions, other deer use these signposts too for information. In the chapter, How to find Bucks at Scrape, Causey describes the best way to hunt a scrape. Brad Harrison of Neosho, Missouri, is a nationally-known videographer, professional deer hunter and master at calling deer. Another master is Will Primos of Primos Game Calls. These two experts will tell the best deer calls and when to use them in this book. One question that's mystified deer hunters for many years, is how to know when bucks move. And for over 20 years, Bo Pitman, lodge manager of White Oak Plantation, has been studying deer movement patterns. He explains what types of conditions are best for predicting deer movement. How do you hunt deer in the snow? Norm LeBrun, of Quebec, Canada,

a guide at Anticosti Island, hunts deer in the snow almost all year long and provides timely insights on how and where to take big bucks under these conditions. Eddie Salter lives in Alabama and Mark Drury in Missouri, and these two master deer hunters give you hunting tips for when the weather is hot and for hunting in swamps. Dr. Robert Sheppard tells you about some tricks that bucks play on whitetail deer hunters. There are also two chapters on how to hunt bucks at the end of deer season and a chapter on how to train bucks to come to you, so you don't have to go find them. For 50 years, I've been studying and hunting with some of the best whitetail hunters from around the country and in Canada, and this book is the combined knowledge of these time-tested, deer-hunting professionals. If you want to learn how to be a hunter, you need to have this book.

### **The Old Pro Turkey Hunter Gene**

Nunnery, 2018-10-15 During his life, Gene Nunnery was recognized as a master turkey hunter and an artisan who crafted unique, almost irresistible turkey calls. In *The Old Pro Turkey Hunter*, the vaunted sportsman shares over fifty years of personal experience in Mississippi and surrounding states, along with the decades-old wisdom of the huntsmen who taught him. Throughout the book, his stories make clear that turkey hunting is more than just killing the bird--it is about matching wits with a wild and savvy adversary. As Nunnery explains, To me that's what it's all about: finding a wise old gobbler who will test your skill as a turkey hunter. Through his stories, Nunnery reveals that the true reward for

successful turkey hunting lies in winning the contest, not necessarily exterminating the foe. Real sportsmen know that every now and then the turkey should and will elude the hunter. As Nunnery looks back on his extensive career, he analyzes vast differences in practice, old and new. The shift, he decides, came during his last twenty years on the hunt, and that difference has only increased in the decades since this book was originally published. Michael O. Giles, Bass Pro staff team member, master turkey hunter, and award-winning outdoors writer and author of *Passion of the Wild*, writes a new foreword that brings the practice of turkey hunting into the present day. Filled with a tested mixture of common sense and specific examples of how master turkey hunters honor their harvest and heritage, *The Old Pro Turkey Hunter* is the perfect companion for the novice or the adept.

*Deer Talk* Don Laubach, 2001-04-01 A Main Selection of the Outdoor Life Book Club. Readers learn everything about this remarkable calling system.

*That Wild Country* Mark Kenyon, 2019 From prominent outdoorsman and nature writer Mark Kenyon comes an engrossing reflection on the past and future battles over our most revered landscapes--America's public lands. Every American is a public-land owner, inheritor to the largest public-land trust in the world. These vast expanses provide a home to wildlife populations, a vital source of clean air and water, and a haven for recreation. Since its inception, however, America's public land system has been embroiled in

controversy--caught in the push and pull between the desire to develop the valuable resources the land holds or conserve them. Alarmed by rising tensions over the use of these lands, hunter, angler, and outdoor enthusiast Mark Kenyon set out to explore the spaces involved in this heated debate, and learn firsthand how they came to be and what their future might hold. Part travelogue and part historical examination, *That Wild Country* invites readers on an intimate tour of the wondrous wild and public places that are a uniquely profound and endangered part of the American landscape.

*Illumination in the Flatwoods* Joe Hutto, 2018-08  
An unforgettable story about the fascinating behavior of the most elusive of wild game birds. When Joe Hutto began his experiment in imprinting two dozen wild turkey--in the tradition of the great animal behaviorist, Konrad Lorenz--he had no idea that it would change his life. Told with skill and humor, and vibrating with the natural wonders of the Florida flatwoods, *Illumination in the Flatwoods* will amaze and enrich all who share this season with the wild turkey.

*Hunting Big Woods Bucks* Hal Blood, 2003-10  
If learning how to read deer sign more effectively, understanding the nuances of following a big-buck track, or honing your stalking and general deer-hunting skills are important to you, then this book will become a treasured reference in your deer-hunting library.

*Put On Your Owl Eyes* Devin Franklin, 2019-05-14  
Children will see the natural world around them with brand new eyes, as they learn to follow its

signs, hear its language, and understand its secrets. With this unique and compelling book written by expert environmental educator Devin Franklin, kids ages 8 to 13 will build their own relationship with nature through finding a “Sit Spot” – an outdoor space in the backyard, in a field or in the woods, in a vacant lot or a city park – where they can stop, observe, and become familiar with the flora and fauna that live there. From the Six Arts of Tracking (Who, What, Where, When, Why, and How) and making a habitat map to walking in smooth silence like a fox and learning the basics of bird language, 15 exploration exercises lead young readers on a fascinating journey of discovery as they watch, listen, map, interpret, and write about the sounds, sights, scents, and patterns they encounter. With journaling prompts, map-making activities, and observational tracking pages throughout, Put on Your Owl Eyes is an interactive and thought-provoking guidebook.

Whitetail Strategies Peter Fiduccia, 1995-06  
Presents a guide to successful deer hunting, providing expert tips for tracking, reading deer body language, rattling, deer calling, and more.

The Art of Whitetail Deception Kathy Etling, 2002  
This is a comprehensive book on rattling, calling and decoying whitetail deer.

**Monster Whitetail Buck Magnet** Gregory Skufca, 2018-03

*Advanced Deer Hunting* Joseph Miller, 2019-10-01  
One of the most complete deer hunting books ever written, “Advanced Deer Hunting ©” is an easy to read book for experienced hunters who want to

improve their hunting skills and success. As one experienced whitetail deer hunter said, "It is more than just a book; it is a user's guide to bag that trophy buck". "Advanced Deer Hunting ©" covers preparing for hunting season, Bow Season, and Gun Season. Visit us at <http://thebasicsofdeerhunting.com/>

**Shooter's Bible Guide to Deer Hunting** Peter J. Fiduccia, 2019-05-21 A Deer Authority's Best Tips from Decades in the Field As a seasoned hunter, host of a hunting television show, and acclaimed author and editor, Peter J. Fiduccia has amassed prodigious experience in pursuit of the whitetail. Now, he shares his tips, tactics, and techniques with readers, touching on every topic related to hunting whitetail deer. Some of his tips include: Core Areas: key strategies to take a buck in his core area Deer Calls: surefire advice to guarantee a buck will respond to grunt calls Using Scents: a radical scent tactic reveals how to attract bucks during the rut Shot Placement: how to regularly make dead-on one-shot kills Wounded Deer: methods that will drastically improve your tracking skills Scrape Hunting: fail-proof strategies to flush out a mature buck Weather: up your buck hunting success using barometric pressure and weather fronts Terrain: how to identify the places mature bucks regularly travel Fiduccia covers these and many more subjects in *Shooter's Bible Guide to Deer Hunting*. Hunters will find many ways to hone their skills and bag more deer with this handy guide.

*Real World Whitetail Behavior* Jim Roy, 2003-03-03 Taking the controversial approach that deer

hunting has become more of a social event than an affirmation of the more basic human need to subsist in the wild, Jim Roy proposes a simple, common sense method of stalking the whitetail that he calls survival hunting. Some of the mysteries and myths concerning the whitetail can best be unraveled by observing the natural movements of the herd-not the more unnatural movements caused by pressure from humans or dogs. Roy breaks the deer herd down into its natural family groups, such as parental does with fawns, lone bucks, and single does of various ages, tracking their movements to and from their bedding areas based on such natural influences as wind direction and angle of sunlight. Based on over twenty years of observation at the Smithsonian Institute's Environmental Research Center on Chesapeake Bay, this revised edition of a classic will be welcomed by hunters and wildlife watchers alike.

**The Pennsylvania Sportsman ,2000**

**Deer Hunting with Jesus** Joe Bageant,2008-06-24  
Years before Hillbilly Elegy and White Trash, a raucous, truth-telling look at the white working poor -- and why they have learned to hate liberalism. What it adds up to, he asserts, is an unacknowledged class war. By turns tender, incendiary, and seriously funny, this book is a call to arms for fellow progressives with little real understanding of the great beery, NASCAR-loving, church-going, gun-owning America that has never set foot in a Starbucks. Deer Hunting with Jesus is Joe Bageant's report on what he learned when he moved back to his hometown of Winchester, Virginia. Like countless American small towns, it

is fast becoming the bedrock of a permanent underclass. Two in five of the people in his old neighborhood do not have high school diplomas or health care. Alcohol, overeating, and Jesus are the preferred avenues of escape. He writes of: • His childhood friends who work at factory jobs that are constantly on the verge of being outsourced • The mortgage and credit card rackets that saddle the working poor with debt • The ubiquitous gun culture—and why the left doesn't get it • Scots Irish culture and how it played out in the young life of Lynddie England

Master Deer Calling Claude J. Plourde, Linda Moreau, 1987

**Calling Whitetails** Dragan Vujic, 2008-01-16  
Calling is the art of deception. One creates a false, but convincing, illusion. There are many methods of calling. This is old knowledge that is currently being rediscovered by modern science. Whitetails rely on three primary sensory systems for survival-auditory, visual and olfactory. Therefore, they can be tricked on any of these levels. The main objective of any form of calling is to manipulate a deer to approach within comfortable shooting distance. This book offers techniques and tactics for luring in whitetails. It illustrates how to fool all three senses of the whitetail.

Turning Custom Duck and Game Calls Ed Glenn, Greg Keats, 2005 Expert tips and techniques on creating handsome duck calls from 10 of the nation's top call makers and step-by-steps for making a duck call.

**Trophy Whitetails** Creative Publishing

International, 1999 Within the page of TROPHY WHITETAILS, experts like Charles Alsheimer, Michael Pearce, Gary Clancy and Michael Hanback share their strategies for pursuing the elusive trophy whitetail. You'll also walk along with Jack O'Connor, Charles Elliott, Jim Zumbo and other Outdoor Life legends as they relive special moments spent chasing trophy bucks.

**PhD Whitetails** John Phillips, 2017-12-21 To become a PhD Whitetail, a whitetail deer has to have gone to school on hunters. He knows when to move, where to move, and how to move to avoid detection. Most deer hunters rely on luck to occasionally have the opportunity to see a PhD buck. But the professional hunters in this book have spent their lifetimes finding these bucks-with-doctorates and putting themselves in position to take these monster bucks using hunting strategies that few of us employ. Let's face it, getting-up before daylight, taking a shower and washing yourself with Scent-A-Way hair and body soap, washing your clothes every night with Scent-A-Way detergent, putting those clothes in a scent-free bag and not putting on your Scent-a-way Tech 4 base layer, as well as your other hunting clothes, until you get to your hunting site, is a major hassle. Using deer lures, cover scents and deer calls requires more time than most hunters want to spend. Carrying a decoy to the stand and properly positioning it to be most effective is another hassle. However, because the men in this book perform these rituals every day, they consistently take the PhD bucks about which most of us only dream. The men who have learned their

lesson from the PhD deer are videographers, producers, TV hosts and/or professional hunters. They have earned their PhDs in taking trophy deer from the unique animals they hunt. This book contains over 120 photos of these men and the PhD bucks they've taken. PhD Whitetails is the combination of all these men's hunting tips that will help you earn the same degree they have in deer hunting, and learn how to hunt the same bucks they do.
