THE ORBS OF CREATION D.A. King,2013-11 Slowly the long line of robed figures made their way toward the end of the huge antechamber that featured the ornately patterned high arching doorway carefully positioned at the rear of the cobblestoned pathway, offering only one way to approach its uniquely stylized threshold. Each figure stood silently awaiting their turn. Each harboring their own thoughts of grandeur. Yes, for each had spent centuries in constant study. Blood, sweat, and tears expended often, and freely, in their ever-pressing efforts to learn what it meant to be counted amongst the chosen. Years spent learning through trial and error the arts that would ultimately prove them worthy of the trust that came along with such daunting responsibility. The prestige allotted to those who sought to become a member of The Order of Truth. Priscilla Whitestone stood ready to embrace the challenge. Ready, for she knew that she was destined for greatness. She and Benjamin Arcanus Truth were the best of their class. The strongest ever. They were rivals. They had also been lovers once. Lovers whose mutual arrogance would not allow such an emotion as benign as love to take root in their callous hearts. No, for their one true love was power. Power that could only be had as a result of their mastering the sacred arts detailed within the Tome of Shades. Then and only then could what they both desired most be fully realized. They both would have the chance to show their mastery today. Today, all would be revealed for everyone to see. Yes, for today, all the robed figures assembled here would take part in the Ritual of Binding. That most sacred of rituals that would forever bind them to the land of Samarq. Today they would either become one of its guardians, or they would perish. Measures had been set in place to see to that. To each side of the robed acolytes was another group present. Those whose job it would be to ensure that none of the assembled peoples turned back. Not all those present were human. Still, the law was the same for everyone. Everyone must proceed. Yes, for the point of no return had been reached. None of them could turn away from this. To do so now meant certain death one way or another, or worse: madness. Even if one were to survive in that debilitated state, such one could not be allowed to live. That was the law. The throng of hard-eyed observers was here to enforce it. They would not allow any of them who had not completed their trial to live. Unless they were to exit through the door to the left. The door with the drawing of the all-seeing eye encased within the swirling crystal ball upon it. It was well known amongst them all that once one had learned the lore necessary to become an Acolyte of Truth, that one was forever marked.

Marked for either greatness or marked for death. There could not be any in-betweens. She knew this for a certainty, for two of their number had fallen already.

**Orb and Arrow** V. L. Stuart,2022-05-15 She was raised to be a healer, but does her true destiny lie in the battle against Darkness? Brillar was expected to follow in her mother's footsteps and become a healer, but she had other plans. Now a highly skilled archer, she has been forced to kill to release a bound mage. It may have been self-defense, but that is no excuse for a healer. Releasing such a skilled War mage from bondage could get you killed . . . or apprenticed. When she chooses the latter, Brillar finds herself on a desperate journey to stop the rising tide of Darkness. Her decision to apprentice herself to Elden, the man she rescued, sets her further from the healer's calling. Still, her healing spells serve them both well as they face the dangers of a world often torn between the Light and Darkness . . .

**ORBS** Klaus Heinemann, Ph.D.,Gundi Heinemann,2010-10-01 In the past decade people all over the world have become fascinated with orbs—the opaque circular features that appear unexpectedly in photographs. In fact, the popularity of this phenomenon has risen so much that serious research has been done on them. Books have been written about what they could be, how they're produced, and all of the scientific aspects of these beautiful spheres of light. However, one question has gone unanswered: what does their appearance mean? Orbs: Their Mission & Messages of Hope explains that these fascinating circles of light are here for a specific purpose—to bring us hope. Written by orb expert and former Stanford and NASA materials science researcher Klaus Heinemann, together with his wife, Gundi Heinemann, a healing arts practitioner, this book is a grounded and visionary presentation of facts and experiences in orb photography. They offer convincing new results addressing the skeptic and numerous reports of meaningful orb encounters from people all over the world. This book delves deep into the magical and exciting world of orbs—how and when they appear to us—and explores what these emanations from Spirit Beings are trying to communicate.

*Orbs III: Redemption* Nicholas Sansbury Smith, 2016-08-16 There's sabotage from within and a strange virus is infecting the last human survivors of an alien invasion in Nicholas Sansbury Smith's smart and exciting third book in the bestselling Orbs series. With the alien armies growing stronger, Sophie's biosphere decides to join forces with the team from NTC's submarine. Using data from a surviving satellite, they discover strange, alien poles at each of the world's seven highest summits: alien technology that the survivors believe may hold the key to shutting down the alien ships once and for all. But before the two teams can launch an offensive, the biosphere must deal with sabotage from within and a strange nanotechnology that has infected several of the survivors. As tensions rise, Sophie and team must decide whether their new discovery is worth abandoning the biosphere. The more the team learns, the more they realize that Earth may be beyond saving and that salvation may require leaving the planet forever. A splendid mix of horror, suspense, and science fiction, *Orbs: Redemption* upends the classic alien invasion story into an edge-of-your seat thrill ride.

**Omnipresence** D. S. Quinio, 2013-10 The eternal existence of the Universe rests on three orbs. One was stolen. And the other two are in peril. The Orbs of Power were created when the world was young to sustain life in all creation; each contains the forces within the Maker's innate self: Omnipresence, Omniscience, and Omnipotence. When the Orb of Omnipresence fractures and explodes as the Archangel fights the Demon who attempts to steal it, the fragments fall and scatter between Earth and the realm of Dyrge'Or - two worlds existing on the Blue planet without knowledge of the other - causing both dimensions to merge and fight for space, and the shards to latch on to the mortals below. Kyle Drummond never expects an ordinary, uneventful day in his native Toronto to end with an unlikely catastrophe. When he regains consciousness after a terrifying lightning bolt strikes him, he finds himself in a strange habitat with an archangel and a maiden from an unknown land. Kyle realizes that everything he knew about himself is just the tip of what he is destined to be. Freija, an erudite from Dyrge'Or, has remained a maiden all her life until she finds love with shy, unassuming Kyle. Yet if they succeed on a quest to hunt for the scattered orb fragments and manage to put the balance back on Earth and Dyrge'Or, she is doomed to never see Kyle again. *Omnipresence: The Rise of the Gatekeeper* is the first book of *The Orbs of Power*. It is the story of how a guileless mortal transcends to become The Gatekeeper, and the journey that defines his destiny. *The Orb Project* Klaus Heinemann, Míceal Ledwith, 2007-11-06 After literally stumbling into orbs appearing as bright as light bulbs in photographs he was taking at a spiritual retreat, Dr. Klaus Heinemann immediately sensed that he was onto something profound. There was no choice but to convince himself that his notion was on solid grounds. Heinemann looked at thousands of pictures he had taken earlier, and thousands more would be taken to test the hypothesis that these light circles are nothing less than emanations from Spirit beings. Dr. Míceal Ledwith had a similar experience after the orb phenomenon was first made known to him through the teachings of Ramtha. He began an intense and systematic study of orbs in all sort of situations, day and night, and in all sorts of

atmospheric conditions, in order to discover all he could about their nature, the situations in which their presence could be most easily detected, and what implications they might have for our understanding of our own place in the cosmos. To date, he has amassed a collection of well over 100,000 images. In *The Orb Project*, Ledwith and Heinemann present their fascinating discoveries, along with practical tips that amateur digital photographers can use to photograph orbs and properly distinguish them from false orbs that are really dust or water particles. They offer guidelines on deciphering the orbs' various patterns, features, and characteristics, based on their extensive research. As Dr. Ledwith points out, once you develop a keen and sustained interest in photographing spirit entities, some quite interesting things begin to happen: the brain stops censoring these images, and you can begin to see with orbs with the naked eye -- in more color and detail than is visible to even a digital camera. Ledwith and Heinemann also explore communication with orbs and what their existence means to our lives. The implications of a realization that we are surrounded by a cloud of witnesses are enormous and incredibly hopeful for the world at large.

*The Six Orbs of Destiny* Frederick W. Cook, 2008-01 *The Six Orbs of Destiny* follows the epic adventures of four urban youths thrust into a fantasy world and their trials and tribulations attempting to return home. The four young adults soon find themselves learning of their hidden destiny and the latent powers within them. They find themselves engaged in the ultimate battle of good versus evil over the powerful orbs of destiny. The fate of an entire land is in jeopardy, not to mention the very lives of young Andrew, Dian, Jimmy and Rick. The entire world of Heshna comes alive with truly original monsters, characters and enemies in *The Six Orbs of Destiny*. Prepare to embark on a journey that is as darkly engrossing and original as it is triumphant.

**The Orb of Destiny** John Kovacich, 2020-10-03 Following the events of *The Old Child*, the witches' visions of a destroyed Earth had already begun to unfold, yet Destiny, the one who everyone believed to be uniquely qualified to avert the calamity, remained locked in a coma from which she might never return. While the sorcerer clan grew in strength and size, their deranged leader grew bold and set out on a quest of death and destruction. The witches' only recourse was to revive Destiny, but that meant convincing her to return.

*Ascension Through Orbs* Diana Cooper, Kathy Crosswell, 2012-06-01 Featuring a wealth of additional material, this book explains the meaning and the importance of orbs--the physical presence of angels found in digital photographs--in a wider and more advanced context. With nearly 50 photographic examples accompanied by meditations to allow the energy of the orbs to be more fully absorbed, this advanced tool for ascension explores spirit guides and the angelic hierarchy in greater depth, including the powers, the chakras, the archangels, the Lords of Karma, and the Ascension Masters.

*The Orbs Omnibus* Nicholas Sansbury Smith, 2015-09-01 A thrilling collection of the entire bestselling Orbs series from Nicholas Sansbury Smith about the last survivors of an alien invasion--includes, *Orbs: A Science Fiction Thriller*, *Orbs II: Stranded*, *Orbs III: Redemption*, *White Sands: An Orbs Prequel*, and *Red Sands: An Orbs Prequel*. While training for a manned mission to Mars, Dr. Sophie Winston and her team of scientists find themselves cut off from the rest of the world. Trapped inside a biosphere deep within the confines of Cheyenne Mountain, Sophie and crew discover they are the survivors of a brutal alien invasion. But as they struggle to stay alive, they realize their safe haven is far from safe and that they must team with other survivors around the world to defeat the aliens before it's too late for humanity, and the Earth...

*Sophia Violet and the Crystal Orb* Evangeline Greene, 2021-03-27 When mysterious invaders kidnap Sophia's parents and attack Chiralis, Sophia and her friends set out on a mission to uncover the evil forces behind them. In search

of a fuel source for their dark planet and seeking revenge for an ancient crime, the intruders from another galaxy threaten the extinction of both Chiralians and Humans alike. Join Sophia and her brother, Cru, along with best friends Luna and Darva, as they uncover more secrets and battle new dangers. Navigating powerful orbs, shapeshifting, alien lizards, frozen wastelands, teleportation, and parallel worlds along the way, they rely on friendship and teamwork to carry them forward. Once again called upon to battle evil, Sophia mines the depths of her inner strength as she struggles to balance the responsibilities of saving two universes and the lives of the people closest to her. So much has changed since her adventure started that it's hard for fourteen-year-old Sophia Violet to believe that, only last year, she was an awkward teenager who didn't fit in anywhere. Her only friend, Luna, was a secret as she popped in and out of Sophia's life and shapeshifted into an array of animals. Wolves haunted her fire escape. Strangers appeared out of nowhere. It all changed at summer camp. Through a series of dangerous adventures, shocking revelations, and a painful struggle for self-acceptance, Sophia embraced her true identity, changing her life forever. Now keenly aware of her roots in a parallel universe and possessing shapeshifting and teleporting powers of her own, in this second book in the series, Sophia embraces her destiny as the Orb Master on her home planet, Chiralis. While busy managing the planet's energy fields, she is also working on a relationship with her newly-discovered Chiralian family as the mystery around her birth continues to unravel slowly. It's nearly impossible to keep her secrets from her adoptive parents, especially now that the wolves sleep at the foot of her bed each night and new friends transmigrate in and out of her bedroom. Still, Sophia somehow manages to juggle her two lives. During the day, she's a typical New York City teenager, while at night, she holds the fate of two universes in her hands.
