Lovers & Players Jackie Collins,2010-02-02 Jackie Collins is back—in this deliciously scandalous novel, *Lovers & Players*. And she's giving her readers a revealing look into the private realms of her fabulously rich and sexy cast of characters. Dangerous sex, family secrets, irresistible power, mega money and two murders equal one reckless week in New York. *Lovers and Players* takes you on a high-powered trip from Park Avenue to Brooklyn. In *Lovers and Players*, the Diamond family's power extends from coast to coast. Max—a real estate tycoon; Chris—a Hollywood lawyer; and Jett—a young, handsome ex-druggie, now a successful model in Italy, must finally come face to face with their tyrannical father, Red, who has been controlling their world for as long as they can remember. Working as Red's housekeeper is Diahann, a beautiful black ex-singer. Her stunning bi-racial nineteen-year-old daughter, Liberty—a waitress who is a would-be singer herself—does not approve of her mother working as a housekeeper. Liberty has dreams of her own and while she pursues them, Damon P. Donnell, married hip-hop mogul supreme, pursues her. Amy Scott-Simon, a beguilingly pretty young New York heiress, is engaged to marry Max Diamond. At her bachelorette party she runs into Jett, Max's younger brother. Jet has no idea who Amy is. She also doesn't realize who he is. A one-night fling leads to major complications. As the lives of these characters intertwine, power, money, fame and love are the ties that bind—emotionally and otherwise—in this highly charged love story about family relationships and deadly choices.

The Internet Investor J. Timothy Maude,1999 Tim Maude knows investing, and he knows the Internet. He has compiled a list of trustworthy Internet sites for the investor who goes online. The guts of the book is the listings and reviews of thousands of Interact investing sites, designed to help the cyber investor gather trustworthy information.

The Amber Room Adrian Levy,2009-05-26 The history of art has produced few works as ambitious and as valuable as the Amber Room. Famous throughout Europe as the eighth wonder of the world, its vast and intricately worked amber panels were sent in 1717 by Frederick I of Prussia as a gift to Peter the Great of Russia. Erected some years later, they quickly became a symbol of Russia's imperial might. For more than two hundred years the Amber Room remained in its Russian palace outside St. Petersburg (Leningrad), but when the Nazi army invaded Russia and swept towards Leningrad in 1941, the panels were wrenched from the walls, packed into crates, and disappeared from view, never to be seen again. Dozens of people have tried to trace the whereabouts of the Amber Room, and several of them have died in mysterious circumstances. Adrian Levy and Catherine Scott-Clark have gone further along the trail of this great lost treasure than anyone before them, and have unraveled the jumble of evidence surrounding its fate. Their search catapulted them across eastern Europe and into the menacing world of espionage and counterespionage that still surrounds Russia and the former Soviet bloc. In archives in St. Petersburg and Berlin, amid boxes of hitherto unseen diaries, letters, and classified reports, they have uncovered for the first time an astounding conspiracy to hide the truth. In a gripping climax that is a triumph of detection and narrative journalism, *The Amber Room* shows incontrovertibly what really happened to the most valuable lost artwork in the world, and why the truth has been withheld for so long.

Taj Mahal Diana Preston,2009-05-26 While Galileo suffered under house arrest at the hands of Pope Urban VIII, the Thirty Years War ruined Europe, and the Pilgrims struggled to survive in the New World, work began on what would become one of the Seven Wonders of the World: the Taj Mahal. Built by the Moghul emperor Shah Jahan as a memorial to his beloved wife, Mumtaz Mahal, its flawless symmetry and gleaming presence have for centuries dazzled everyone who has seen it, and the story of its creation is a fascinating blend of cultural and architectural heritage. Yet, as Diana & Michael Preston vividly convey in the first narrative history of the Taj, it also reflects the magnificent history of the Moghul Empire itself, for it turned out to mark the high point of the Empire's glory at the same time as it became a tipping point in Moghul fortunes. The roots of the Moghul Empire lie with the legendary warriors Genghis Khan and Tamburlaine; at its height it contained 100 million people, from Afghanistan in the north and present-day Pakistan in the west, to Bengal in the east and southwards deep into central India.. With the storytelling skills that characterize their previous books, Diana & Michael Preston bring alive both the grand sweep of Moghul history and the details that make it memorable: the battles and dynastic rivalries that forged the Empire alongside an intimate chronicle of daily life within the imperial palace. A tale of overwhelming passion, the story of the Taj has the cadences of Greek tragedy and the ripe emotion of grand opera, and puts a memorable human face on the marble masterpiece.

The Medici Giraffe Marina Belozerskaya,2014-06-05 A history of the influential role of exotic animals cites their application as diplomatic gifts and royal treasures, sharing such tales as those about the organized Medici hunts that were aided by cheetahs, Josephine Bonaparte's black swan breeding practices, and William Randolph Hearst's private California preserve.

The Mystery of the Hanging Garden of Babylon Stephanie Dalley,2013-05-23 Identifies and locates one of the Ancient World wonders -- New description of a very early garden and the technology behind its water supply -- Identifies the early occurrence of the Water-raising Screw -- Links Assyrian texts and sculpture to later classical sources and explains legends surrounding the characters of Semiramis and Nebuchadnezzar -- Reassesses specific sculpture in the British Museum. --Publisher.

Faberge's Eggs Toby Faber,2008-05-01 This is the story of Faberge's Imperial Easter eggs - of their maker, of the tsars who commissioned them, of the middlemen who sold them and of the collectors who fell in love with them. It's a story of meticulous craftsmanship and unimaginable wealth, of lucky escapes and mysterious disappearances, and ultimately of greed, tragedy and devotion. Moreover, it is a story that mirrors the history of twentieth-century Russia - a satisfying arc that sees eggs made for the tsars, sold by Stalin, bought by Americans and now, finally, returned to post-communist Russia. There is also an intriguing element of mystery surrounding the masterpieces. Of the fifty 'Tsar Imperial' eggs known to have been made, eight are currently unaccounted for, providing endless scope for speculation and forgeries. This is the first book to tell the complete history of the eggs, encompassing the love and opulence in which they were conceived, the war and revolution that scattered them, and the collectors who preserved them.

Yeah, reviewing a ebook **Digital Quikquote Pro** could add your near contacts listings. This is just one of the solutions for you to be successful. As understood, carrying out does not recommend that you have wonderful points.

Comprehending as skillfully as treaty even more than new will offer each success. adjacent to, the broadcast as capably as insight of this Digital Quikquote Pro can be taken as capably as picked to act.
