Vacation Decision Making Alain Decrop,2006-01-01 The focus of this book is on holiday planning and decision making, which is the cornerstone of tourist behaviour and tourism marketing. The first three chapters deal with the basics, including an overview of decision-making paradigms and variables (chapter 1), a critical review of existing tourist behaviour models (chapter 2) and a description of the methods that may be used for studying holiday decision making (chapter 3). The chapters that follow relate the findings of an in-depth qualitative and interpretative study that followed the decision making process of 25 Belgian households during a whole year. Chapter 4 discusses the context in which holiday decisions are made. In the next two chapters, the focus is on the decision-making process in itself both at the generic and holiday levels (chapter 5) and at the destination level (chapter 6). Post-experience processes are investigated in chapter 7, whereas group processes are the particular focus of chapter 8. Chapter 9 presents the integrative and conclusive part of the book where a new typology of holidaymakers is proposed. The book has a subject index.

Destination Recommendation Systems Daniel R. Fesenmaier,Karl W. Wöber,H. Werthner,2006-01-01 Bringing together the work of leading researchers, this book provides a clear and accessible overview of current research on destination recommendation systems. These systems guide consumer behaviour by enabling Internet users to quickly and effectively find relevant information about travel destinations, attractions, accommodation and transportation. The chapters in this book cover consumer behaviour, perceptual factors influencing consumer choice, and the design of destination recommendation systems. The book examines four different types of destination marketing system and concludes by analysing the future of recommendation systems for travellers.

Magtymguly Magtymguly,2014 Magtymguly, the great poet and thinker of the Turkmen people, has brought glory to the Turkmen people for almost three hundred years due to his name and unmatched literary heritage. Our high respect for him as a poet, and for his role in the history of the Turkmen people and its socio-political, cultural and literary life, is everlasting. -- Introduction.

Structural Fire Engineering Venkatesh Kodur,Mohannad Naser,2020-02-28 Actionable strategies for the design and construction of fire-resistant structures This hands-on guide clearly explains the complex building codes and standards that relate to fire design and presents hands-on techniques engineers can apply to prevent or mitigate the effects of fire in structures. Dedicated chapters discuss specific procedures for steel, concrete, and timber buildings. You will get step-by-step guidance on how to evaluate fire resistance using both testing and calculation methods. Structural Fire Engineering begins with an introduction to the behavioral aspects of fire and explains how structural materials react when exposed to elevated temperatures. From there, the book discusses the fire design aspects of key codes and standards, such as the International Building Code, the International Fire Code, and the NFPA Fire Code. Advanced topics are covered in complete detail, including residual capacity evaluation of fire damaged structures and fire design for bridges and tunnels. Explains the fire design requirements of the IBC, IFC, the NFPA Fire Code, and National Building Code of Canada Presents design strategies for steel, concrete, and timber structures as well as for bridges and tunnels Contains downloadable spreadsheets and problems along with solutions for instructors

Deadline in Athens Petros Markaris,2007-12-01 The first Inspector Costas Haritos Mystery from the acclaimed Greek thriller writer. "A tale well told, set in a novel and engaging locale" (Los Angeles Times). When an Albanian husband and wife are found dead in their home, Inspector Costas Haritos, a veteran junta-trained homicide detective on the Athens police force, is called to what seems at first to be an open-and-shut case. But when Albania's celebrity television news reporter Yanna Karayoryi insists that the case was closed too early, Haritos becomes unnerved. Moments before she is to go on the air with a startling newsbreak, Yanna is suddenly murdered. Caught between a bumbling junior officer and higher-ups all too easily influenced by news executives determined to protect their own, Costas Haritos sets out to get to the bottom of the matter--and ends up neck deep in a dark form of smuggling that has emerged in Albania after the dictatorship. "The material is rich, the characters are drawn with depth, and Haritos himself is an intriguing find." --Paul Skenazy, The Washington Post

Entrepreneurship, Growth and Economic Development Mario Raposo,D. Smallbone,K. Balaton,L. Hortoványi,2011-01-01 This timely book presents contemporary research on the key role of entrepreneurship in firm growth and development strategies. The contributors reveal that a high level of entrepreneurial activity contributes to economic growth, innovative activities, competition, job creation and local development. The contents of the book, although varied

in terms of the topics covered and research methods used, demonstrate the role of entrepreneurship in relation to growth and economic development in a variety of different contexts. Drawing together leading-edge European research, the expert contributors analyse a number of different issues, such as whether firm growth and performance are different concepts in entrepreneurship studies, growth strategies of IT firms, the start-up funding process, cross-border co-operation between enterprises and SME competitiveness. Entrepreneurship, Growth and Economic Development will appeal to researchers and students of entrepreneurship and small business. Policy-makers will also find this book a source of inspiration.

Warhol-isms Andy Warhol,2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying–“In the future, everyone will be world-famous for 15 minutes.” Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well.I went to [a psychiatrist] once, and he never called me back.They always say that time changes things, but you actually have to change them yourself.I’ve never met a person I couldn’t call a beauty.New things are always better than old things.I’m still a commercial artist. I was always a commercial artist.
