Bridget Riley Bridget Riley,Michael Bracewell,2009 Bridget Riley: Flashback is the first in a new series of monographic Hayward Touring exhibitions from the Arts Council Collection. Each exhibition will bring together outstanding early works by high profile British artists, and set them against major recent works borrowed from the artists themselves. This book tracks Bridget Riley's career from its sensational beginnings in the early 1960s to the ambitious and powerful paintings and works on paper of recent years. It includes an essay by Michael Bracewell and a new piece of writing by the artist discussing the genesis of a key early painting, Movement in Squares (1961). A chronology illustrated with archive photographs and an illustrated inventory of works by the artist in UK public collections complete this rich survey. Published to accompany the exhibition Bridget Riley: Flashback touring in 2009/10 to Walker Art Gallery, Liverpool; Birmingham Museum and Art Gallery; Norwich Castle Museum & Art Gallery; and Southampton City Art Gallery.

44 Years With The Same Bird Brian Reade,2011-01-14 There have been football books which have told their tale through the partisan heart of a besotted fan, and those that have dissected their subject through the scientific mind of an objective writer. But rarely does one fuse the blind passion of a lifelong supporter with the cold eye of an award-winning journalist in the way 44 Years With The Same Bird does. That bird is the Liver Bird, and on the surface this book is a pitch-side view of the entire modern era of Britain's most successful football club. It is Brian Reade's take on the extraordinary stories behind the 48 trophies he has seen Liverpool lift since watching them en route to their first ever FA Cup win in 1965, right through to the Champions League defeat in

Athens in 2007. It takes in all of the big nights that propelled the club to five European Cups, three UEFA Cups, twelve titles, countless domestic cup triumphs, bitter failures, the tragic disasters in Sheffield and Brussels, as well as the barren years of the late 60s and the 90s. But the book goes far deeper than that. It's about how football allowed a father who was separated from his son to forge a precious bond. How a football club can make a city that is dying on its knees keep believing in itself. How you should never, as a professional, get too close to your heroes. How being part of a disaster at a football match (Hillsborough) can leave you a mental wreck, unwilling to carry on, but how witnessing a miracle on a football pitch (Istanbul) makes you realize that no matter how low you sink, you should never give in.

Spatial Practices Melanie Dodd, 2019-11-07 This book explores 'spatial practices', a loose and expandable set of approaches that embrace the political and the activist, the performative and the curatorial, the architectural and the urban. Acting upon and engaging with the public realm, the field of spatial practices allows people to reconnect with their own sense of agency through engagement in space and place, exploring and prototyping alternative futures in the here and now. The 24 chapters contain essays, visual essays and interviews, featuring contributions from an international set of experimental practitioners including Jeanne van Heeswijk (Netherlands), Teddy Cruz (Estudio Teddy Cruz + Fonna Forman, San Diego), Hector (USA), The Decorators (London) and 00ZE (Netherlands). Beautifully designed with full colour illustrations, Spatial Practices advances dialogue and collaboration between academics and practitioners and is essential reading for students, researchers and professionals in architecture, urban planning and urban policy.
