Hacker, Hoaxer, Whistleblower, Spy Gabriella Coleman, 2015-10-06 The ultimate book on the worldwide movement of hackers, pranksters, and activists collectively known as Anonymous—by the writer the Huffington Post says “knows all of Anonymous’ deepest, darkest secrets” “A work of anthropology that sometimes echoes a John le Carré novel.” —Wired Half a dozen years ago, anthropologist Gabriella Coleman set out to study the rise of this global phenomenon just as some of its members were turning to political protest and dangerous disruption (before Anonymous shot to fame as a key player in the battles over WikiLeaks, the Arab Spring, and Occupy Wall Street). She ended up becoming so closely connected to Anonymous that the tricky story of her inside–outside status as Anon confidante, interpreter, and erstwhile mouthpiece forms one of the themes of this witty and entirely engrossing book. The narrative brims with details unearthed from within a notoriously mysterious subculture, whose semi-legendary tricksters—such as Topiary, tflow, Anachaos, and Sabu—emerge as complex, diverse, politically and culturally sophisticated people. Propelled by years of chats and encounters with a multitude of hackers, including imprisoned activist Jeremy Hammond and the double agent who helped put him away, Hector Monsegur, Hacker, Hoaxer, Whistleblower, Spy is filled with insights into the meaning of digital activism and little understood facets of culture in the Internet age, including the history of “trolling,” the ethics and metaphysics of hacking, and the origins and manifold meanings of “the lulz.”

Postwar Tony Judt, 2006-09-05 Finalist for the Pulitzer Prize • Winner of the Council on Foreign Relations Arthur Ross Book Award • One of the New York Times' Ten Best Books of the Year “Impressive . . . Mr. Judt writes with enormous authority.” —The Wall Street Journal “Magisterial . . . It is, without a doubt, the most comprehensive, authoritative, and yes, readable postwar history.” —The Boston Globe Almost a decade in the making, this much-anticipated grand history of postwar Europe from one of the world's most esteemed historians and intellectuals is a singular achievement. Postwar is the first modern history that covers all of Europe, both east and west, drawing on research in six languages to sweep readers through thirty-four nations and sixty years of political and cultural change—all in one integrated, enthralling narrative. Both intellectually ambitious and compelling to read, thrilling in its scope and delightful in its small details, Postwar is a rare joy. Judt's book, *Ill Fares the Land*, republished in 2021 featuring a new preface by bestselling author of *Between the World and Me* and *The Water Dancer*, Ta-Nehisi Coates.

Guns, Democracy, and the Insurrectionist Idea Joshua Horwitz, Casey Anderson, 2018-05-09 The NRA steadfastly maintains that the 30,000 gun-related deaths and 300,000 assaults with firearms in the United States every year are a small price to pay to guarantee freedom. As former NRA President Charlton Heston put it, freedom isn't free. And when gun enthusiasts talk about Constitutional liberties guaranteed by the Second Amendment, they are referring to freedom in a general sense, but they also have something more specific in mind---freedom from government oppression. They argue that the only way to keep federal authority in check is to arm individual citizens who can, if necessary, defend themselves from an aggressive government. In the past decade, this view of the proper relationship between government and individual rights and the insistence on a role for private violence in a democracy has been co-opted by the conservative movement. As a result, it has spread beyond extreme militia groups to influence state and national policy. In *Guns, Democracy, and the Insurrectionist Idea*, Josh Horwitz and Casey Anderson reveal that the proponents of this view base their argument on a deliberate misreading of history. The Insurrectionist myth has been forged by twisting the facts of the American Revolution and the founding of the United States, the denial of civil rights to African-Americans after the Civil War, and the rise of the Third Reich under Adolf Hitler. Here, Horwitz and Anderson set the record straight. Then, challenging the proposition that more guns equal more freedom, they expose Insurrectionism---not government oppression---as the true threat to freedom in the U.S. today. Joshua Horwitz received a law degree from George Washington University and is currently a visiting scholar at the Johns Hopkins Bloomberg School of Public Health. He is Executive Director of the Coalition to Stop Gun Violence and the Educational Fund to Stop Gun Violence. He has spent nearly two decades working on gun violence prevention issues. He lives in Arlington, Virginia. Casey Anderson holds a law degree from Georgetown University and is currently a lawyer in private practice in Washington, D.C. He has served in senior staff positions with the U.S. Congress, the Coalition to Stop Gun Violence, and Americans for Gun Safety. He lives in Arlington, Virginia.

Not in His Image (15th Anniversary Edition) John Lamb Lash, 2021-09-18 “Lash is capable of explaining the mind-bending concepts of Gnosticism and pagan mystery cults with bracing clarity and startling insight. . . . [His] arguments are often lively and entertaining.”—Los Angeles Times Fully revised and with a new preface by the author, this timely update is perfect for readers of *The Immortality Key*. Since its initial release to wide acclaim in 2006, *Not in His Image* has transformed the lives of readers around the world by presenting the living presence of the Wisdom Goddess as never before revealed, illustrating that the truth of an impactful Gnostic message cannot be hidden or destroyed. With clarity, author John Lamb Lash explains how a little-known messianic sect propelled itself into a dominant world power, systematically wiping out the great Gnostic spiritual teachers, the Druid priests, and the shamanistic healers of Europe and North Africa. Early Christians burned libraries and destroyed temples in an attempt to silence the ancient truth-tellers and keep their own secrets. *Not in His Image* delves deeply into ancient Gnostic writings to reconstruct the story early Christians tried to scrub from the pages of history, exploring the richness of the ancient European Pagan spirituality—the Pagan Mysteries, the Great Goddess, Gnosis, the myths of Sophia and Gaia. In the 15th Anniversary Edition, Lash doubles down on his original argument against redemptive ideology and authoritarian deceit. He shows how the Gnostics clearly foresaw the current program of salvation by syringe, and places the Sophianic vision of life centrally in the battle to expose and oppose the evil agenda of transhumanism, making this well-timed update more relevant than ever. “Sometimes a book changes the world. *Not in His Image* is such a book. It is clear, stimulating, well-researched, and sure to outrage the experts. . . . Get it. Improve not just your own life, but civilization’s chances for survival.”—Roger Payne, author of *Among Whales*

Droysen and the Prussian School of History Robert Southard, 2014-07-11 The Prussian School of History first predicted and advocated, then celebrated and defended, the unification of Germany by Prussia. Experts in German historiography and the history of German liberalism have often complained about the lack of a book, in any language, that traces the origins and explains the ideas of this school of history. Here is that book. Robert Southard finds that, for the Prussian School, history had an agenda. These historians generally expected history to complete its main tasks in their own time and country. The outcome of their politics was, really, an end of history -- not a cessation to historical occurrences, but a cessation of onward historical movement because the historical process had already achieved its long-term, beneficent purposes. Leading us through the intricacies of important but untranslated works of J. G. Droysen, Max Duncker, Rudolph Hayn, and Heinrich von Sybel, Southard demonstrates their belief that the historical sequence was a continual unfolding of God's plan. Indispensable for those interested in the history of German historical writing, this book also has major implications for understanding the history of political liberalism.

Behold a Pale Horse William Cooper, 2012-04-11 Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to talk due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been talking, he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. Bill Cooper is the world's leading expert on UFOs. -- Billy Goodman, KVEG, Las Vegas. The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long. -- Anthony Hilder, Radio Free America William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world. -- Mills Crenshaw, KTALK, Salt Lake City. Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands. -- William Cooper, October 24, 1989.

9/11 Synthetic Terror Webster Griffin Tarpley, 2011 For a principled refutation of the 9/11 propaganda myth in all its parts, Tarpley's work is indispensable. This new, fifth edition adds a significant new dimension. Tarpley's documentation of a comprehensive array of 9/11 drills may prove as revolutionary as the thesis of controlled demolition - perhaps even more so. Many people have been unable to see that 9/11 was a false flag. They may seem immune to physical facts like the free-fall speed of the towers, as they take refuge in a lack of engineering qualifications. No math skills are needed to grasp the more familiar, common-sense fact that an act that is rehearsed is also staged. Moreover, when we learn how drills are essential to conduit such operations, we can recognize many types of false flags, such as the London bombings, and not only building collapses. Finally, wider public awareness of the dangerous workings of drills could help prevent terror operations, by making them too difficult to carry out with impunity. The authoritative work on 9/11 and state-sponsored false-flag terrorism. 9/11 Synthetic Terror is the only book to present a working model for the event - a network of moles, patsies, paramilitary pros, privatized intelligence assets and corrupt media corporations. We see how this enormous provocation was successfully executed and exploited as war propaganda. This new, fifth edition reveals a whole new dimension of explosive facts for the first time: the enormous array of drills in which the US defense apparatus rehearsed every aspect of the 9/11 operation. Author Webster Tarpley presents the corpus of 9/11 research - such as the controlled demolition of the three WTC towers - from the perspective of a veteran intelligence expert and historian. The exploit is placed in the geopolitical context of oligarchy and imperialism - in the tradition of precedents such as the Gunpowder Plot, the USS Maine, the Strategy of Tension, and other historically decisive state-sponsored terror subterfuges.

Unholy Alliance Peter Levenda, 2019-11-15 In June of 1979, Peter Levenda flew to Chile—then under martial law—to investigate claims that a mysterious colony and torture center in the Andes Mountains held a key to the relationship between Nazi ideology and its post-war survival on the one hand, and occult ideas and practices on the other. He was detained there briefly and released with a warning: “You are not welcome in this country.” The people who warned him were not Chileans but Germans, not government officials but agents of the assassination network Operation Condor. They were also Nazis, providing a sanctuary for men like Josef Mengele, Hans-Ulrich Rudel, and Otto Skorzeny. In other words: ODESSA. Published in 1995, Unholy Alliance was the first book in English on the subject of Nazi occultism to be based on the captured Nazi archives themselves, as well as on the author’s personal investigations and interviews, often conducted under dangerous conditions. The book attracted the attention of historians and journalists the world over and has been translated into six languages. A later edition boasts the famous foreword by Norman Mailer. How did occultism come to play such an important role in the development of Nazi political ideology? What influence did such German and Austrian occult leaders as Lanz von Liebenfels and Guido von List have over the fledgling Nazi party? What was the Thule Gesellschaft, and who was its

creator, Baron von Sebottendorf? Did the Nazi high command really believe in occultism? In astrology? In magic and reincarnation? This is a new and expanded edition of the original text, with much additional information on the rise of extremist groups in Europe, Latin America, Asia, and the United States and the esoteric beliefs that are at their foundations. It is the first book in a trilogy that includes Ratline and The Hitler Legacy. This is where it all began.
