That Wild Country Mark Kenyon, 2019 From prominent outdoorsman and nature writer Mark Kenyon comes an engrossing reflection on the past and future battles over our most revered landscapes--America's public lands. Every American is a public-land owner, inheritor to the largest public-land trust in the world. These vast expanses provide a home to wildlife populations, a vital source of clean air and water, and a haven for recreation. Since its inception, however, America's public land system has been embroiled in controversy--caught in the push and pull between the desire to develop the valuable resources the land holds or conserve them. Alarmed by rising tensions over the use of these lands, hunter, angler, and outdoor enthusiast Mark Kenyon set out to explore the spaces involved in this heated debate, and learn firsthand

how they came to be and what their future might hold. Part travelogue and part historical examination, *That Wild Country* invites readers on an intimate tour of the wondrous wild and public places that are a uniquely profound and endangered part of the American landscape.

How to Hunt Deer Like a Pro John Phillips, 2017-10-11 How do you know if the land you hunt has a trophy deer on it? Wildlife manager Bob Zaiglin, of Uvalde, Texas and Jim Crumley, the father of modern-day hunting camouflage, tell you how to find out. GPS can make finding and taking that trophy buck easier. This hunting guide will teach you how to hunt big bucks where no one else can find them, how to call deer, and how to become versatile as a deer hunter, so that if one deer tactic doesn't work, another one will. Dr. Keith Causey, retired professor of Wildlife Science at Auburn University, says, Deer of both sexes and all ages leave a wide variety and a large amount of information for other deer in their geological locations at scrapes. Although most people believe that dominant bucks in an area utilize these signposting regions, other deer use these signposts too for information. In the chapter, How to find Bucks at Scrape, Causey describes the best way to hunt a scrape. Brad Harrison of Neosho, Missouri, is a nationally-known videographer, professional deer hunter and master at calling deer. Another master is Will Primos of Primos Game Calls. These two experts will tell the best deer calls and when to use them in this book. One question that's mystified deer hunters for many years, is how to know when bucks move. And for over 20 years, Bo Pitman, lodge manager of White Oak Plantation, has been studying deer movement patterns. He explains what types of conditions are best for predicting deer movement. How do you hunt deer in the snow? Norm LeBrun, of Quebec, Canada, a guide at Anticosti Island, hunts deer in the snow almost all year

long and provides timely insights on how and where to take big bucks under these conditions. Eddie Salter lives in Alabama and Mark Drury in Missouri, and these two master deer hunters give you hunting tips for when the weather is hot and for hunting in swamps. Dr. Robert Sheppard tells you about some tricks that bucks play on whitetail deer hunters. There are also two chapters on how to hunt bucks at the end of deer season and a chapter on how to train bucks to come to you, so you don't have to go find them. For 50 years, I've been studying and hunting with some of the best whitetail hunters from around the country and in Canada, and this book is the combined knowledge of these time-tested, deer-hunting professionals. If you want to learn how to be a hunter, you need to have this book.

Trophy Blacktails Scott Haugen, 2011-09

Deer Hunting with Jesus Joe Bageant, 2008-06-24 Years before Hillbilly Elegy and White Trash, a raucous, truth-telling look at the white working poor -- and why they have learned to hate liberalism. What it adds up to, he asserts, is an unacknowledged class war. By turns tender, incendiary, and seriously funny, this book is a call to arms for fellow progressives with little real understanding of the great beery, NASCAR-loving, church-going, gun-owning America that has never set foot in a Starbucks. *Deer Hunting with Jesus* is Joe Bageant's report on what he learned when he moved back to his hometown of Winchester, Virginia. Like countless American small towns, it is fast becoming the bedrock of a permanent underclass. Two in five of the people in his old neighborhood do not have high school diplomas or health care. Alcohol, overeating, and Jesus are the preferred avenues of escape. He writes of: • His childhood friends who work at factory jobs that are constantly on the verge of being outsourced • The mortgage and

credit card rackets that saddle the working poor with debt • The ubiquitous gun culture—and why the left doesn't get it • Scots Irish culture and how it played out in the young life of Lynddie England

Real World Whitetail Behavior Jim Roy, 2003-03-03 Taking the controversial approach that deer

hunting has become more of a social event than an affirmation of the more basic human need to subsist in the wild, Jim Roy proposes a simple, common sense method of stalking the whitetail that he calls survival hunting. Some of the mysteries and myths concerning the whitetail can best be unraveled by observing the natural movements of the herd-not the more unnatural movements caused by pressure from humans or dogs. Roy breaks the deer herd down into its natural family groups, such as parental does with fawns, lone bucks, and single does of various ages, tracking their movements to and from their bedding areas based on such natural influences as wind direction and angle of sunlight. Based on over twenty years of observation at the Smithsonian Institute's Environmental Research Center on Chesapeake Bay, this revised edition of a classic will be welcomed by hunters and wildlife watchers alike.
