Teleophthalmology in Preventive Medicine Georg Michelson, 2014-11-26 This book provides an up-to-date overview of the clinical applications, methods, and technologies of teleophthalmology within the field of preventive medicine. The ability of novel methods to detect the initial signs of neurodegenerative diseases on the basis of alterations in the retina is reviewed, and detailed attention is paid to the role of teleophthalmology in screening for vision-threatening diseases such as diabetic retinopathy, glaucoma, and age-related macular degeneration. A major part of the book is devoted to novel imaging methods and the latest information technologies, including advanced mobile communication and Web 2.0 applications in teleophthalmology. In addition, the initial projects of an interdisciplinary cooperation in preventive medicine are described. All of the authors are experienced in the scientific and practical aspects of teleophthalmology, including e-learning, and have produced a book that will meet the needs of all medical care providers interested in using teleophthalmology.

Mangrove Ecosystem Ecology and Function Sahadev Sharma, 2018-11-07 *Mangrove Ecosystem Ecology and Function* deals with several aspects of mangrove science, as well as conservation, management, and related policies. The book is divided into six sections and structured into 10 chapters. The first section discusses mangrove ecology, structure, and function; the second section explains mangrove physiology related to salt accumulation; the third section focuses on mangrove polychaetes; the fourth section talks about the bioprospect of mangrove microbes; the fifth section discusses soil geochemistry; and the sixth section elucidates mangrove management and conservation. Researchers from different countries and fields of mangrove ecosystem exploration have contributed their findings. This book would be an ideal source of scientific information to graduate students, advanced students, researchers, scientists, and stakeholders involved in mangrove ecosystem research.

Take Control of DEVONthink 3 Joe Kissell, 2023-12-29 Manage your information with the powerful

tools in DEVONthink 3 Version 1.15, updated December 29, 2023 This book teaches you the basics of DEVONthink 3 and DEVONthink To Go for iOS/iPadOS. You'll learn how to find your way around, get information into and out of DEVONthink, and make the most of the app's key features. With the information-management app DEVONthink 3, you no longer have to swim in a sea of web bookmarks, email receipts, RSS feeds, scanned memos, and downloaded bank statements. DEVONthink stores your digital documents and clippings, helps you scan and store paper documents, and serves as home base for organizing and viewing all your information. But mastering all that power can take effort, and this book—created in partnership with DEVONtechnologies—has the real-world advice you need to understand how DEVONthink can bring order to your information. You'll also learn how to extend your DEVONthink experience beyond your main Mac with detailed coverage of the many ways you can sync DEVONthink databases to other Macs and to iOS/iPadOS devices using the DEVONthink To Go app. After covering essential DEVONthink vocabulary and concepts, including the completely reworked user interface of DEVONthink 3, Joe helps you start using DEVONthink effectively. You'll learn how to:

- Decide how many databases you need and set them up
- Determine whether to input or index data
- Configure where incoming data will go
- Import data from many different apps
- Import data from a scanner, including OCR options
- Use grouping and tagging to organize data
- Add and work with DEVONthink 3's expanded metadata capabilities
- Use simple (and sophisticated) techniques for searching
- Create smart groups that automatically gather newly imported data
- Use smart rules and AppleScript to automate countless activities within DEVONthink
- Create documents in plain text, HTML, Markdown,

and more • Edit documents in DEVONthink (or externally) • Find the best way to sync DEVONthink data with other devices • Work with reminders, smart templates, and other sophisticated tools • Convert documents between formats • Effectively use the DEVONthink To Go iOS/iPadOS app • Share DEVONthink documents with other people • Export documents from DEVONthink • Back up and maintain healthy databases Questions answered in the book include: • What is DEVONthink good for, and what should be left to other apps? • What kinds of data can I import? (Short answer: Nearly everything!) • How can I display my data in a way that works well for me? • When I import documents from different sources, where do they end up, and why? • Is it better to sort imported documents right away, or leave them for later? • Should I group my data, tag it, or both? • What are duplicates and replicants, and how can I tell them apart? • Which types of data can be created or edited within DEVONthink? • How do I make my DEVONthink database accessible via the web using DEVONthink Server? • How do I move documents out of DEVONthink using the Share feature? • How do I use DEVONthink To Go on my iOS/iPadOS device? Plus, we now plan to update this free book approximately four times per year for the foreseeable future to cover ongoing changes in DEVONthink and add new tips and advice!

Microsoft Office for iPad Tom Negrino, 2014 A guide to using the business applications suite on the iPad covers such topics as how to create and edit documents with the touch interface, how to set up OneDrive, and Microsoft's cloud services for uploading and syncing files across devices.

Popular Science, 2004-12 Popular Science gives our readers the information and tools to improve their

technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Google Apps: The Missing Manual Nancy Conner, 2008-05-27 Among its many amazing applications, Google now has web-based alternatives to many of the applications in Microsoft Office. This comprehensive and easy-to-follow new book enables you to explore Google's new office applications in detail. Once you do, you'll be in good company -- more than 100,000 small businesses and some corporations are already looking to take advantage of these free Google offerings. *Google Apps: The Missing Manual* teaches you how to use three relatively new applications from Google: Docs and Spreadsheets, which provide many of the same core tools that you find in Word and Excel; and Google Calendar and Gmail, the applications that offer an alternative to Outlook. This book demonstrates how these applications together can ease your ability to collaborate with others, and allow you access to your documents, mail and appointments from any computer at any location. Of course, as remarkable as these applications are, Google's office suite is definitely a work-in-progress. Navigating what you can and can't do and -- more importantly -- understanding how to do it isn't always easy. And good luck finding enough help online. *Google Apps: The Missing Manual* is the one book you need to get the most out of this increasingly useful part of the Google empire. This book: Explains how to create, save and share each of Google's web-based office applications Offers separate sections for Docs and Spreadsheets, Google Calendar, and Gmail Demonstrates how to use these applications in conjunction with one another Gives you crystal-clear and jargon-free explanations that will satisfy users of all technical levels Many of you already use Gmail, but do you know its full potential? Do you know how you can

increase its power by using Gmail with Doc and Spreadsheets and Google Calendar? You'll find out with Google Apps: The Missing Manual. You'll also come to understand why large corporations such as General Electric and Proctor & Gamble are taking a long, hard look at these applications.

Getting Things Done David Allen, 2015-03-17 The book Lifehack calls The Bible of business and personal productivity. A completely revised and updated edition of the blockbuster bestseller from 'the personal productivity guru'—Fast Company Since it was first published almost fifteen years ago, David Allen's Getting Things Done has become one of the most influential business books of its era, and the ultimate book on personal organization. "GTD" is now shorthand for an entire way of approaching professional and personal tasks, and has spawned an entire culture of websites, organizational tools, seminars, and offshoots. Allen has rewritten the book from start to finish, tweaking his classic text with important perspectives on the new workplace, and adding material that will make the book fresh and relevant for years to come. This new edition of Getting Things Done will be welcomed not only by its hundreds of thousands of existing fans but also by a whole new generation eager to adopt its proven principles.
