**Environmental Impacts of Renewable Energy** Frank R. Spellman, 2014-12-02 Renewable Energy Has a Good Side and a Bad Side Evaluate Both All energy sources affect the environment in which we live. While fossil fuels may essentially do more harm, renewable energy sources can also pose a threat to the environment. Allowing for the various renewable energy sources: solar, wind, hydro, biomass, and geothermal, Environmental I

**AIMSSEC Maths Teacher Support Series Mathematical Thinking in the Lower Secondary Classroom** AIMSSEC, 2016-02-25 This series is for maths teachers who want to develop their maths teaching skills. This book is for teachers and educators who want to develop their maths teaching skills where English is the language of instruction. It has been written by the international group of educators based at AIMSSEC, The African Institute for Mathematical Sciences Schools Enrichment Centre. The book provides practical classroom activities underpinned by sound pedagogy and recent research findings. The activities are designed for teachers working alone or in 'self-help' teachers' workshops. They are

designed to develop mathematical thinking and offer immediate practical tools to help deliver this approach.

**Smashing WordPress** Thord Daniel Hedengren,2014-03-03 The ultimate guide to using WordPress to make your life easier This newest edition from the world's most popular resource for web designers and developers presents you with nothing less than the latest and greatest on everything that WordPress has to offer. As one of the hottest tools on the web today for creating a blog, WordPress has evolved to be much more than just a blogging platform and has been pushed beyond its original purpose. With this new edition of a perennially popular WordPress resource, Smashing Magazine offers.

**The Value-Added Employee** Edward Cripe,Edward J. Cripe,Richard S. Mansfield,Richard S Mansfield,2007-08-22 A handy guide offering a practical plan for targeting skills any employee wants to develop and employers most desire. It's hard to tell if today's competitive job market is more unsettling

for employees seeking job security or companies trying to retain loyal workers. The Value-Added Employee provides fresh insights on what makes employees valuable to the organization and how companies can keep productive employees on the job. Employees will understand how to increase their personal marketability by developing specific skills, knowledge, and attitudes. Managers and coaches will find the tools and resources to make employees more valuable to the organization. Even policymakers and human resource professionals can drive change and business improvement through the application of competency modeling processes. The Value-Added Employee is a step-by-step plan for targeting the competencies an employee wants to develop and employers most desire. It discusses 31 core competencies, including interpersonal competencies, business competencies, and self-management competencies. Designed as a handbook, The Value-Added Employee is a toolkit of ideas and a workbook to be written in and referred to on a regular basis. Through its use, employees and their companies will discover a firm foundation for meeting future goals.

**Supporting Children with Learning Difficulties** Christine Turner, 2011-08-11 A practical handbook

packed with tips, techniques and suggestions for all those working and living with learning disabled children aged 3-19.

*Your Professional Experience Handbook* Michael Cavanagh, Anne Prescott, 2014-08-01 This Australian handbook presents detailed, practical advice on how preservice teachers can confidently approach professional experience placements and the work they undertake with their mentors. Throughout the text important research-based evidence and theoretical frameworks are highlighted to provide a lens through which professional experiences can be analysed. By providing a strong theoretical foundation, the handbook is designed to help preservice teachers to make sense of their classroom experiences and provide guidance on how to improve their pedagogy.

Gas Age ,1897 Includes summaries of proceedings and addresses of annual meetings of various gas associations. L.C. set includes an index to these proceedings, 1884-1902, issued as a supplement to Progressive age, Feb. 15, 1910.

**A Lasting Promise** Scott M. Stanley,Daniel Trathen,Savanna McCain,B. Milton Bryan,2013-12-09

The revised edition of the bestselling Christian guide to a happy marriage For more than fifteen years, Scott Stanley's *A Lasting Promise* has offered solutions to common problems—facing conflicts, problem solving, improving communication, and dealing with core issues—within a Christian framework.

Thoroughly revised and updated, this new edition is filled with sacred teachings of scripture, the latest research on marriage, and clear examples from the lives of couples. The book's strategies are designed to help couples improve communication, understand commitment, bring more fun into their relationship, and enhance their sex lives. Lead author Scott Stanley is co-director of the Center for Marital and Family Studies at the University of Denver and coauthor of *Fighting for Your Marriage*, which has sold more than a million copies. Offers reflections on how to enhance anyone's marriage over the long term and avoid divorce Covers recent cultural shifts, such as dealing with the endless technological

distraction and issues with social networking New themes include the chemistry of love, the life-long implications of having bodies, and how to support one another emotionally Uses illustrative examples from couples' lives and rich integration of insights from scripture This important book offers an invaluable resource for all couples who want to honor and preserve the holy sacrament of their union.

Jenkins: The Definitive Guide John Ferguson Smart, 2011-07-12 Streamline software development with Jenkins, the popular Java-based open source tool that has revolutionized the way teams think about Continuous Integration (CI). This complete guide shows you how to automate your build, integration, release, and deployment processes with Jenkins—and demonstrates how CI can save you time, money, and many headaches. Ideal for developers, software architects, and project managers, Jenkins: The Definitive Guide is both a CI tutorial and a comprehensive Jenkins reference. Through its wealth of best practices and real-world tips, you'll discover how easy it is to set up a CI service with Jenkins. Learn how to install, configure, and secure your Jenkins server Organize and monitor general-

purpose build jobs Integrate automated tests to verify builds, and set up code quality reporting  
Establish effective team notification strategies and techniques Configure build pipelines, parameterized jobs, matrix builds, and other advanced jobs Manage a farm of Jenkins servers to run distributed builds Implement automated deployment and continuous delivery

Pro ASP.NET MVC 5 Adam Freeman,2014-02-28 The ASP.NET MVC 5 Framework is the latest evolution of Microsoft's ASP.NET web platform. It provides a high-productivity programming model that promotes cleaner code architecture, test-driven development, and powerful extensibility, combined with all the benefits of ASP.NET. ASP.NET MVC 5 contains a number of advances over previous versions, including the ability to define routes using C# attributes and the ability to override filters. The user

experience of building MVC applications has also been substantially improved. The new, more tightly integrated, Visual Studio 2013 IDE has been created specifically with MVC application development in mind and provides a full suite of tools to improve development times and assist in reporting, debugging and deploying your code. The popular Bootstrap JavaScript library has also now been included natively within MVC 5 providing you, the developer, with a wider range of multi-platform CSS and HTML5 options than ever before without the penalty of having to load-in third party libraries.

How To Excel At Fire Department Promotional Exams Steve Prziborowski, 2013-10 Getting promoted in the fire service is not an easy process. Many people have that desire to promote, but for whatever reason cannot put the pieces together to make it a reality. Over the 20 plus years I have been in the fire service, I have had the opportunity to be on both sides of the promotional process - as a candidate, and as a rater and proctor. This book will assist fire department personnel specifically prepare for their next promotional exam. Promotional candidates will be exposed to and offered key points for the most common tasks and events within a fire department promotional process including,

but not limited to: promotional preparation, completing the application, resume preparation, the written exam, the oral interview, the personnel problem, the oral presentation, and the emergency simulation.
