Excerpt from An English-Malay Dictionary The accomplishment of the author's original intention, which was to produce an english-malay Vocabulary containing some three or four thousand words, has been so long deferred through pressure of other literary work, that it has been thought better to abandon it altogether, especially in view of the fact that other vocabularies have appeared meanwhile which supply the need for a limited word list. The scope of the original work 'has therefore been greatly extended, with the object of producing not a mere Vocabulary but a Dictionary which would be as complete as possible.
