An amusing and informative guide, illustrated with photos of different dogs, from pedigrees to mutts, at various locations around Britain. The site's main canine correspondent is Attlee, aka Phileas Dogg, a three year old Battersea mongrel, owned by freelance journalist Jane Common. As well as Attlee, the site is written by a team of Rover Reporters from as far afield as the Shetland Isles and Cornwall. In the short time it's been running, the site has been picked up by The Evening Standard and The Guardian - even if you don't have a dog we urge you to read this; Waitrose Weekend, Prima, Real People and Dogs Today magazines as well as generating local paper stories around the country, in places where Phileas has visited. Jane has been invited on to BBC Radio as an expert in dog travel and worked with Visit England, the Kennel Club and Battersea Dogs and Cats Home to promote dog-friendly holidays and days out.

Looking to escape city life for a day? The guide also includes inspiration for short trips away, as well as top ten lists for those pushed for time. Whether you're a resident Londoner looking for new dog-friendly inspiration, or a visitor hoping to navigate the city with your four-legged friend, London for Dogs will transform your experience of London. Featuring contributions from journalist and broadcaster Kate Spicer, food writer Debora Robertson and founder of Lily's Kitchen Pet Food, Henrietta Morrison.

*Thrive* Arianna Huffington,2015-03-17 In *Thrive*, Arianna Huffington makes an impassioned and compelling case for the need to redefine what it means to be successful in today's world. Arianna Huffington's personal wake-up call came in the form of a broken cheekbone and a nasty gash over her eye--the result of a fall brought on by exhaustion and lack of sleep. As the cofounder and editor-in-chief of the Huffington Post Media Group--one of the fastest growing media companies in the world--celebrated as one of the world's most influential women, and gracing the covers of magazines, she was, by any traditional measure, extraordinarily successful. Yet as she found herself going from brain MRI to CAT scan to echocardiogram, to find out if there was any underlying medical problem beyond exhaustion, she wondered is this really what success feels like? As more and more people are coming to realize, there is far more to living a truly successful life than just earning a bigger salary and capturing a corner office. Our relentless pursuit of the two traditional metrics of success--money and power--has led to an epidemic of burnout and

stress-related illnesses, and an erosion in the quality of our relationships, family life, and, ironically, our careers. In being connected to the world 24/7, we're losing our connection to what truly matters. Our current definition of success is, as Thrive shows, literally killing us. We need a new way forward. In a commencement address Arianna gave at Smith College in the spring of 2013, she likened our drive for money and power to two legs of a three-legged stool. They may hold us up temporarily, but sooner or later we're going to topple over. We need a third leg--a third metric for defining success--to truly thrive. That third metric, she writes in Thrive, includes our well-being, our ability to draw on our intuition and inner wisdom, our sense of wonder, and our capacity for compassion and giving. As Arianna points out, our eulogies celebrate our lives very differently from the way society defines success. They don't commemorate our long hours in the office, our promotions, or our sterling PowerPoint presentations as we relentlessly raced to climb up the career ladder. They are not about our resumes--they are about cherished memories, shared adventures, small kindnesses and acts of generosity, lifelong passions, and the things that made us laugh. In this deeply personal book, Arianna talks candidly about her own challenges with managing time and prioritizing the demands of a career and raising two daughters--of juggling business deadlines and family crises, a harried dance that led to her collapse and to her aha moment. Drawing on the latest groundbreaking research and scientific findings in the fields of

psychology, sports, sleep, and physiology that show the profound and transformative effects of meditation, mindfulness, unplugging, and giving, Arianna shows us the way to a revolution in our culture, our thinking, our workplace, and our lives.

**Dogs in the Leisure Experience** Neil

Carr, 2014-11-19 This book explores the social and

cultural constructions and debates of what are dogs and what is leisure. It looks at how working dogs play a significant role in leisure experiences such as ensuring the safety of air transport, and considers the differing roles and changing acceptance of dogs' involvement in sport. Within the setting of the animal welfare and sentience debates, it examines the leisure needs of dogs and their owners. Providing an original contribution to our understanding of dogs as both participants and objects in the leisure experience, this book is a useful resource for researchers in leisure, hospitality and tourism.

Slow Travel: Yorkshire Dales Mike

Bagshaw, 2019-03-11 This new, thoroughly updated edition of Yorkshire Dales, part of Bradt's series of distinctive 'Slow' guides to local UK regions, remains the most comprehensive guide to the area and covers the whole of the recently extended Yorkshire Dales National Park and Nidderdale Area of Outstanding Natural Beauty as well as some 'slow' and historic towns and villages just outside the boundaries. Dale by dale, each chapter covers wildlife, folklore, history and local food and drink, and suggests routes to follow to see the best of it all. Walking and cycling are included, as well as all the attractions and advice needed for a memorable visit. Written by an expert who has lived and worked in the area for over 30 years, the guide draws from his personal experiences as an outdoor enthusiast, naturalist and beer connoisseur. The Yorkshire Dales is famous internationally for its caves, scenic rivers, waterfalls and limestone flora but the

lives and culture of the Dales folk that live there are just as fascinating. These days the area is also known for the Tour de Yorkshire, now firmly established as a hugely popular annual cycling event. Ease the pace and discover the delights of the north Pennines, where rivers from the limestone uplands have forged the dales that give the region its name. Drop in to the Tan Hill Inn, the highest pub in Britain, where sheep regularly find their way in to warm themselves by the roaring fire; journey into the depths of Gaping Gill, one of the largest underground chambers in Britain; or take a scenic rail trip on the famous Settle-Carlisle line, crossing the longest railway viaduct in the country at Ribbleshead en route. The Yorkshire Dales offer hundreds of square miles of open-access land to explore, popular long-distance footpaths including the Pennine Way and Coast to Coast Walk, renowned medieval castles such as Skipton and Richmond, quaint stone villages and an exceptionally rich wildlife particularly associated with clean rivers and limestone-pavement flora. Discover all this and more with Bradt's Slow Travel Yorkshire Dales, the perfect companion for a successful trip.

The England Coast Path Stephen Neale, 2020-03-19  
The opening of the England Coast Path means that anyone will be able to walk and wild camp along the entire 3,000-mile length of the English coast. As well as being a remarkable national achievement in itself, this new national trail is a hugely exciting prospect for all walkers, campers, fans of the coast and the outdoors. In 2018 Stephen Neale became one of the first people to walk and

wild camp along the whole of the path, and in doing so has written a fantastically detailed and rich guidebook covering the route itself, along with everything from the best places to swim, hunt for fossils and eat seafood to hidden away beaches and canoeing spots. The bulk of the book is divided up into the 16 coastal counties and features 1,000 places to see, explore, camp and adventure around the coast. Each place has an OS map reference, basic directions to it from the path and a short description. Walkers can either visit specific places or link highlights together, walking between them along the path. The England Coast Path is a true embodiment of our national character – at a time when all things English are so often seen in a negative light, this is a wonderful success story. Environmentalists, volunteers, social campaigners, land owners and politicians have all come together to create a 'ninth wonder of the world'. This path represents what makes England so great: a little bit mad, a little bit proud; but mostly a celebration of this nation's most precious asset: the wild coast.
