Domesticating Information Carol E. B. Choksy,2006 Domesticating Information: Managing Documents Inside the Organization examines records and documents as complex business objects and explores the many different perspectives required for their management. Viewing documents as business objects requires a much different perspective from treating them as cultural artifacts, where preservation is the primary concern. When viewed as business objects, documents must be looked at in terms of integration with business processes, in defense of litigation subpoenas, or in the implementation of information technology. As a consequence, records managers are business analysts, and therefore are treated as such in this book. How information technology, the law, archives, and library & information science scholarship address and affect document and records management are all considered. Topics covered include: how to manage documents and records in any environment, hard copy vs. electronic documents, and how to create a foundation for managing records that addresses the needs of business and government. By addressing the needs of business and government, the needs of citizens, business web stakeholders, and archivists are also fully addressed.

Regimes Profissionais de Segurança Social - Sistema Complementar de Segurança Social Apelles J. B. Conceição,António Santos Luiz,2023-06-26 A legislação da segurança social profusa e dispersa, apesar de algumas iniciativas sectoriais de organização, continua a constituir no seu conjunto, na expressão do Prof. Sérvulo Correia, uma verdadeira selva normativa. Naturalmente não escapam a esta situação os diplomas relativos ao Sistema Complementar de Segurança Social não público. Assim, pretendendo dar algum contributo para facilitar o acesso à lei aplicável, a presente colectânea procede à sistematização, consolidação e indexação dos principais instrumentos normativos dos doutrinariamente designados Regimes Profissionais de Segurança Social ou Planos de Pensão Profissionais, em matéria de regulação, supervisão prudencial e fiscalização dos imperativos mecanismos de mercado - atribuição legal do Estado para salvaguarda dos direitos adquiridos e em formação dos seus beneficiários.
