Life Is Nothing But Time (English) Dr. Sahadeva

Das,2018-01-01 Time is the stuff life is made of. Time equals life, and wasting your time is wasting your life. if you spend one hour on someone or something, you are giving away a piece of your life to that someone or something. Therefore you have to be careful to whom or where you away your life. if you are careful with time, time slips away like sand in your fist. Letting time slip away is letting life slip away. Like time and tide, life too waits for none. Life is Precious, therefore time is precious.

Trail of Immortality Gabriel Ezutah, 2010-11 Follow a young man on a personal spiritual journey. Gabriel Ezutah meets Chiva, a modern spiritual traveler, as a young boy. Ezutah's life changing experience is beautifully rendered in his personal account of what he has learned from his spiritual traveler and master. Ezutah's fascinating account details what he calls his soul's existence from the mineral state, upwards to the plant, insect, bird, animal, and finally, to human being. He experienced several reincarnations -- a lost love in India, a child bride in the Middle East, a Native American youth, an African warrior during the days of slavery -- and other countless incarnations on earth, all leading to the day of spiritual liberation. Step into a world that may be quite different from your own and experience an uplifting and enlightening story of how one man, through 20 plus years of religious study, lives his life and perceives the world around him. Ezutah's story is one of love, hope, and faith, and invites the reader to experience the realities of the heavenly worlds and shine light into the dark corners of your heart. Gabriel Ezutah grew up in Nigeria and credits his father for having the greatest influence on his profession as a writer. Mr. Ezutah is currently writing his second book and has published an anthology of poetry, *Pebbles of Sound*. He lives in Ireland. Tell Me Who You Are Winona Guo, Priya Vulchi, 2021-02-02 An eye-opening exploration of race in America In this deeply inspiring book, Winona Guo and Priya Vulchi recount their experiences talking to people from all walks of life about race and

identity on a cross-country tour of America. Spurred by the realization that they had nearly completed high school without hearing any substantive discussion about racism in school, the two young women deferred college admission for a year to collect first-person accounts of how racism plays out in this country every day--and often in unexpected ways. In *Tell Me Who You Are*, Guo and Vulchi reveal the lines that separate us based on race or other perceived differences and how telling our stories--and listening deeply to the stories of others--are the first and most crucial steps we can take towards negating racial inequity in our culture. Featuring interviews with over 150 Americans accompanied by their photographs, this intimate toolkit also offers a deep examination of the seeds of racism and strategies for effecting change. This groundbreaking book will inspire readers to join Guo and Vulchi in imagining an America in which we can fully understand and appreciate who we are.

Strapped Al-Saadiq Banks, 2009-03-01 Amber Jones A.K.A Lil Bit was born with the odds totally against her. "A Hard Knock Life" is the best way to describe her childhood years. The verbal, physical and sexual abuse that she endured as a child built a cold brick wall around her tender heart. The death of her mother at an early age leaves her with no guidance in life and she's forced to navigate through the best way that she knows how. Her life brightens up in her teen-age years when she meets her Prince Charming, Maurice, who steps in and relieves her of all of her misery. Maurice is a cold-hearted Kingpin and leader of the drug organization known in the streets of Newark as The Federation. A strong and powerful leader he is. She learns a great deal from him. He teaches her the code of the streets, the meaning of loyalty, honor, morals and principles. Most importantly he teaches her the true meaning of love. His jealous and controlling demeanor has always been an issue but she somehow managed to live with it because of her love for him. Loving him, as easy as it may be, it's not at her best interest to do so due to the fact that

he's a married man. For years she's played number two to his wife but as the years creep by she descends further and further down the list of his multiple women. Finally just as she's becoming tired of being just another one of his prizes a man that she feels truly loves her enters her life. She's stuck at the crossroads not knowing whether to continue her and Maurice's complicated love affair or to cut off their intimate ties and only retain their business affairs. The only problem with that is as much as Maurice has emphasized never mixing business with pleasure when it comes to her he has a problem practicing what he preaches. What's a girl to do? She finds herself trapped in between unconditional love and the love of money. To make a decision in the name of love could not only affect her luxurious lifestyle, it could also jeopardize her life and the life of her true love.

Don't Get it Twisted Eric Pete, 2005 Best friends Isrie Walker and Deja Douglas find new love with very different men--Isrie with the businessman whose car she accidentally hits, and Deja, a talented photographer, with a gorgeous male model--but even if their love lives go awry, they still have each other. Original.

Office Hours Katrina Jackson, 2020-04-30 What's life like on the tenure track? For Assistant Professor of Sociology, Dr. Deja Evans, it sucks. Hard. Every day. Between the class prep, the meetings, grading student work, trying to find time to complete her own research and the meetings, she didn't have a life, she had a digital calendar that decided whether she got to wallow in her feelings at 3pm or 7pm, on Thursday or maybe Sunday. And the worst meeting of them all was the two-and-a-half-hour, once a month Faculty Senate, which was drier than her dating life, duller than her skin in winter and far longer than her attention span. The only thing that made those never-ending Faculty Senate meetings bearable was watching Dr. Alejandro Mendoza, Associate Professor of History, breathe. For years, Deja had harbored a kind of secret crush on the sexiest man on campus

never thinking that he would ever feel the same, until one unexpected day, they have a steamy after hours encounter in her office and suddenly her life seems much more exciting. That lasts about half a minute. Over the course of a hectic academic year, Deja tries to survive her classes, help her students, prepare herself for her third-year review, and most important of all, she has to learn how to get out of her own way and just let Alejandro love her.

In Pursuit of Principle and Profit Alan Reder, 1994 Throughout the world, progressive business owners and executives are making a commitment to running their companies in more socially responsible ways. Combining stockholders' interests with broader social concerns and personal dedication to ethical practices, these pioneers are transforming the corporation from strictly a money-making venture that does well to a corporate citizen that also does good. *In Pursuit of Principle and Profit* is a highly accessible and comprehensive guide to this new trend. Full of anecdotes and analysis by business leaders who subscribe to this farsighted vision, it shows how companies that wish to equip themselves for long-term success must consider both the human and environmental consequences of every business decision. Focusing on the pragmatic advantages of socially responsible practices, Alan Reder covers various corporate policies concerning, among others: preparing companies for sustainability; hiring and promoting a diverse work force; handling sexual harassment and other worksite issues; developing ecologically sound practices and product design; helping employees care for their families and find deep personal fulfillment at work; providing safe, non-toxic environments; purchasing in a socially conscious manner; offering community leadership; operating in underdeveloped countries; and auditing

ethical and green performance. Looking to the future, Reder explores the growing impact on business of socially conscious investors and consumers, and concludes that companies, in order to thrive, will have to be socially committed from the boardroom to the loading dock.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
