Ask a Manager Alison Green,2018-05-01 From the creator of the popular website Ask a Manager and New York’s work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There’s a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don’t know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You’ll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you’re being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate’s loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green’s] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

Rosa Parks Rosa Parks,Jim Haskins,1999-01-01 Rosa Parks is best known for the day she refused to give up her seat on a segregated bus, sparking the Montgomery, Alabama, bus boycott. Yet there is much more to her story than this one act of defiance. In this straightforward, compelling autobiography, Rosa Parks talks candidly about the civil rights movement and her active role in it. Her dedication is inspiring; her story is unforgettable. The simplicity and candor of this courageous woman's voice makes these compelling events even more moving and dramatic.--Publishers Weekly, starred review

Cargo Cult Lamont Lindstrom,2019-03-31 Who is not captivated by tales of Islanders earnestly scanning their watery horizons for great fleets of cargo ships bringing rice, radios and refrigerators - ships that will never arrive? Of all the stories spun about the island peoples of Melanesia, tales of cargo cult are among the most fascinating. The term cargo cult, Lamont Lindstrom contends, is one of anthropology's most successful conceptual offspring. Like culture, worldview and ethnicity, its usage has steadily proliferated, migrating into popular culture where today it is used to describe an astonishing roll-call of people. It's history makes for lively and compelling reading. The cargo cult story, Lindstrom shows, is more significant than it at first appears, for it recapitulates in summary form three generations of anthropological theory and Pacific studies. Although anthropologists' enthusiasm for the notion of cargo cult has waned, it now colors outsiders' understanding of Melanesian culture, and even Melanesians' perceptions of themselves. The repercussions for contemporary Islanders are significant: leaders of more than one political movement have felt the need to deny that they are any kind of cargo cultist. Of particular interest to this history is Lindstrom's argument that accounts of cargo cult are at heart tragedies of thwarted desire, melancholy anticipation and crazy unrequited love. He makes a convincing case that these stories expose powerful Western scenarios of desire itself—giving cargo cult its combined titillation of the fascinating exotic and the comfortably familiar.

Should We Eat Meat? Vaclav Smil,2013-03-18 Meat eating is often a contentious subject, whether considering the technical, ethical, environmental, political, or health-related aspects of production and consumption. This book is a wide-ranging and interdisciplinary examination and critique of meat consumption by humans, throughout their evolution and around the world. Setting the scene with a chapter on meat’s role in human evolution and its growing influence during the development of agricultural practices, the book goes on to examine modern production systems, their efficiencies, outputs, and impacts. The major global trends of meat consumption are described in order to find out what part its consumption plays in changing modern diets in countries around the world. The heart of the book addresses the consequences of the massive carnivory of western diets, looking at the inefficiencies of production and at the huge impacts on land, water, and the atmosphere. Health impacts are also covered, both positive and negative. In conclusion, the author looks forward at his vision of “rational meat eating”, where environmental and health impacts are reduced, animals are treated more humanely, and alternative sources of protein make a higher contribution. Should We Eat Meat? is not an ideological tract for or against carnivorousness but rather a careful evaluation of meat's roles in human diets and the environmental and health consequences of its production and consumption. It will be of interest to a wide readership including professionals and academics in food and agricultural production, human health and nutrition, environmental science, and regulatory and policy making bodies around the world.

The Prince of Los Cocuyos Richard Blanco,2014-09-30 “In this vibrant memoir, Obama-inaugural poet Richard Blanco tenderly, exhilaratingly chronicles his Miami childhood amid a colorful, if suffocating, family of Cuban exiles, as well as his quest to find his artistic voice and the courage to accept himself as a gay man.” — O, The Oprah Magazine A poignant, hilarious, and inspiring memoir from the first Latino and openly gay inaugural poet, which explores his coming-of-age as the child of Cuban immigrants and his attempts to understand his place in America while grappling with his burgeoning artistic and sexual identities. Richard Blanco’s childhood and adolescence were experienced between two imaginary worlds: his parents’ nostalgic world of 1950s Cuba and his imagined America, the country he saw on reruns of The Brady Bunch and Leave it to Beaver—an “exotic” life he yearned for as much as he yearned to see “la patria.” A prismatic and lyrical narrative rich with the colors, sounds, smells, and textures of Miami, Richard Blanco’s personal narrative is a resonant account of how he discovered his authentic self and ultimately, a deeper understanding of what it means to be American. His is a singular yet universal story that beautifully illuminates the experience of “becoming;” how we are shaped by experiences, memories, and our complex stories: the humor, love, yearning, and tenderness that define a life.

Glitz Elmore Leonard,2009-10-13 “Intense....A higher caliber of entertainment.” —New York Times Elmore Leonard’s Glitz is a killer...in the best possible way. “The King Daddy of crime writers” (Seattle Times) electrifies with this unputdownable noir tale of a mama’s boy psycho killer with a vendetta against a Miami cop. A cat-and-mouse tale with claws, Glitz is thrilling, frightening, explosive, surprising, everything a great thriller is supposed to be—superior crime fiction the genre’s late greats, John D. MacDonald, Dashiell Hammett, James M. Cain, et al, would have been proud to call their own. Elmore Leonard, the creator of magnificent mayhem and truly unforgettable characters—like U.S. Marshal Raylan Givens of the hit TV series Justified—is at his nail-biting, page-turning best with Glitz which Stephen King in the New York Times Book Review calls, “Smashing and satisfying.”

Teaching Writing from a Writer's Point of View Terry Hermsen,Robert Fox,1998 Based on a series of successful summer writing institutes, this book presents practical ways for teachers to reinvigorate their classrooms and their own attitudes toward creative writing. In four complementary sections focusing on four groups of writers--creative writers in residence, K-12 students and teachers who participated in the summer institutes, and established writers such as Ron Carlson and Scott Russell Sanders--the book demonstrates the enormous variety and high quality of writing that result when people use writing to discover what they want to say. After an introduction by Robert Fox (The Experience of Writing: A Summer Institute), the first section presents essays by Ohio writers in the schools; Doing Our Own Possibility: Journal of a Residency at Columbiana County Head Start Centers (Debra Conner); Playwriting: A Teaching Approach Using the Stories of Our Lives (Michael McGee London); Just across the Street: The Story of a Teacher-Based Residency (Lynn Powell); Translytics: Creative Writing Derived from Foreign Language Texts (Nick Muska); How to Do a Poetry Night Hike (Terry Hermsen); and Reading to a Sky of Soba (David Hassler). The second part presents poems, stories, and plays from 13 Ohio schools. The third part presents essays from participants in the experience of writing: When Spirit Moves, Children Sing (MaryAnn Titus); Sudden Revelation: Fiction Writing in the Classroom (Carl H. Krauskopf III); A Year of Writing Workshop (Mary L. Noble); Word Works: Building a Community of Writers (Janice M. Gallagher); andGreen Digits and Colons: Find Time to Write (Barry Peters). The last section presents essays from experiences of writing faculty: Turning the Desk (Ron Carlson); The Singular First Person (Scott Russell Sanders); and Reveling in the World: An Interview with Christopher Merrill on the Power of Language and Teaching (Terry Hermsen). Let's Pretend This Never Happened Jenny Lawson,2013-03-05 The #1 New York Times bestselling (mostly true) memoir from the hilarious author of Furiously Happy. “Gaspingly funny and wonderfully inappropriate.”—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent Let’s Pretend This Never Happened, Lawson’s long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. Systems of Classification in Premodern Medical Cultures Ulrike Steinert,2020-07-21 Systems of Classification in Premodern Medical Cultures puts historical disease concepts in cross-cultural perspective, investigating perceptions, constructions and experiences of health and illness from antiquity to the seventeenth century. Focusing on the systematisation and classification of illness in its multiple forms, manifestations and causes, this volume examines case studies ranging from popular concepts of illness through to specialist discourses on it. Using philological, historical and anthropological approaches, the contributions cover perspectives across time from East Asian, Middle Eastern and Mediterranean cultures, spanning ancient Egypt, Mesopotamia, Greece and Rome to Tibet and China. They aim to capture the multiplicity of disease concepts and medical traditions within specific societies, and to investigate the historical dynamics of stability and change linked to such concepts. Providing useful material for comparative research, the volume is a key resource for researchers studying the cultural conceptualisation of illness, including

anthropologists, historians and classicists, among others.

Stiff: The Curious Lives of Human Cadavers Mary Roach,2004-05-17 Beloved, best-selling science writer Mary Roach’s “acutely entertaining, morbidly fascinating” (Susan Adams, Forbes) classic, now with a new epilogue. For two thousand years, cadavers – some willingly, some unwittingly – have been involved in science’s boldest strides and weirdest undertakings. They’ve tested France’s first guillotines, ridden the NASA Space Shuttle, been crucified in a Parisian laboratory to test the authenticity of the Shroud of Turin, and helped solve the mystery of TWA Flight 800. For every new surgical procedure, from heart transplants to gender confirmation surgery, cadavers have helped make history in their quiet way. “Delightful—though never disrespectful” (Les Simpson, Time Out New York), Stiff investigates the strange lives of our bodies postmortem and answers the question: What should we do after we die? “This quirky, funny read offers perspective and insight about life, death and the medical profession. . . . You can close this book with an appreciation of the miracle that the human body really is.” —Tara Parker-Pope, Wall Street Journal “Gross, educational, and unexpectedly sidesplitting.” —Entertainment Weekly

Late Postmodernism J. Green,2005-05-12 Does the novel have a future? Questions of this kind, which are as old as the novel itself, acquired a fresh urgency at the end of the twentieth-century with the rise of new media and the relegation of literature to the margins of American culture. As a result, anxieties about readership, cultural authority and literary value have come to preoccupy a second generation of postmodern novelists. Through close analysis of several major novels of the past decade, including works by Don DeLillo, Philip Roth, Kathryn Davis, Jonathan Franzen and Richard Powers, Late Postmodernism examines the forces shaping contemporary literature and the remarkable strategies American writers have adopted to make sense of their place in culture.
