Summer Fling Jean Copeland,2017-09-12 Kate Randall is a successful, sophisticated attorney terminally jaded since the demise of her long-term relationship. Now with best friends Didi and Viv by her side, she's savoring single life and the sweet taste of hard-won independence. As her friends navigate the poignant and amusing pitfalls of finding lasting love in their forties, she's quite content to watch from behind a cosmo. But when the girls drag Kate to a Pride event, sexy young singer Jordan Squire rocks the stable foundation Kate had struggled for years to build. Despite Kate's protests, Jordan's charms prove too powerful to resist, and they fall into a passionate summer love affair. But even if Kate can conquer her fear of repeating the past, can their relationship withstand the pressures of a significant age difference and the demands of Jordan's burgeoning music career?

Cyber Risk Management Christopher J Hodson,2019-06-03 Most organizations are undergoing a digital transformation of some sort and are looking to embrace innovative technology, but new ways of doing business inevitably lead to new threats which can cause irreparable financial, operational and reputational damage. In an increasingly punitive regulatory climate, organizations are also under pressure to be more accountable and compliant. Cyber Risk Management clearly explains the importance of implementing a cyber security strategy and provides practical guidance for those responsible for managing threat events, vulnerabilities and controls, including malware, data leakage, insider threat and Denial-of-Service. Examples and use cases including Yahoo, Facebook and TalkTalk, add context throughout and emphasize the importance of communicating security and risk effectively, while implementation review checklists bring together key points at the end of each chapter. Cyber Risk Management analyzes the innate human factors around risk and how they affect cyber awareness and employee training, along with the need to assess the risks posed by third parties. Including an introduction to threat modelling, this book presents a data-centric approach to cyber risk management based on business impact assessments, data classification, data flow modelling and assessing return on investment. It covers pressing developments in artificial intelligence, machine learning, big data and cloud mobility, and includes advice on responding to risks which are applicable for the environment and not just based on media sensationalism.

Free Throws, Friendship, and Other Things We Fouled Up Jenn Bishop,2023-10-24 Competitive basketball takes center court in this fast-paced novel about two girls finding the truth about themselves—and their families—against the backdrop of middle school and college hoops. Cincinnati, Ohio, lives and dies by college basketball, with two elite Division I rivals separated by a mere three miles. Rory's dad just secured a new coaching gig at the University of Cincinnati, so it means yet another school and move for her, only this time to her dad's hometown. Rory's life revolves around basketball; she's never had a close friend outside of it. Could this be a chance for a fresh start? Abby has always lived in Cincinnati, where her dad grew up playing ball and now coaches at Xavier University. But Abby has recently retreated from basketball after a frustrating season that left her confidence in shambles. This year, she finds herself on the outside looking in when it comes to her former teammates, and she could seriously use a new friend. The coaches' daughters connect over their shared love of the game when Abby chaperones Rory on her first day of school. But when Abby's dad practically forbids their friendship because of something that happened between him and Rory's dad when they were younger, Abby and Rory have no choice but to move their budding friendship underground. Can the two of them get to the bottom of what went down between their dads in the 1990s before history repeats itself? SPORTS BOOKS FOR GIRLS: This book stars two protagonists who love basketball in their own ways and features a spectrum of characters (including a basketball-playing nun!) who engage with the sport individually and distinctly. The breadth of athletes reflects the reality of sports for kids and young teens, making the story appealing to a wide range of readers. AUTHENTIC & ACCESSIBLE NARRATIVE: Reluctant readers and book lovers alike will find a genuine story that conveys real emotions, family struggles, and insecurities driven by the tension of middle school sports. FAST-PACED AND FUN: Unraveling like a mystery but moving like a he-said, she-said, and traveling through time and generations, this book has the right level of high stakes to keep readers hooked to the end. ENDURING LEGACY OF BASKETBALL: As one of the world's most popular sports, basketball is significant to people of all ages and carries a sense of nostalgia across generations. It's played in schools across the globe, on official sports teams and in gym class, and brings members of communities together in parks and recreational centers. This sport's positive influence on overlooked communities and students from economically impacted backgrounds also speaks to the importance of basketball at a social level. Perfect for: Fans of basketball Anyone looking for basketball books for teens and tweens Parents, teachers, and librarians seeking positive children's friendship books Readers of YA sports novels like *The Crossover* by Kwame Alexander, *Dragon Hoops* by Gene Luen Yang, and *Knockout* by K.A. Holt

Critical Image Configurations: The Work of Georges Didi-Huberman Stijn De Cauwer,Laura Katherine Smith,2020-06-09 This book illuminates a variety of the key themes and positions that are developed in the work of art historian and philosopher Georges Didi-Huberman, one of the most influential image-theorists of our time. Beginning with a translated exchange on the politics of images between Jacques Rancière and Georges Didi-Huberman, the volume further contains a translation of Didi-Huberman's essay on Georges Bataille's writings on art. The articles in this book explore the influence of Theodor Adorno and Aby Warburg on Didi-Huberman's work, the relationship between 'image' and 'people', his insights on witnessing and memory, the theme of phasmids and his reflections on aura, pathos and the imagination. Taken as a whole, the book will give readers an insight into the rich and expansive work of Didi-Huberman, beyond the books that are currently available in English. This book was originally published as a special issue of *Angelaki: Journal of the Theoretical Humanities*.

Free Within Ourselves Rudine Sims Bishop,2007-05-30 Presents a history of African American literature for children from its beginnings in the oral culture of the slaves of the South to the initial church works of the nineteenth century and its full emergence as a literature following the Harlem Renaissance.

Free Indirect Timothy Bewes,2022-07-26 Everywhere today, we are urged to “connect.” Literary critics celebrate a new “honesty” in contemporary fiction or call for a return to “realism.” Yet such rhetoric is strikingly reminiscent of earlier theorizations. Two of the most famous injunctions of twentieth-century writing—E. M. Forster’s “Only connect . . .” and Fredric Jameson’s “Always historicize!”—helped establish connection as the purpose of the novel and its reconstruction as the task of criticism. But what if connection was not the novel’s *modus operandi* but the defining aesthetic ideology of our era—and its most monetizable commodity? What kind of thought is left for the novel when all ideas are acceptable as long as they can be fitted to a consumer profile? This

book develops a new theory of the novel for the twenty-first century. In the works of writers such as J. M. Coetzee, Rachel Cusk, James Kelman, W. G. Sebald, and Zadie Smith, Timothy Bewes identifies a mode of thought that he calls “free indirect,” in which the novel’s refusal of prevailing ideologies can be found. It is not situated in a character or a narrator and does not take a subjective or perceptual form. Far from heralding the arrival of a new literary genre, this development represents the rediscovery of a quality that has been largely ignored by theorists: thought at the limits of form. Free Indirect contends that this self-awakening of contemporary fiction represents the most promising solution to the problem of thought today.

Love, Lies and Fireflies Jan Elder,2016-09-01 Didi O'Brien is engaged—at least she was an hour ago. Now she's not so sure. Her fiancé, the suave Kevin Cabot, has just revealed that he's been unfaithful, and he's not the least bit sorry. Reeling from the betrayal, with her plans for a happily-ever-after life in doubt, she prays for direction. The answer comes as a complete surprise. God has someone better in mind. Middle school teacher, Jake Montgomery, is struggling with some issues of his own. Sadly, a year previously his fiancée had been killed in a car crash. Battling anger and despair, in a mountain-top experience, Jake wrestles with the Almighty, and is ready to live again. In his youth, he'd felt an unmistakable call to the ministry but, like the prophet Jonah, since then, he's been running hard in the wrong direction. Through a crisis of faith, and glimpses of mercy, Didi and Jake find each other. But can they find the strength to resolve the many obstacles that conspire to keep them apart?

He drew a map to Kolkata Suhana Attar, The wind through my hair flicks felt good. Aman said ‘Roma, can I start?’ I paid all my attention to him and said ‘yes yes, what is it?’ Aman started saying a song ‘Tum ho toh, lagta hai mai hu..hmm hmm hmm., tum ho toh lagta hai mai hu !’ and sat on his knees. The whole berth was full with people and children from different places. They all started staring at us. I told him to get back to his position again. He didn't listen and said ‘it's been 2 years since I was with you and I am just flat on your beautiful smile, will you be mine ?’ I just got silent. I had nothing going in my mind because I just wanted to be in Kolkata soon. Have you ever been there? this is a small conversation between the main character Roma and her colleague Aman. The book is a romance, fictional novel. If you are up to these types of books, you must read them. This is my first book and looking forward to publishing more! Thank you!

How to Fix the Future Andrew Keen,2018-02-06 From data breaches to disinformation, a look at the digital revolution’s collateral damage with “practical solutions to a wide-range of tech-related woes” (TechCrunch). In this book, a Silicon Valley veteran travels around the world and interviews important decision-makers to paint a picture of how tech has changed our lives—for better and for worse—and what steps we might take, as societies and individuals, to make the future something we can once again look forward to. “A truly important book and the most significant work so far in an emerging body of literature in which technology’s smartest thinkers are raising alarm bells about the state of the Internet, and laying groundwork for how to fix it.”?Fortune “After years of giddiness about the wonders of technology, a new realization is dawning: the future is broken. Andrew Keen was among the first and most insightful to see it. The combination of the digital revolution, global hyperconnectivity, and economic dysfunction has led to a populist backlash and destruction of civil discourse. In this bracing book, Keen offers tools for righting our societies and principles to guide us in the future.”?Walter Isaacson, New York Times-bestselling author of Steve Jobs and Leonardo Da Vinci “Comparing our current situation to the Industrial Revolution, he stresses the importance of keeping humanity at the center of technology.”?Booklist “Valuable insights on preserving our humanity in a digital world.”?Kirkus Reviews (starred review)

Fatal Music (A Captain Darac Novel 2) Peter Morfoot,2017-04-04 Captain Paul Darac of the Brigade Criminelle arrives at a crime scene to find a woman's mutilated corpse. Initially routine, the case deepens and darkens into a complex enquiry that threatens to close in on Darac himself. But allegiances past and present must be set aside to unravel a tale of greed, deception and treachery that spans the social spectrum. It is among the winding streets of his own neighbourhood in Nice's old town, the Babazouk, that Darac faces his severest test yet.

Global Nepalis David N. Gellner,Sondra L. Hausner,2018-06-09 Migration has been a basic fact of Nepali life for centuries. Over the last thirty years, migration from Nepal has increased diaspora communities across the world. In these diverse contexts, to what extent do Nepalis reproduce their culture and pass it on to subsequent generations? How much of diaspora life is a response to social and political concerns derived from the homeland? What aspects of Nepali life and culture change? In this volume twenty-one authors address these issues through eighteen detailed case studies that tackle issues of livelihood, identity and belonging, internal conflict, and religious practice, in the UK, the USA, India, Southeast Asia, the Gulf countries, and Fiji. Throughout the volume, we see how being Nepali outside Nepal enables new categories and new kinds of identity to emerge, whether as Nepali, Gorkhali, or as a member of a particular ethnic, regional, or religious group. The common theme of Global Nepalis is the exploration of continuity, change, and conflict as new practices and identities develop in Nepali diaspora life.exponentially, leading to many new
