Aging Moderns Scott Herring, 2022-12-13 What happens when the avant-garde grows old? Examining a group of writers and artists who continued the modernist experiment into later life, Scott Herring reveals how their radical artistic principles set out a new path for creative aging. *Aging Moderns* provides portraits of writers and artists who sought out or employed unconventional methods and collaborations up until the early twenty-first century. Herring finds Djuna Barnes performing the principles of high modernism not only in poetry but also in pharmacy orders and grocery lists. In mystery novels featuring Gertrude Stein and Alice B. Toklas along with modernist souvenir collections, the gay writer Samuel Steward elaborated a queer theory of aging and challenged gay male ageism. The Harlem Renaissance dancer Mabel Hampton dispelled stereotypes about aging through her queer of color performances at the Lesbian Herstory Archives. Herring explores Ivan Albright's magic realist portraits of elders, Tillie Olsen's writings on the aging female worker, and the surrealist works made by Charles Henri Ford and his caregiver Indra Bahadur Tamang at the Dakota apartment building in New York City. Showcasing

previously unpublished experimental art and writing, this deeply interdisciplinary book unites new modernist studies, American studies, disability studies, and critical age studies. *Aging Moderns* rethinks assumptions about literary creativity, the depiction of old age, and the boundaries of modernism.

Visual Learning and Teaching Susan

Daniels, 2020-02-17 A comprehensive guide to visual learning strategies with easy-to-use activities. Emojis . . . avatars . . . icons . . . Our world is becoming increasingly reliant on visual communication. Yet our classrooms still heavily focus on traditional oral and written instruction. In this first-of-its-kind resource, Dr. Susan Daniels channels over twenty years of research and experience into a comprehensive guide of visual learning strategies that enable educators to rise to the challenges of 21st century

education no matter what age range they serve within the K-8 population. This hands-on resource helps educators create a “visual toolbox” of tools that promote visual literacy across the curriculum, and it offers interactive activities to encourage visual learning and communication in all students via mind maps and visual journals. Drawing on her experience working with gifted, creative, and twice-exceptional children, Dr. Susan Daniels has created visual learning strategies that all children can benefit from. Digital content includes customizable forms and examples of completed forms as well as a PDF presentation for professional development.

A Year of Living Sinfully Eric Grzymkowski, 2011-11-18
Your whole life you've done the right thing. Given to charity. Helped old ladies across the street. Rescued stray kittens. But now you're tired of being good all the time. It's time to walk a darker path. So dropkick your inhibitions and tap into your inner sinner. This is your passport to shoving common civility into the mud and enjoying yourself. Life expectancy these days is 78.4 years. What's wrong with taking 365 days to go on a 24/7 bender? After all, you've got 77.4 other years to be good.

Milk Eggs Vodka Bill Keaggy, 2011-03-15 If we are what we eat, then this book reveals deep truths about the average American (not to mention more mundane truths

like a surprising number of people enjoy onions, and for most people, mayonnaise is very, very difficult to spell). Milk, Eggs, Vodka is a celebration of the humble grocery list. Almost anyone will find themselves engrossed in this voyeuristic look into everyday life—less than healthy lists, lists for parties, lists with personal and often odd annotations on them...and the list of lists goes on. Besides over 150 found lists, the book also includes short essays on collecting, shopping, eating, and list making. Some of the lists will even include recipes that can be made from the ingredients on the list!

Owl Island Randy Sue Coburn,2006-06-13 “Coburn's beautifully realized second novel is a perceptive assessment of what women do in love. A richly conceived portrait of memory and identity.”—Kirkus Reviews In this accomplished and dazzlingly written new novel, Randy Sue Coburn brings to life with tremendous heart, humor, and wisdom the Pacific Northwest enclave of Owl Island and its many unforgettable inhabitants. Among the aromatic cedars and lush firs, close to where Chinook salmon maneuver the choppy waters, Phoebe Allen has lived quietly and self-sufficiently for twenty years, raising her daughter, Laurienne, and running a small fishing-net

business. But Phoebe's past suddenly washes up on the shores of Owl Island: Renowned independent film director Whitney Traynor buys a house nearby on Spit in the Wind Road, forcing Phoebe to pry open the lid she's kept clamped on her secrets and scars, plunging her ordered existence into chaos. Whit was charismatic enough to "charm the ice off a dog dish" when Phoebe first fell in love with him as a voice on the radio, and he has not lost his touch—or his propensity to stir things up without even trying. Phoebe, Laurienne, and everyone else living on Owl Island are affected by his arrival. And Phoebe's newfound intimacy with Ivan, a longtime friend and neighbor, far from offering escape, only further complicates matters. Memories of Whit transport Phoebe to a time long ago—one of innocence and awakening, passion and purpose, euphoria and regret—before their intense relationship came to an acrimonious end. All these years, Phoebe has concealed truths from her daughter and may now be forced to divulge them. As the past rushes toward the present like an inevitable tide, Phoebe must also confront the early loss of her mother, whose own mysteries are at last beginning to surface. A deeply affecting portrait of mothers and lovers, daughters and forgiveness, Owl Island reveals the damaging power of secrets, the importance of community, and the liberating lessons of love.
