**Games as Transformative Experiences for Critical Thinking, Cultural Awareness, and Deep Learning** David Seelow,2022-12-21 All games are potentially transformative experiences because they engage the player in dynamic action. When repurposed in an educational context, even highly popular casual games played online to pass the time can engage players in a way that deepens learning. Games as Transformative Experiences for Critical Thinking, Cultural Awareness, and Deep Learning: Strategies & Resources examines the learning value of a wide variety of games across multiple disciplines. Organized just like a well-made game, the book is divided into four parts highlighting classroom experiences, community and culture, virtual learning, and interdisciplinary instruction. The author crosses between the high school and college classroom and addresses a range of disciplines, both online and classroom practice, the design of curriculum, and the transformation of assessment practices. In addition to a wealth of practical exercises, resources, and lesson ideas, the book explains how to use a wide and diverse range of games from casual to massively multiplayer online games for self-improvement as well as classroom situations.

**Little, Crazy Children** James Renner,2023-06-27 A new true-crime book from the acclaimed author of TRUE CRIME ADDICT and creator/host of the podcasts True Crime This Week and The Philosophy of Crime! James Renner explores the unsolved murder of 16-year-old Lisa Pruett in the real-life town of the bestselling novel Little Fires Everywhere in a painstakingly researched account of

a senseless and heartbreaking tragedy and the people who were pulled into its aftermath. In September of 1990, in the Cleveland suburb of Shaker Heights, sixteen-year-old Lisa Pruett, a poetry lover and member of a church youth group, was on her way to a midnight tryst with her boyfriend, when she was viciously stabbed to death only thirty feet from the boy's home. The murder cast a palpable gloom over the upscale community and sparked accusations, theories, and rumors among Lisa's friends and peers. Together they wove a damning narrative that circled back to a likely suspect: "weird" high school outcast Kevin Young. Without a shred of evidence the teen was arrested, charged, and tried for the crime. His eventual acquittal didn't squelch the anger and outrage among those who believed that Kevin got away with murder. With a fresh perspective and painstaking research culled from police files, court records, transcripts, uncollected evidence, and new interviews, James Renner reconstructs the events leading up to and following that heartbreaking night. What emerges is a portrait of a community seething with dark undercurrents—its single-minded authorities, protective status-conscious parents, and the deeply peer-pressured teens within Lisa's circle. Who had the capacity for such unchecked violence? What monsters still lurk in the dark? After more than thirty years, questions like these continue to fester among the community of Shaker Heights, Ohio, still deeply scarred by wounds that remain hidden, unspoken, and unhealed.

*Bitter Harvest* John Hayman, 2017-02-01 *Bitter Harvest* traces the development of Richmond Flowers, a colorful politician who began his career as a segregationist but who, as attorney general of Alabama, fought bitterly against Governor George Wallace in trying to support the Constitution. In the process, he sacrificed his political career. Flowers was elected attorney general in 1962. A likable story-teller who had served in the state senate, Flowers came into office promising like his fellow politicians to send the Yankees a message. He did not seem the stuff of which heroes (or martyrs) are made. But faced with the choice of upholding the law or of taking the popular course, he chose to uphold the law. Events thereafter made him a central figure in the most violent years of the civil rights revolution. The book sets this story against the background of the white South's war against civil rights, a savage contest motivated by hatred and fear. It advances the thesis that during this period, Alabama suffered a fundamental failure in leadership which determined the state's response to the demand for social change. Alabama's leaders encouraged lawlessness with their statements and actions. They took the state down a self-destructive course which has had lasting and damaging consequences.

Marginal At the Center Baruch Kimmerling, 2012-06-01 A self-proclaimed guerrilla fighter for ideas, Baruch Kimmerling was an outspoken critic, a prolific writer, and a “public” sociologist. While he lived at the center of the Israeli society in which he was involved as both a scientist and a concerned citizen, he nevertheless felt marginal because of his unconventional worldview, his empathy for the oppressed, and his exceptional sense of universal justice, which were at odds with prevailing views. In this autobiography, the author, who was born in Transylvania in 1939 with cerebral palsy, describes how he and his family escaped the Nazis and the circumstances that brought them to Israel, the development of his understanding of Israeli and Palestinian histories, of the narratives each society tells itself, and of the implacable “situation”—along with predictions of some of the most disturbing developments that are taking place right now as well as solutions he hoped were still possible. Kimmerling’s deep concern for Israel’s well-being, peace, and success also reveals that he was in effect a devoted Zionist, contrary to the claims of his detractors. He dreamed of a genuinely democratic Israel, a country able to embrace all of its citizens without discrimination and to adopt peace as its most important objective. It is to this dream that this posthumous translation from Hebrew has been dedicated.

**Unworthy, Chosen, and Forgiven** Michael Gilcreast, 2022-03-16 I thought long and hard before I even imagined to write any book, but somehow people just kept telling me to write a book out of the blue. I started to write, and nothing came of it for over ten years. I have only made it to page 44 of my manuscript. My biggest question, which led to my real motivation to write, was How can different people from different states I visited kept telling me the same thing? Could they all be wrong? It was in March 2020, everything was shut down, I was in attendance at the AFFI mini-convention in Maryland, and it was closed down by the governor. Therefore, from all points in my life, God made

sure that I would write. I was out of excuses and I just encouraged myself to write the movie-like book of my life. I have done many one-on-one, premarital, marriage pastoral feedback sessions, inside and outside the church. I only came to find out in some way, shape, or form that people have problems of sorts that were similar to my own. I think of myself as an unorthodox writer and now pastor/author that loves the truth with the desire to be a help for people. I now see a new parallel that was within me all along because my first passion was to become a doctor, so I could help people. More than half of my life have either been in the Air Force or working for the Department of Defense at the Pentagon in some type of full-time capacity. I even survived the war act of September 11 (911)! Yet I have a story to tell, starting from a dysfunctional family to chasing women, becoming a womanizer, stories of infidelity, unemployment, lying, stealing, divorce, bad credit, bankruptcy, gambling, and even several attempts to commit suicide! If the truth be told, I never thought that I would live past the age of thirty-five! While I thought that I was unworthy, I found out that God had chosen me to live again and to tell my story and to be the pastor that I am today! I was truly a lost soul! On this same path of my life, I have found redemption and a second chance to experience true and unconditional love in the form of Melody. A love that could have only been birthed by God's grace! Truly, my soul loves Jesus!
