Derby Fever Jim Bolus,1995-03-31 Each spring as the Kentucky Derby grows near, a kind of frenzy hits a wide section of the population. People suddenly turn their attention to Churchill Downs, and the anticipation of the Run for the Roses sends everyone into Derby fever. Here in his third book on the Kentucky Derby, Jim Bolus brings together a collection of his favorite Derby Stories that are sure to make an avid race fan out of anyone. Bolus covers a wide range of topics--from the Duke at the Derby; to the famous Derby photograph of the Fighting Finish in 1933; to his favorite Derby, the 1969 running. Also included are such champions as Whirlaway, Exterminator, Secretariat, Spend a Buck, and Nashua. Bolus has devoted a chapter to the Stevens family, whose horse-racing roots trace back more than 120 years, and to the Derby chart callers, those men who through the years have documented the race for posterity. Bolus also relates his own personal experiences as a bettor (and a loser!) on the Derby. In particular, he devotes a chapter to Holy Land, a horse who ran in the 1970 race but lost his jockey and the race. It's a pick Bolus has been kidded about a lot over the years. An authority on the subject, Jim Bolus has conducted hundreds of interviews about the Derby. With this book, readers will understand his passion for the grand old race and its traditions as they learn why so many get Derby fever every spring. Also by Jim Bolus are Remembering the Derby and Kentucky Derby Stories, both published by Pelican.

The Kentucky Derby James C. Nicholson,2012-03-15 Provides a complete history of the Kentucky Derby, examining the tradition, spectacle, culture and evolution of an event that has marveled America--and the world--for more than 130 years.

Travel 101 Andrew M. Yaracs,2014-02-17 Have you ever thought to yourself I wish I knew then what I know now or hindsight is 20/20? When I think back to the day that I began planning my first band trip those sentiments are true. I wrote this book as a resource to help band directors who are interested in planning student travel opportunities. While the main focus is on travel and performance with a marching band the information can be adapted and applied to almost any group whether you're an orchestra or choir director, classroom teacher or club advisor. The content is a compilation of the things I learned through personal experience, networking with other band directors and dealing with several different travel companies over a fifteen year period from 1997 to 2012 as the director of the Butler High School Golden Tornado Marching Band in Butler, Pennsylvania. Travel 101 is a comprehensive guide that will provide a step by step blueprint for planning and executing a safe and successful experience for your students. The book covers a wide spectrum of travel related topics and is a valuable resource for either the novice or experienced group planner. Why travel? What are the benefits of a travel program? You'll get the answers to these and other questions as well as advice and guidance on: Getting Started, Applying for major events i.e. Pasadena Tournament of Roses Parade and Macys Thanksgiving Day Parade, Choosing a Travel Company, Creating a Budget, Planning Your Itinerary, Making Transportation Choices i.e. Bus, Commercial or Charter Air, Fundraising, Managing Student Accounts, Safety and Security, Travel Dos and Don'ts, Liability Issues, Chaperones, Medical Concerns, Student Supervision, Dealing with Uniforms and Equipment, Public Relations, Meetings and Methods of Communication, Rooming Assignments, Packing Guidelines, Preparing for Your Performance, and Managing the Trip to name just a few. In addition I have included a resource section in the back of the book with links to various travel and event websites, a major events list, information on several travel associations and several sample forms and letters you can adapt for your own use.

The Provincial Music Festival in England, 1784-1914 Pippa Drummond,2016-02-24 A history of the English music festival is long overdue. Dr Pippa Drummond argues that these festivals represented the most significant cultural events in provincial England during the nineteenth century and emphasizes their particular importance in the promotion and commissioning of new music. Drawing on material from surviving accounts, committee records, programmes, contemporary pamphlets and reviews, Drummond shows how the festivals responded to and reflected the changing social and economic conditions of their day. Coverage includes a chronological overview documenting the history of individual festivals followed by a detailed exploration of such topics as performers and performance practice, logistics and finance, programmes and commissioning, together with information concerning the composition and provenance of festival choirs and orchestras. Also discussed are the effects of improved transport and new technologies on the festivals, sacred and secular conflicts, gender issues, the role of philanthropy, the nature of patronage and the changing social status of festival audiences. The book will also be of interest to social, economic and local historians.

Citizen Akoy Steve Marantz,2019-02-01 Akoy Agau led Omaha Central High School to four straight high school basketball state championships (2010-13) and was a three-time All-State player. One of the most successful high school athletes in Nebraska's history, he's also a South Sudanese refugee. At age four, Akoy and his family fled Sudan during the Second Sudanese Civil War, and after three years in Cairo, they came to Maryland as refugees. They arrived in Omaha in 2003 in search of a better future. In Omaha the Agaus joined the largest South Sudanese resettlement population in the United States. While federal resources and local organizations help refugees with housing, health care, and job placement, the challenge to assimilate culturally was particularly steep. For Akoy basketball provided a sense of belonging and an avenue to realize his potential. He landed a Division 1 basketball scholarship to Louisville for a year and a half, then played at Georgetown for two injury-plagued seasons before he graduated in the spring of 2017. With remaining eligibility, he played for Southern Methodist University while pursuing a graduate degree. In a fluid, intimate, and joyful narrative, Steve Marantz relates Akoy's refugee journey of basketball, family, romance, social media, and coming of age at Nebraska's oldest and most diverse high school. Set against a backdrop of the South Sudanese refugee community in Omaha, Marantz provides a compelling account of the power of sports to blend cultures in the unlikely of places.

Ideological, Social and Cultural Aspects of Events Omar Moufakkir,Tomas Pernecky,2014-12-10 There is an ever growing importance of events in modern society and until now existing literature on events has been dominated by the economic perspective. Social and Cultural Aspects of Events addresses the social and cultural side of events and explores the role they have in fostering change and community development. It examines the transformatory function of events in the context of development studies - as phenomena that can promote and facilitate human development, including social, societal and individual change. This book provides vital and timely exploration and encourages the study of more diverse themes within event management.

Power, Construction and Meaning in Festivals Allan Jepson,Alan Clarke,2017-11-10 Whether through education, sport or festivity, events form the basis on which we attribute cultural meaning, significance and value to our lives. In this light, community events have the potential to create positive and negative social, cultural, economic and environmental impacts within the community across a wide variety of genres and platforms. This book offers a deeper and more critical insight into the relationships, dynamics and planning processes of festivals and events and the impact this has upon authenticity, cultural consumption and the local communities they serve. It does so by looking at a range of key debates in power theory, event planning and design, event construction, experience and meaning, authenticity, sustainability, social inclusion, accessibility and sponsorship engagement. International case studies are embedded within the chapters, examining the role of stakeholders, local communities, organisers, local governments and infrastructure. This critical event studies text is interdisciplinary and will make valuable reading for students and researchers who are interested in the relationships and dynamics involved in the construction and planning of festivals and events, their immediate impact and their significance for the future.

Exploring Community Festivals and Events Allan Jepson,Alan Clarke,2014-10-17 The development of the festival and event industry has seen large scale growth and extensive government support as a result of objectives to enhance and project the image of place and leverage positive sponsorship and regeneration opportunities. As we move deeper into austerity measures prompted by economic recession, community festivals and events as a sacred or profane time of celebration can be considered even more important than ever before. This book for the first time explores the role and importance of 'community', 'culture' and its impact through festivals and events. Split into two distinct sections, the first introduces key themes and concepts, contextualises local traditions and culture, and investigates how festivals and events can act as a catalyst for tourism and create a sense of community. It then questions the social and political nature of festivals and community events through examining their ownership. The second section focuses on communities themselves, seeking to examine and discuss key emerging themes in community event studies such as; the role of diaspora, imagined communities, pride and identity, history, producing and consuming space and place, authenticity, and multi-ethnic communities. Examples are drawn from Portugal, the Dominican Republic, the USA, Malaysia, Malta, Finland and Australia making this book truly international. This significant volume will be valuable reading for students and academics across the fields of Event, Tourism and Hospitality studies as well as other social science disciplines.
