The Creative World of Mozart Paul Henry Lang, 1963 Every phase of his career and output, the workings of his mind, and his relations with other composers are being studied by scholars in various countries. This collection of articles were written for the *Musical Quarterly* by internationally known authorities who examine various aspects of Mozart's style, his works, and his life. The introduction is an essay on the special nature of Mozart's genius. Erich Hatzmann leads us into the composer's workshop; Edward E. Lowinsky and Hans T. David analyze his rhythm and harmony; Nathan Broder describes the instrument for which the piano works were written; Ernst Fritz Schmid contrasts Mozart's personality and output with those of his friend and older contemporary, Haydn; Friedrich Blume unravels the tangled skein of the creation of the requiem; Frederick W. Sternfeld establishes the relationship between Papageno's song and Bach's motet *Singet dem Herren ein neues lied*; Nathan Broder assesses A. E. Muller's Guide to the accurate performance of Mozartean Piano Concertos; and Otto Erich Deutsch investigates the errors and fallacies in Mozart biography.

Analytical Studies in World Music Michael Tenzer, 2006-05-25 Combining the approaches of ethnomusicology and music theory, *Analytical Studies in World Music* offers fresh perspectives for thinking about how musical sounds are shaped, arranged, and composed by their diverse makers worldwide. Eleven inspired, insightful, and in-depth explanations of Iranian sung poetry, Javanese and Balinese gamelan music, Afro-Cuban drumming, flamenco, modern American chamber music, and a wealth of other genres create a border-erasing compendium of ingenious music analyses. Selections on the companion website are carefully matched with extensive transcriptions and illuminating diagrams in every chapter. Opening rich cross-cultural perspectives on music, this volume addresses the practical needs of students and scholars in the contemporary world of fusions, contact, borrowing, and curiosity about music everywhere.

In Resonance , 1998-12-01 Within all of us there is an inner core. It is there where we can behold our own pulse, rhythmically, harmoniously blending with the divine. For many of us, this silent core folded in its unique rhythm, is hidden. We have yet to know of it and to experience its presence. This manual is to guide you as you seek to unfold the continuum of the eternal, divine pulse within you. Your handwriting is a mirror of your inner pulse. Symbolically, it reveals your attitudes, behavioral tendencies, inner resourcefulness, self-direction, and interpersonal motivations. That inner essence however, may not be known because of fears, anxieties, ego motivations, and self-destructive patterns. Thus there is disharmony clouding the inner rhythm. The lessons of this manual assist you in bringing into harmony and balance your modes of thinking, feelings, and willing. To involve different conscious levels, the lessons include form drawings, visualizations, reflections and affirmations, along
