These errors might seem minor, such as moving out while things get sorted out, or thinking of “temporary” orders as being truly temporary. But when they get to court, these men discover they have put themselves in a terrible position. They may have to give up their house, pay impossibly high alimony, or even lose custody. You could be one of these men. But you don’t have to be. Joseph Cordell, the founder of the nation’s largest law firm focusing on men’s divorce and the creator of the Dads Divorce website, has seen the consequences of the mistakes men make. Drawing upon the huge number of cases that Cordell & Cordell has handled, this book identifies the 10 most common mistakes that end up hurting men in divorce. Cordell demystifies the divorce process, explains what judges consider in making their final decisions, and lays out a road map for positive actions men can take to achieve the best possible outcome. No man should face divorce without this book.

Missy Benson has a two and a half carat diamond engagement ring with color grade H, VS2 clarity and a value of \$36,000. It's absolutely gorgeous, practically flawless, and let's be honest, really big! But what the successful Chicago realtor doesn't have anymore is a husband. After 12 years of marriage, her husband, Paul, a handsome, wealthy attorney

has devastated her by breaking up their marriage for Priscilla Sommerfeld, a young, personal trainer, who according to Missy's sassy assistant, J.J., looks more like a Las Vegas stripper than a fitness expert. Not sure what to do with her ring, and with no financial issues to worry about, Missy decides to put it up for sale on Craigslist. The price: 99 cents! The catch: She gets to pick the buyer. In essence, she's looking for the perfect guy, but not for herself. Her hope is to regain faith that good men do exist, and that marriages can last forever. Now referring to herself as the divorced girl, Missy interviews dozens of young men who are vying for the huge ring. It's a contest that includes outrageous characters, hilarious and sentimental stories, and two finalists, both of whom Missy adores and who she must choose between. Then there's Parker Missoni, the sexiest contestant by far, who drives her crazy with his brutal honesty, and at the same time stops her heart with his deep brown eyes. *Divorced Girl Smiling* is the story of a woman's journey to do whatever it takes to heal herself from divorce. It's about acceptance, reflection, taking accountability for mistakes, and appreciating all of life's wonderful gifts. In other words, if you have the guts to put the past behind, admit your mistakes, embrace your future, and give love another chance, you will surely be a divorced girl smiling.

The Complete Guide to Divorce Law Nihara K. Choudhri, 2004 Divorce in the United States is becoming more prevalent than ever. More than 2.3 million Americans divorce each year, and half of all marriages and 60% of all remarriages end in divorce. And the costs of ending a marriage--(both financial and emotional)--are staggering; the most conservative estimated cost of divorce is \$15,000 and average legal fees range from \$20,000 to \$30,000. And with most lawyers fees reaching \$300 or more an hour, there is a widespread need for accessible, inexpensive, and trustworthy information on all aspects of divorce. *The Complete Guide to Divorce Law* provides readers who have no legal background with a detailed explanation of divorce law in each of the 50 states, which will help to minimize these legal fees and some of the emotional trauma that accompanies a divorce. For a fraction of the cost of an hour with their divorce lawyer, legal expert Nikara Choudri provides an easy to understand explanation of legal rules governing alimony, child support, child custody, and visitation. Now everyone going through a divorce will learn the requirements for filing for divorce, how divorce courts divide property, the qualifications for alimony, and how much child support will be required in a specific case. From the basic subjects, like determining the grounds for divorce, to complex topics like pensions, stock options, and professional licenses and degrees, Choudri offers sound, step-by-step advice that will help those contemplating the dissolution of a marriage to negotiate a settlement directly with a spouse as well as helping them to determine whether they can reach an out of-court settlement. With chapters on such topics ranging from transmutation to drafting an out-of-court agreement, this is an invaluable guide that will help everyone make informed rational decisions while coping with the difficult issues that can arise in a heated divorce.

The Legal Side of Love B. B. Jacobs, 2014-05-03 INTRODUCTION! I'll keep it simple as not to waste your time. After going through a divorce as a Pro Se Litigant which simply means to represent oneself, I knew I was in for an experience that would be comical at best as my opponent was a legal veteran and probably had written the laws himself. Like you, I let my heart rule my head and approached my marriage with trust and unbridled abandon without consideration of the rules which protect one's assets in the event of a divorce. Now, looking into the eyes of the abyss and the pleasure of sparring in the legal boxing ring with an industry champion, I knew the only way to stand a chance was to learn the laws which dictated what rightfully and legally belonged to me...so I thought. For example; if you simply believe the property you have purchased long before your spouse was in your life is yours, you may be right. However, if poorly managed, that same property may become your goodbye gift for him to keep. That said, learning the money habits according to the legal guidelines will protect what you have worked so hard for all these years. These actions are nonnegotiable and are more effective than an attorney; simply put, separate property (your property or his property) is defined by how you managed it all these years. If done correctly with just one simple rule, no one can legally take it from you, not even the judge. This is your best chance at intelligently keeping your hard earned assets and it's much easier than you would believe. LEARN IT OR LOSE IT! THESE ARE YOUR OPTIONS. So when I say LEARN IT OR LOSE, it's because these are truly your options and don't believe for a second an attorney can change that because the law is the law

only in writing. In family court, “9/10 of the law” doesn't apply. Your actions are your best weapon. Learn it because you have earned it and if not for yourself, do it for your children as their future depends on how well you manage your money and assets just the same. Therefore, going through my own divorce; I immersed myself in Texas Family Law to learn everything I possibly could in hopes to have some sort of educated approach. What I learned was astonishing and more importantly, here is what EVERYONE should understand more than the legal guidelines themselves..., If the average citizen in love knew what I now know, they would NEVER consider living together, let alone get married or divorced without knowing where you stand which is determined by how well you have managed your assets and not by what an attorney or the laws may express. I am fully confident most would approach their love lives differently having the same legal knowledge I now have. Keep what is yours. Simply learn the basics. This book is an introduction to the legal guidelines by which the courts use to measure your demise. Whether you are living together, getting married or considering a divorce, you must learn it especially before seeking legal advice.

Eventually, you will utterly discover a new experience and talent by spending more cash. yet when? attain you acknowledge that you require to acquire those every needs considering having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will guide you to comprehend even more not far off from the globe, experience, some places, bearing in mind history, amusement, and a lot more?
