How to Read the Air Dinaw Mengestu, 2010-10-14 A beautifully written* (New York Times Book Review) novel of redemption by a prize-winning international literary star. From the acclaimed author of *The Beautiful Things that Heaven Bears* comes a heartbreaking literary masterwork about love, family, and the power of imagination. Following the death of his father Yosef, Jonas Woldemariam feels compelled to make sense of the volatile generational and cultural ties that have forged him. Leaving behind his marriage and job in New York, he sets out to retrace his mother and father's honeymoon as young Ethiopian immigrants and weave together a family history that will take him from the war-torn country of his parents' youth to a brighter vision of his life in America today. In so doing, he crafts a story- real or invented-that holds the possibility of reconciliation and redemption.

The Living Annie Dillard, 1993-03-25 This New York Times bestselling novel by Pulitzer Prize-winning author Annie Dillard is a mesmerizing evocation of life in the Pacific Northwest during the last decades of the 19th century.

When Breath Becomes Air Paul Kalanithi, 2016-01-12 #1 NEW YORK TIMES BESTSELLER • PULITZER PRIZE FINALIST • This inspiring, exquisitely observed memoir finds hope and beauty in the face of insurmountable odds as an idealistic young neurosurgeon attempts to answer the question What makes a life worth living? NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • People • NPR • The Washington Post • Slate • Harper's Bazaar • Time Out New York • Publishers Weekly • BookPage Finalist for the PEN Center USA Literary Award in Creative Nonfiction and the Books for a Better Life Award in Inspirational Memoir At the age of thirty-six, on the verge of completing a decade's worth of training as a neurosurgeon, Paul Kalanithi was diagnosed with stage IV lung cancer. One day he was a doctor treating the dying, and the next he was a patient struggling to live. And just like that, the future he and his wife had imagined evaporated. *When Breath Becomes Air* chronicles Kalanithi's transformation from a naïve medical student "possessed," as he wrote, "by the question of what, given that all organisms die, makes a virtuous and meaningful life" into a neurosurgeon at

Stanford working in the brain, the most critical place for human identity, and finally into a patient and new father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving, exquisitely observed memoir. Paul Kalanithi died in March 2015, while working on this book, yet his words live on as a guide and a gift to us all. “I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and everything,” he wrote. “Seven words from Samuel Beckett began to repeat in my head: ‘I can’t go on. I’ll go on.’” When *Breath Becomes Air* is an unforgettable, life-affirming reflection on the challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both.

The Bright Hour Nina Riggs, 2017-06-06 Built on her ... Modern Love column, 'When a Couch is More Than a Couch' (9/23/2016), a ... memoir of living meaningfully with 'death in the room' by the 38-

year-old great-great-great granddaughter of Ralph Waldo Emerson--mother to two young boys, wife of 16 years--after her terminal cancer diagnosis--

My Life with Bob Pamela Paul,2017-05-02 For twenty-eight years, Pamela Paul has been keeping a diary that records the books she reads, rather than the life she leads. Or does it? Over time, it's become clear that this Book of Books, or Bob, as she calls him, tells a much bigger story. For Paul, as for many readers, books reflect her inner life--her fantasies and hopes, her dreams and ideas. And her life, in turn, influences which books she chooses, whether for solace or escape, diversion or self-reflection, information or entertainment. *My Life with Bob* isn't about what's in those books; it's about the relationship between books and readers--

Economy of the Unlost Anne Carson,2009-04-11 The ancient Greek lyric poet Simonides of Keos was the first poet in the Western tradition to take money for poetic composition. From this starting point, Anne Carson launches an exploration, poetic in its own right, of the idea of poetic economy. She offers a reading of certain of Simonides' texts and aligns these with writings of the modern Romanian

poet Paul Celan, a Jew and survivor of the Holocaust, whose economies of language are notorious. Asking such questions as, What is lost when words are wasted? and Who profits when words are saved? Carson reveals the two poets' striking commonalities. In Carson's view Simonides and Celan share a similar mentality or disposition toward the world, language and the work of the poet. Economy of the Unlost begins by showing how each of the two poets stands in a state of alienation between two worlds. In Simonides' case, the gift economy of fifth-century b.c. Greece was giving way to one based on money and commodities, while Celan's life spanned pre- and post-Holocaust worlds, and he himself, writing in German, became estranged from his native language. Carson goes on to consider various aspects of the two poets' techniques for coming to grips with the invisible through the visible world. A focus on the genre of the epitaph grants insights into the kinds of exchange the poets envision between the living and the dead. Assessing the impact on Simonidean composition of the material fact of inscription on stone, Carson suggests that a need for brevity influenced the exactitude and clarity of Simonides' style, and proposes a comparison with Celan's interest in the negative design

of printmaking: both poets, though in different ways, employ a kind of negative image making, cutting away all that is superfluous. This book's juxtaposition of the two poets illuminates their differences--Simonides' fundamental faith in the power of the word, Celan's ultimate despair--as well as their similarities; it provides fertile ground for the virtuosic interplay of Carson's scholarship and her poetic sensibility.

Fisherman's Blues Anna Badkhen, 2019-03-12 NAMED A BEST BOOK OF THE YEAR BY THE CHRISTIAN SCIENCE MONITOR AND PASTE MAGAZINE An intimate account of life in a West African fishing village, tugged by currents ancient and modern, and dependent on an ocean that is being radically transformed. The sea is broken, fishermen say. The sea is empty. The genii have taken the fish elsewhere. For centuries, fishermen have launched their pirogues from the Senegalese port of Joal, where the fish used to be so plentiful a man could dip his hand into the grey-green ocean and pull one out as big as his thigh. But in an Atlantic decimated by overfishing and climate change, the fish are harder and harder to find. Here, Badkhen discovers, all boundaries are permeable--between land and sea, between myth and truth, even between storyteller and story. **Fisherman's Blues** immerses us in a community navigating a time of unprecedented environmental, economic, and

cultural upheaval with resilience, ingenuity, and wonder.

Rebels: City of Indra Kendall Jenner, Kylie Jenner, 2014-06-03 Kendall and Kylie Jenner, stars on the hit reality show *Keeping Up with the Kardashians*, present their debut novel—a thrilling dystopian story about two super-powered girls who embark on a journey together. In a world of the far future, the great City of Indra has two faces: a beautiful paradise floating high in the sky, and a nightmare world of poverty carved beneath the surface of the Earth. Lex grew up in an orphanage deep in the dark. But even as a child, she instinctively rebelled against her fate—the time when she would be judged either useful to Society or forced to live among the mutations in Rock Bottom, the lowest level. When she is chosen to become an elite cadet of the Population Control Forces, only her fellow cadet Kane truly understands her longing for freedom. Unknown to her, one girl secretly shares her defiance. Livia Cosmo, the Orphan Ailess, may live on a sky island surrounded by wealth and privilege, but she is just as restricted as Lex. Rigid discipline governs her every movement, as she learns the art of becoming a Proper Young Woman, the belle of the Emergence Ball, ready to be picked for

“cohabitation” by the finest of the Proper Young Men. Her future is assured, until an intriguing encounter with a young man named Kane changes everything. For that is when Lex’s and Livia’s destinies collide.... Approached by an old enemy to help save Kane from mortal danger, Lex sacrifices her Special Ops career to find him in the Islands among the clouds. Her search, high above in the beautiful spires of the City of Indra, brings her instead to the airgirl Livia. Lex and Livia should have nothing in common, and yet they share a kindred yearning for escape from the strict rules that bind them...and a mystifying identical mark. Brought together by danger, they set out to find Kane, but what they discover is even stranger than either dreams.

I Don't Want to Be a Frog Dev Petty, 2018-04-17 The hit picture book about a frog who does NOT want to be a frog is now a board book! Frog wants to be anything but a slimy, wet frog. A cat, perhaps. Or a rabbit. An owl? But when a hungry wolf arrives—a wolf who HATES eating frogs—our hero decides that being himself isn’t so bad after all. In this very silly story with a sly message, told in hilarious dialogue between a feisty young frog and his heard-it-all-before father, young children will

identify with little Frog's desire to be something different, while laughing along at his stubborn yet endearing schemes to prove himself right. And look for the hilarious sequels—I Don't Want to Be Big, There's Nothing to Do! and I Don't Want to Go to Sleep. □ First-time author Petty's dialogue between a frog father and his son makes its point about accepting one's nature with a big grin. . . . The story might create similar gratitude in the minds of readers—or it might just make them giggle.—Publishers Weekly, **STARRED REVIEW** A lively look at self-acceptance.—Kirkus Reviews This amusing story ends with a laugh and a much more content frog.—School Library Journal Silliness and deadpan humor combine into a hopping good story of being happy with who you are.—Booklist A paean to self-acceptance wrapped in snappy dialogue and illustrated with richly colored comic paintings.—Wall Street Journal Petty and Boldt provide just enough predictability to hook youngest readers, then deliver a delightful twist or two to create surprise and satisfaction—for both the green hero and the many fans he'll make with this book.—Shelf Awareness This lighthearted exploration of identity will delight as a readaloud.—The Bulletin of the Center for Children's Books

Moms Don't Have Time To Zibby Owens,2021-02-16 JOIN AWARD-WINNING PODCASTER ZIBBY OWENS OF MOMS DON'T HAVE TIME TO READ BOOKS ON A JOURNEY FILLED WITH FOOD, EXERCISE, SEX, BOOKS, AND MORE. It's impossible to ignore how life has changed since COVID-19 spread across the world. People from all over quarantined and did their best to keep on going during the pandemic. Zibby Owens, host of the award-winning podcast MomsDon't Have Time to Read Books and a mother of four herself, wanted to do something to help people carry on and to give them something to focus on other than the horrors of their news feeds. So she launched an online

magazine called *We Found Time*. Authors who had been on her podcast wrote original, brilliant essays for busy readers. Zibby organized these profound pieces into themes inspired by five things moms don't have time to do: eat, read, work out, breathe, and have sex. Now compiled as an anthology named *Moms Don't Have Time To*, these beautiful, original essays by dozens of bestselling and acclaimed authors speak to the ever-increasing demands on our time, especially during the quarantine, in a unique, literary way. Actress Evangeline Lilly writes about the importance and impact of film. Bestselling author Rene Denfeld focuses on her relationship with food after growing up homeless. Screenwriter and author Lea Carpenter and Suzanne Falter, author, speaker, and podcast host, focus on loss. New York Times bestselling authors Chris Bohjalian and Gretchen Rubin write about the importance of reading. Others write about working out, love and sex, eating and cooking, and more. Join Zibby on her journey through the winding road of quarantine and perhaps you, too, will find time.

In the Dream House Carmen Maria Machado, 2019-11-05 A revolutionary memoir about domestic abuse by the award-winning author of *Her Body and Other Parties* *In the Dream House* is Carmen

Maria Machado's engrossing and wildly innovative account of a relationship gone bad, and a bold dissection of the mechanisms and cultural representations of psychological abuse. Tracing the full arc of a harrowing relationship with a charismatic but volatile woman, Machado struggles to make sense of how what happened to her shaped the person she was becoming. And it's that struggle that gives the book its original structure: each chapter is driven by its own narrative trope—the haunted house, erotica, the bildungsroman—through which Machado holds the events up to the light and examines them from different angles. She looks back at her religious adolescence, unpacks the stereotype of lesbian relationships as safe and utopian, and widens the view with essayistic explorations of the history and reality of abuse in queer relationships. Machado's dire narrative is leavened with her characteristic wit, playfulness, and openness to inquiry. She casts a critical eye over legal proceedings, fairy tales, Star Trek, and Disney villains, as well as iconic works of film and fiction. The result is a wrenching, riveting book that explodes our ideas about what a memoir can do and be.

Factfulness Hans Rosling, Anna Rosling Rönnlund, Ola Rosling, 2018-04-03 INSTANT NEW YORK

TIMES BESTSELLER “One of the most important books I’ve ever read—an indispensable guide to thinking clearly about the world.” – Bill Gates “Hans Rosling tells the story of ‘the secret silent miracle of human progress’ as only he can. But Factfulness does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly.” –Melinda Gates

Factfulness by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases. - Former U.S. President Barack Obama

Factfulness: The stress-reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world’s population live in poverty; why the world’s population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In Factfulness, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this

happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don't know what we don't know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn't mean there aren't real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, *Factfulness* is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- “This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn't enough. But I hope this book will be.” Hans Rosling, February 2017.
