The Domino's Story Marcia Layton Turner,2020-10-27 Imagine if you were there, taking notes, as a small pizza joint became one of the most successful restaurants in the world. The Domino's Story will help you understand and adopt the competitive strategies, workplace culture, and business practices that made the iconic pizza chain the innovative restaurant and e-commerce leader it is today. As one of the most technologically advanced fast-food chains in the market, Domino's has cemented their reputation for innovation, paved in industry-leading profits. In February 2018, according to Ad Age, Domino's unseated Pizza Hut to become the largest pizza seller worldwide in terms of sales. Rather than just tampering with a recipe that was working, they decided to think outside of the pizza box by creating digital tools that emphasized convenience and put the customer first. For the first time, the adaptable strategies behind the rise and dominance of Domino's are outlined in these pages. Through the story of the Domino's, you'll learn: How to create meaningful innovation without changing the core of the product that

people already love. How to recognize and take advantage of unique opportunities to alleviate your customers' pain points. How to grow a company by taking a holistic approach to the business. And, the importance of delivering a quality experience that will keep customers calling for more.

Poke the Box Seth Godin, 2015-09-15 A one-two punch! Half kick in the ass, half cheerleading encouragement. –Steven Pressfield, author of *The War of Art* If you are happy being just a dreamer, perhaps you don't need this book. If you're enjoying the status quo, don't even consider reading this book. If you are content waiting for success to find you, please put this book down and go find something else to read. Why has *Poke the Box* become a cult classic? Because it's a book that dares readers to do something they're afraid of. It could be what you need, too. Is Seth Godin the Pied Piper for however many of us have been afraid to fail? Will I answer his call? Will you? –Peter Shermeta, reviewing the original edition of *Poke the Box*
