C.V. Conner

HUNT 'EM UP! C.V. Conner, 2017-11-16 What we're trying to do with this book is help the hunter to have another option, that option is to call in someone nearby with a trained blood tracking dog, YOU. These dogs can find deer that human hunters might walk right by. They are able to scent trail deer, even when there is no blood at all to follow. A trained tracking dog can lead its handler to a deer even several days after it was shot. And that is what this book is all about, getting you started on training a dog that can cut your deer tracking time in half and increase your recovery rate by 80 or 90 percent. Basically, training almost any dog to blood trail is simple. It's so simple in fact that I can sum it up in just a few paragraphs. You don't have to own a hound to train your own tracking dog. Any breed with the nose to follow a trail can be trained. I have seen everything from labs to Jack Russell terriers to dachshunds trained to trail deer. I personally have a black lab named "Tilly", and a heeler/shepherd mix named "Diamond Cut". In short, you would start out your training by making a game of it. You could use a strip of bacon or a piece of calf liver tied to a string as your first scent marker. To make sure the dog is following the calf liver or bacon scent and not yours tie the string to the end of a long pole to drag it well away from your own scent trail. As your dog become more adept at following the trail, you should start to make it more difficult by hopping the calf liver or bacon strip along the ground and lifting it for several feet between touches. Getting your dog fully trained to blood trail takes a lot of time and patience. But knowing how to get the dog motivated to track and stay with the right line from the beginning really pays off when working with hunters to recover their harvest. The best teacher is time spent with the dog and a lot of it! Time spent in the field tracking through the season and training the rest of the year. This is what it takes to form a bond. And that bond is strengthen and reinforced in life's journey with your blood trail dog! If I gave you no more

information than what's above you would have enough to get your dog started with blood trailing. But in reality, there is a lot more to be learned about tracking with a dog. So let's get started now to build a complete training course for your new blood trailing student.

The Still-hunter Theodore Strong Van Dyke, 1882

All-American Deer Hunter's Guide Jim Zumbo, Robert Elman, 1984

Whitetail Nation Pete Bodo, 2010-11-15 A dedicated deer hunter “writes with humor and insight” about his adventures—and misadventures—in the wild (Orlando Sentinel). Every autumn, millions of men and women across the country don their camo, stock up on doe urine, and undertake a quintessential American tradition—deer hunting. The pinnacle of a hunter’s quest is killing a buck

with antlers that “score” highly enough to qualify for the Boone and Crockett record book. But in all his seasons on the trail, Pete Bodo, an avid outdoorsman and student of the hunt, had never reached that milestone. Sadly, he had to admit it: He was a nimrod. *Whitetail Nation* is the uproarious story of the season Pete Bodo set out to kill the big buck. From the rolling hills of upstate New York to the vast and unforgiving land of the Big Sky to the Texas ranches that feature high fences, deer feeders, and money-back guarantees, Bodo traverses deep into the heart of a lively, growing subculture that draws powerfully on durable American values: the love of the frontier, the importance of self-reliance, the camaraderie of men in adventure, the quest for sustained youth, and yes, the capitalist’s right to amass every high tech hunting gadget this industry’s exploding commerce has to offer. Gradually, Bodo closes in on his target—that elusive monster buck—and with each day spent perched in a deer stand or crawling stealthily in high grass (praying the rattlesnakes are gone), or shivering through the night in a drafty cabin (flannel, polar fleece, and whiskey be damned), readers are treated to an unforgettable tour through a landscape that ranges from the exalted to the absurd. Along the way Bodo deftly captures the spirit and passion of this rich American pursuit, tracing its history back to the days of Lewis and Clark and examining that age old question: “Why do men hunt?”

Hunting the Edges Richard Yatzeck, 1999 *Hunting the Edges* offers both fine and funny examples of the classic hunting story, and something more: an acknowledgment of that edge between the cycles of modern life and the age-old seasonal call of the hunt. Dick Yatzeck's tales of hunting and fishing through his youth and adulthood will resonate with many readers who also leave behind a job and house in town for boots and camouflage and the wild cries of geese.

Deer Hunters' Almanac 2004 Joe Shead, Ryan Gilligan, 2003-08 The hunting season brings with it an air of anticipation; hunters have dreams of bagging trophy white-tailed deer on opening day.
