Make Time Jake Knapp,John Zeratsky,2018-09-25 From the New York Times bestselling authors of Sprint comes "a unique and engaging read about a proven habit framework [that] readers can apply to each day" (Insider, Best Books to Form New Habits). "If you want to achieve more (without going nuts), read this book."—Charles Duhigg, author of The Power of Habit Nobody ever looked at an empty calendar and said, The best way to spend this time is by cramming it full of meetings! or got to work in the morning and thought, Today I'll spend hours on Facebook! Yet that's exactly what we do. Why? In a world where information refreshes endlessly and the workday feels like a race to react to other people's priorities faster, frazzled and distracted has become our default position. But what if the exhaustion of constant busyness wasn't mandatory? What if you could step off the hamster wheel and start taking control of your time and attention? That's what this book is about. As creators of Google Ventures' renowned design sprint, Jake and John have helped hundreds of teams solve important problems by changing how they work. Building on the success of these sprints and their experience designing ubiquitous tech products from Gmail to YouTube, they spent years experimenting with their own habits and routines, looking for ways to help people optimize their energy, focus, and time. Now they've packaged the most effective tactics into a four-step daily framework that anyone can use to systematically design their days. Make Time is not a one-size-fits-all formula. Instead, it offers a customizable menu of bite-size tips and strategies that can be tailored to individual habits and lifestyles. Make Time isn't about productivity, or checking off more to-dos. Nor does it propose unrealistic solutions like throwing out your smartphone or swearing off social media. Making time isn't about radically overhauling your lifestyle; it's about making small shifts in your environment to liberate yourself from constant busyness and distraction. A must-read for anyone who has ever thought, If only there were more hours in the day..., Make Time will help you stop passively reacting to the demands of the modern world and start intentionally making time for the things that matter.

Indistractable Nir Eyal,2019-09-10 Indistractable provides a framework that will deliver the focus you need to get results. —James Clear, author of Atomic Habits If you value your time, your focus, or your relationships, this book is essential reading. I'm putting these ideas into practice. —Jonathan Haidt, author of The Righteous Mind National Bestseller Winner of the Outstanding Works of Literature (OWL) Award Included in the Top 5 Best Personal Development Books of the Year by Audible Included in the Top 20 Best Business and Leadership Books of the Year by Amazon Featured in The Amazon Book Review Newsletter, January 2020 Goodreads Best Science & Technology of 2019 Finalist You sit down at your desk to work on an important project, but a notification on your phone interrupts your morning. Later, as you're about to get back to work, a colleague taps you on the shoulder to chat. At home, screens get in the way of quality time with your family. Another day goes by, and once again, your most important personal and professional goals are put on hold. What would be possible if you followed through on your best intentions? What could you accomplish if you could stay focused? What if you had the power to become indistractable? International bestselling author, former Stanford lecturer, and behavioral design expert, Nir Eyal, wrote Silicon Valley's handbook for making technology habit-forming. Five years after publishing Hooked, Eyal reveals distraction's Achilles' heel in his groundbreaking new book. In Indistractable, Eyal reveals the hidden psychology driving us to distraction. He describes why solving the problem is not as simple as swearing off our devices: Abstinence is impractical and often makes us want more. Eyal lays bare the secret of finally doing what you say you will do with a four-step, research-backed model. Indistractable reveals the key to getting the best out of technology, without letting it get the best of us. Inside, Eyal overturns conventional wisdom and reveals: • Why distraction at work is a symptom of a dysfunctional company culture—and how to fix it • What really drives human behavior and why time management is pain management • Why your relationships (and your sex life) depend on you becoming indistractable • How to raise indistractable children in an increasingly distracting world Empowering and optimistic, Indistractable provides practical, novel techniques to control your time and attention—helping you live the life you really want.

To-Do List Plan Ollie Morrison,2020-06-03 Grab your tasks by the horns--it's time to show them who's boss! Do you find yourself writing a seemingly endless list of to-do's, only to become overwhelmed, not knowing where to start, and then end up pushing it aside for later? Do you often get distracted while working on a task, simply because your mind is on everything besides what you actually need to get done? Are simple, straightforward tasks, like dropping something off at the dry cleaner's or calling your Uncle Joe to check in on him, taking you days (if not weeks) to do? In today's fast-paced modern world, it's difficult--if not near impossible--to keep up with everything that needs to get done at home and at work while also staying on top of your kids' schedules, leaving your self-care activities with nothing but crumbs. That is, if you don't organize the things you need to do. With some guidance and a handful of time- and energy-saving tips, you will know exactly what to do and when to do it, helping you become the most productive version of yourself you've yet to see. In To-Do List Plan, here is just a fraction of what you will discover: Step-by-step guidance on how to put together your new and improved to-do list, allowing you to become a master at task management and finally take control of your day The 6 essential components you need to know in order to create a foolproof to-do list that will help you get those relentless tasks done with and out of your life once and for all How to gain an unfair advantage in getting closer to achieving your biggest dreams, all by starting with the most important part of the day The top 5 ways to format your to-do list, even if you have the artistic skills of a toddler How successful people utilize time management for maximum productivity, and how you can apply them to your routine today to reap the same benefits and boost yourself to their level The key to keeping your mind sharp and empty of unnecessary, preoccupying thoughts that do nothing but hinder you from progress Procrastination-busting tips and tricks you can use to hone your focus and stay motivated throughout the day, no matter how distracted you tend to get And much more. It doesn't matter if you've already fully accepted the label, chronic procrastinator, as your second identity--it's never too late to learn new habits. Your lack of motivation isn't solely based on your disinterest in the actual task, but more so the way you're tackling that task. By knowing and implementing proven methods that work rather than shooting your shot in the dark, you will be able to see a difference in your time management abilities within just one day. If you continue to approach your list of to-do's the same way every day, yet you're never able to complete the important tasks by the time you go to bed, then that should be the blaring alarm telling you something needs to change. Trying the same methods over and over again and expecting new results is a never-ending cycle that will only lead to more frustration, and more failure. It's time to get your life organized and back on track, heading in one smooth direction rather than multiple intertwining routes. If you're having trouble completing urgent tasks on your to-do list and find yourself lacking the motivation to take charge of your day, then scroll up and click the Add to Cart button right now.
