**Waging a New Cold War** Vijay Prashad,John Bellamy Foster,John Ross,Deborah Veneziale,2022-11-08 As the American people delude themselves once more into thinking of the United States as a liberating force for peace in the world, Waging a New Cold War invites us, instead, to think for ourselves. Behind the scenes the plans to wage war have been laid—either by proxy, as in Ukraine, or directly, against the U.S.’s old twentieth-century foes. Waging a New Cold War: A Socialist Perspective makes a strong case that, as the official story is laid out by government propagandists, and as the mainstream media provides cover, the aim of this latest set of American military escapades remains the same as ever: Maintenance of U.S hegemony in the global financial system. Foregrounded with an introduction by Vijay Prashad, this cogent collaboration puts forth three essays that illustrate clearly that, while the Cold War against the Soviet Union ended, the “cold war” against the “enemies” of the United States did not. Furthermore, its authors lay out evidence that the U.S. establishment has been willing to risk nuclear winter—in other words, mutual annihilation—to hold onto economic primacy. And they show that, while Russia and China can each be criticized, justifiably, for their violations of human life and dignity, neither, on its own, threatens the eruption of a Third World War and the end of the human race as we know it. Just in time, we have in our hands an intelligent text that strengthens our struggle against the cynical machinations of the American military behemoth and its propaganda machine.

Halo: Shadows of Reach Troy Denning,2020-10-20 USA TODAY BESTSELLER A Master Chief story and original full-length novel set in the Halo universe—based on the New York Times bestselling video game series! October 2559. It has been a year since the renegade artificial intelligence Cortana issued a galaxy-wide ultimatum, subjecting many worlds to martial law under the indomitable grip of her Forerunner weapons. Outside her view, the members of Blue Team—John-117, the Master Chief; Fred-104; Kelly-087; and Linda-058—are assigned from the UNSC Infinity to make a covert insertion onto the ravaged planet Reach. Their former home and training ground—and the site of humanity’s most cataclysmic military defeat near the end of the Covenant War—Reach still hides myriad secrets after all these years. Blue Team’s mission is to penetrate the rubble-filled depths of CASTLE Base and recover top-secret assets locked away in Dr. Catherine Halsey’s abandoned laboratory—assets which may prove to be humanity’s last hope against Cortana. But Reach has been invaded by a powerful and ruthless alien faction, who have their own reasons for being there. Establishing themselves as a vicious occupying force on the devastated planet, this enemy will soon transform Blue Team’s simple retrieval operation into a full-blown crisis. And with the fate of the galaxy hanging in the balance, mission failure is not an option...

**New Military Strategies in the Gulf** Jean-Loup Samaan,2023-07-13 In the last decade, rulers in Gulf regimes have aspired to greater strategic autonomy and distance from the West. Coined the Gulf moment by local commentators, this regional trend reflects a redistribution of power in the Arab world. This is the first book to examine the military dimensions of these shifts. Gulf military strategy has prioritised the improvement of local armed forces and the diversification of defence partnerships towards countries such as Russia, Turkey or China. However, this book shows how this has led to the militarisation of Gulf societies, the further erosion of multilateral initiatives - including the Gulf Cooperation Council - and the Gulf's perilous involvement in the war in Yemen. The book also highlights enduring reliance on the West. Each chapter covers a key aspect of defence policy from governance of armed forces, military education and power projection capabilities to regional security cooperation and lessons from warfighting experiences. Close attention is paid to Saudi Arabia, the United Arab Emirates and Qatar, countries that have enjoyed prominent roles in the region's security affairs during the last ten years. The research is based on extensive fieldwork and interviews with major decision-makers, officials, and diplomatic and military representatives. It is also uses recently declassified official documents to gain rare insight into what Gulf countries intend for their defence policies.

Security at a Price Nicholas Khoo,Reuben Steff,2017-10-26 This text analyzes why some states have chosen to cooperate with the U.S. on Ballistic Missile Defense (BMD) while others have adopted a non-cooperative posture, evidenced by diverse levels of balancing. It discusses the politics of unipolarity, deterrence policies of the U.S. and key states, WMD proliferation, balancing, and the security dilemma.

Age Past: The Incian Sphere Jeff Mechlinski,2013-10-01 Age Past is a fantasy RPG that incorporates a novel character creation and dice rolling mechanic. Age Past: The Incian Sphere was written to provide you a completely customized gaming experience. Characters are built using an archetype system that is only limited by your imagination. Cast from over 150 spells without restriction and select from over 140 powers. Most powers can be taken 4 times as your character levels so no two characters will ever be the same. The system encourages player balance so your character will be successful regarding her purpose and all characters will be equally important. The game's world is unique and open enough for a GM to tailor his own adventure yet has guidelines to keep expectations in check. Age Past also has many optional rules that allow you to further customize your gaming experience. Choose to use pulp gaming rules or high lethality... or both! Build your perfect hero and conquer the world. Incia awaits!

*Landy's Dodges* Geoff Stunkard,2016-07-15 One of the greatest innovators of his time, Dick Landy was one of those guys who made you rush back to your seat from the concessions stand so you could watch him navigate the 1320. Win, lose, or draw, watching one of Landy's Dodges battling the likes of Ronnie Sox, Grumpy Jenkins, or Hubert Platt was worth the price of admission alone. Landy's Dodges: The Mighty Mopars of Dandy Dick Landy takes you chronologically through the cars of Dick's career, from piloting his first mount (1954 Ford Pickup) through his historic years of campaigning Dodges. Chrysler racing historian and author Geoff Stunkard presents a highly detailed account of Dick's cars, including results and images from the Landy family's personal archive and modern shots of his restored cars. In addition to coverage of Dick's 1964 S/S Dodge and 1968 Hemi Dart, scarce info about his Ford Galaxies and Plymouth Savoy is included as well. At no other time has Landy's entire career been chronicled and cataloged in print with this much attention to detail. Sit back in your recliner (wheels up) and enjoy the most comprehensive book on the history of Dandy Dick Landy and his cars.
