Peter Williams

Danger Do Not Cross Sandra Alex,2023-08-28 An ice queen. A billionaire. A bribe turned to hell. And a date that leads Griffin into the wrong arms...at just the right moment. We're smack dab in the middle of the biggest land development deal we've ever had. Sure, it's with our brothers, but there's still an expectation to uphold. Which is why it's all that much more difficult to keep my head on straight. Especially when a certain someone ends up in the hospital, and I spend the night with her. It looks bad, I know, but I wasn't leaving her. But now she's pushing me away, like she's punishing me for helping her. The girl is messed up. And don't give me any of that crap about her healing from her past. Yolanda's just cold. She's looking to make me look bad. Until another certain someone comes into the picture. No, she doesn't like that at all, so now all bets are off and the tables are turned. I can't wait to see how she reacts when this other woman shows up unexpectedly, a half day's drive away from home, just to see me. We'll see then what Yolanda's true colors are. *** Griffin is just like every other man. He wants me just to fulfill some locker room bet between him and his brothers. They all know who I am and what I used to be. It is all because of one of the Ford brothers and his big mouth. I will never live this legacy down. I will never find true happiness. I will always be hurt because of something that I did for survival. So when Griffin proves me wrong, you will understand why I must send him away. Because I know that deep down it will never work. Until I am given a grave scare and in that same breath a miracle swoops in and shows me how blind I have been. I am a fool. But will I also be a lonely fool? Only an encounter with the devil can show me if that is true. But it could all come tumbling down, anyway, because of another Ford brother, who has broken a cardinal rule. Will this family ever know peace? Will I? Only time will tell... HEA (Happily Ever After) Billionaire romance Medical romance Military romance Medium heat Course language Mild cliffhanger ending

The Cross Is Not Enough Ross Clifford,Philip Johnson,2012-01-01 If Christ had not risen from the dead, if God's plan for redemption had ended at the cross, what would our faith look like? Have we become so fixated on the cross that we have lost an understanding of the centrality of the resurrection? And if we ignore the resurrection, what effect does that have on our worldview, our evangelism, and our Christian practice? In The Cross Is Not Enough, Ross Clifford and Philip Johnson explore how the resurrection of Christ has been understood in times past and restore this linchpin doctrine to its rightful place as the basis of our hope, our worldview, and the way we live our lives. They compare Christianity's unique understanding of resurrection to other world religions and explore why the resurrection connects so readily with the human psyche. Pastors, teachers, students, and anyone involved in ministry will benefit from this insightful and engaging treatment of Christianity's most important doctrine.

Police Line Kelly Donovan,2020-06-28 Many people talk about the bad apples in policing. Kelly Donovan was an outstanding good apple within a Canadian police service, when she blew the whistle on corrupt practices when police investigate police. She did what we would expect any good police officer to do, she tried to affect positive change from within. Her efforts left her facing a discipline proceeding, gag measures and she was removed from her prestigious position at the police service. Even after resigning from the profession, Kelly continues to face retaliation by the police service who is using judicial processes to continue to try to silence her. Kelly's story will shock any taxpaying citizen, and explain why there is so much secrecy and fear within the policing culture in North America. Every single government official that Kelly has reached out to for help has turned a blind eye to the whistleblower retaliation she has faced. With the defunding of police services and #BlackLivesMatter issues being on the forefront, it is more important than ever for people to understand why there are so many bystanders in policing; those who remain silent when they witness something they know is wrong. Speaking up is fatal to a Canadian police officer's career. Kelly's book Police Line: Do Not Cross is a modern-day David and Goliath. This book is a must read for anyone in policing, considering a career in policing or government, or anyone interested in the evolution of government and judicial responsibility.

Chickens May Not Cross the Road and Other Crazy(But True) Laws Kathi Linz,2007-12-28 It is against the law in Brooklyn, New York, for donkeys to sleep in bathtubs. In Idaho you are not allowed to fish while sitting on a giraffe. In California you must not keep slugs as pets. Yes, it's the law—says so right on the state or city books. Some of the most ludicrous laws in the history of our country come to light in this funny and fascinating book for young citizens . . . citizens who have a special appreciation for the tyranny of silly rules.

Don't Hex and Drive Juliette Cross,2020-09-08 Notoriously bad at peopling, Isadora Savoie spends most of her time in the greenhouse or at the local animal shelter, using her Conduit powers of growth and healing. Content to remain in the background of the Savoie sister shenanigans, she's reluctantly roped into the mystery of missing neighborhood girls. Now, she's partnered with a flashy, flirty vampire to find them before it's too late. Devraj Kumar has seen and done it all. Three hundred years roaming the earth as a Stygorn—a legendary vampire warrior who operates in the shadows—has its perks. But ennui has set in. That is, until he has a run-in—literally—with an intriguing witch while on a new assignment in New Orleans. Fascinated by her resistance to his charms, Devraj can't help but push her buttons in an effort to get to know the shy witch. Fortunately for him, she's been recruited by the Lord of Vampires to assist Devraj on the case. Between a Bollywood marathon, supernatural dating app, secret package, and sexy driving instruction, Isadora is in over her head. And Devraj? After just one taste, he's playing for keeps.

Don't Throw Away Your Stick Till You Cross the River Vincent Beach,Anni Beach,2010-12-14 Vincent Beach has crossed many rivers, beginning in 1944 when he left his rural Jamaican home and enlisted in the Royal Air Force. He dreamed of becoming a jazz musician and without any musical background, bought an old clarinet and began to practice. He emigrated to the United States and, with little education and even less money, joined the United States Air Force and completed a 22-year career as a military bandsman. In his autobiography Vincent shares the intimate details of his inspiring life. An ordinary man by his own description he has experienced a lot—from war, to racism, to love found, lost, and rediscovered, to the birth of his children, and the tragic deaths of two of them from Lupus. Vincent's heartwarming story will engender hope and optimism in readers everywhere. Book jacket.

The Non-Christian Cross John Denham Parsons,2020-12-17 The history of the symbol of the cross has had an attraction for the author ever since, as an enquiring youth, he found himself

unable to obtain satisfactory answers to four questions concerning the same which presented themselves to his mind. Pursuing these matters for himself, the author eventually found that even before our era the cross was venerated by many as the symbol of Life; though our works of reference seldom mention this fact, and never do it justice. He moreover discovered that no one has ever written a complete history of the symbol, showing the possibility that the stauros or post to which Jesus was affixed was not cross-shaped, and the certainty that, in any case, what eventually became the symbol of our faith owed some of its prestige as a Christian symbol of Victory and Life to the position it occupied in pre-Christian days. The author has therefore, in the hope of drawing attention to the subject, incorporated the results of his researches in the present book.

The Graphic Canon of Crime and Mystery, Vol. 1 Russ Kick,2017-11-28 The first of two volumes builds on the brilliant and original Graphic Canon series in retelling classic works of literature as comics and other visual forms. Organized thematically, Volume 1 opens with The Act (think In Cold Blood and A Clockwork Orange), followed by sections dedicated to Criminals, Whodunit, Judgment (Scarlet Letter, anyone?), and Punishment. Here you'll find stunning and suspenseful adaptations starring classic PIs Sherlock Holmes, Auguste Dupin, Hercule Poirot, Father Brown, Mike Hammer, and teenage girl-detective Violet Strange. But the mystery, intrigue, and foul play don't end (or begin) there. The artists also bring to life crime stories from the Arabian Nights, the Bible, The Canterbury Tales, China's Song Dynasty, Shakespeare, James Joyce's Dubliners, Patricia Highsmith, Truman Capote, and current writers like Stephen King, Jo Nesbo, and Sara Paretsky. Rick Geary brings his crisp style to Dostoevsky's Crime and Punishment. Teddy Goldenberg gives us a dense, murky treatment of Dashiell Hammett's The Road Home, often considered the first hardboiled detective story ever published. C. Frakes resurrects the forgotten novella Talma Gordon, the first mystery written by an African American; and Shawn Cheng renders the first serial-killer story, the so-called fairy tale Bluebeard by Charles Perrault. Even the very natures of crime, justice, and punishment are up for grabs. Landis Blair reimagines The Trial, as a choose-your-own-adventure story that you cannot win, Ted Rall retells an O. Henry story about a petty criminal who just can't get arrested. From The Marquis de Sade to James Cain, Aeschylus to Paula Hawkins, crime and mystery has never been so brilliantly reimagined.

Israel and the Covenants in New Testament Times Peter Williams, A Bible student reference A New Testament prophecy of a falling away from truth into apostasy and lawlessness, in the final generation before Jesus Christ returns in glory, is being fulfilled now and is shortly to end. Yet Christianity has overwhelmingly moved so far from its first century roots that it could not even recognise this - or that Christ's return is therefore now almost upon us! How and why this is the case is here explained thoroughly and logically with many examples directly from the word of God. In God's saving plan for the world, everyone must in time make a free will choice to become part of the 'Israel of God' in order to access eternal life in the kingdom of God. The route to take is the "strait and narrow" way (Mat 7:13-14) that very few have so far found, and it involves the biblical new and old covenants which both apply to this Israel. Embark on this voyage only if you are willing to: be challenged about some basic Christian preconceptions, be a serious open-minded Bible student, and trust what the Bible teaches - but remember that time is short. "What the Bible has taught me I see as both vital and urgent for our eternal salvation; yet I know of no church or individual theologian who teaches what this book deals with in any substantive way" "Be prepared for major challenges to your understanding just as God has challenged me." "In the epistles, Paul refers to two Israels whom he calls Israel after the flesh (I Cor 10:18) and the Israel of God (Gal 6:16); I focus mainly on the latter (but I also explain an unexpected but critically important connection between them)" "Dependent on the teaching, nearly all Christian denominations either teach nothing at all on it or almost the opposite of what Scripture repeatedly showed me. Looking back, I find this absolutely staggering!" "Very few [Christians] understand that the new covenant also only applies to Israel (as I will clearly show)." "I no longer believe that the NT [New Testament] can be fully understood without this extra Israel dimension" "Had I felt I could deliver this in a more light-hearted way I would have done so, but its implications are too awesome and fundamental to our eternal life prospects for that"

Crossing to Safety Wallace Stegner,2007-12-18 Introduction by Terry Tempest Williams Afterword by T. H. Watkins Called a "magnificently crafted story . . . brimming with wisdom" by Howard Frank Mosher in The Washington Post Book World, Crossing to Safety has, since its publication in 1987, established itself as one of the greatest and most cherished American novels of the twentieth century. Tracing the lives, loves, and aspirations of two couples who move between Vermont and Wisconsin, it is a work of quiet majesty, deep compassion, and powerful insight into the alchemy of friendship and marriage.

Sometimes You Have to Cross When It Says Don't Walk Lesley Visser,2017-12-26 Lesley Visser is living proof that, no matter where you start, if you are motivated and passionate, your dreams can come true. When Lesley was 11, she told her mother that she wanted to be a sportswriter. The job didn't exist for women in 1964, but her mother—instead of suggesting she become a teacher or a nurse—replied, Great! Sometimes you have to cross when it says, 'Don't walk.' That answer changed Lesley's life. Even though no one had done it before, it gave her the strength and self-confidence to try—permission to cross against the light. When Lesley began, the credentials said, No Women or Children in the Press Box, but she didn't let that stop her. Lesley covered sports for more than 40 years, pioneering women's journalistic presence in men's professional sports, from inside the locker room to out on the field. She's the first and only woman to be enshrined in the Pro Football Hall of Fame and to ever present the Vince Lombardi Trophy at the Super Bowl. And she's the only sportscaster in history to have worked on the network broadcasts of the Final Four, Super Bowl, World Series, NBA Finals, Triple Crown, Olympics, U.S. Open, and the World Figure Skating Championship. Lesley currently appears on CBS's We Need to Talk, the first-ever nationally televised all-female weekly hour-long sports show. Lesley's had her share of hurdles and stumbles. But with passion, perseverance, and dedication, she found a way to achieve her dream, learning valuable lessons along the way. (Hint: Humor goes further than anger, and no, we can't all look like Beyoncé.) In Sometimes You Have to Cross When It Says 'Don't Walk,' Lesley Visser shares her historic journey through the world of sports broadcasting with innate wisdom and good humor. For sports fans who grew up with Lesley, her memoir reads like a walk down memory lane, full of behind-the-camera, VIP-access stories involving John Madden, Jerry Jones, Bill Belichick, Joe Torre, and many more famous sports figures. But even those hearing her story for the first time, no matter what their background, will be inspired to chase their dreams, blaze new trails, and pursue the life they want.

Not War, Not Peace? George Perkovich,Toby Dalton,2016-08-04 The Mumbai blasts of 1993, the attack on the Indian Parliament in 2001, Mumbai 26/11—cross-border terrorism has continued unabated. What can India do to motivate Pakistan to do more to prevent such attacks? In the nuclear times that we live in, where a military counter-attack could escalate to destruction beyond imagination, overt warfare is clearly not an option. But since outright peace-making seems similarly infeasible, what combination of coercive pressure and bargaining could lead to peace? The authors provide, for the first time, a comprehensive assessment of the violent and non-violent options available to India for compelling Pakistan to take concrete steps towards curbing terrorism

originating in its homeland. They draw on extensive interviews with senior Indian and Pakistani officials, in service and retired, to explore the challenges involved in compellence and to show how non-violent coercion combined with clarity on the economic, social and reputational costs of terrorism can better motivate Pakistan to pacify groups involved in cross-border terrorism. Not War, Not Peace? goes beyond the much discussed theories of nuclear deterrence and counterterrorism strategy to explore a new approach to resolving old conflicts.
