Freddie L. Sirmans, Sr.

**From Daniel to Doomsday** John Hagee,2000-05-07 John Hagee says, The world as we know it will end, neither with a bang nor a whimper, but in stages clearly set forth in God's Word. His latest and most provocative book takes a cue from a cultural icon, the ticking clock. Hagee presents a prophetic Doomsday Clock and counts down the minutes-through prophetic events-which must occur before that fateful moment when every unredeemed individual must face God on Judgment Day. Citing examples from national and international media and using Scripture to confirm his insights, he presents a compelling argument to prove that time is indeed running out.

**Brain Arrest or Doomsday Countdown** Leonard Wittine,2017-10-13 It is inevitable that humankind will become extinct. Nowadays, the advance of technology has overtaken the human capacity to control the possible consequences of any kind of progress. Extinction is always multifactorial. Double-faced Janus Meerkater, a reborn Neanderthal and leading nanotechnologist, has created EMULATOR, an unexcelled thinking machine and technological singularity. Thus Murphy's law and the Dürrenmatt principle are put in motion. Leo Lobeck the Trojan, Jason Stardust and Xixi Bruneau are fighting the technocalypse. Brain emulation in combination with wormhole physics could create an escape route for mankind. That way reality is broken and reveals itself as an illusion in the empirical dimensions of human experience. The world events turn out to be pure satire. In the end all human minds will be uploaded to EMULATOR and Friedrich Nietzsche, the great but unfortunately insane philosopher, will be God. "Perhaps we are all part of an experiment. Maybe to be human is just a test of what animate creatures would do given by nature limited intelligence and maximum ignorance."

**Countdown to Doomsday** Brandon Rolfe,2012-10-14 The UK's entire security network is mounted in an ultimate Red Alert deadline operation to avert cataclysmic disaster on a national scale. Islamic terrorism is poised to deliver its fiercest blow. The wrath of Allah let loose upon infidel Christians will be the mother of all holy chastisements -- in divine retribution for the mass slaughtering of Muslims by the demonic Western imperialists. An almighty and truly divine purging of the infidel worshippers -- that they be righteously smote down and cast into deep damnation to join their Devil. Zealous militants, the Jahidi, are sent forth on a holy mission that will wreak havoc across the country and send foreboding shock waves of the power of Islam throughout the Western world. Allah akbar! (God is great!).In a deathly race against time, MI5 and MI6 have the do or die task of thwarting this horrific doomsday threat -- their effort must succeed -- or it will be their last.

**12 Hours - a Countdown Til Doomsday** Shawn Vasser,2018-01-31 Twelve hours. A countdown til doomsday. No Power. No Food. Only destruction, chaos, and devastation. Ready or not, the end of civilization will birth a new beginning¿the survival of the fittest.Jericho Hoffman had never subscribed to the adage that ignorance was bliss. He was a man always in search of a solution, but those problems were usually relegated to numbers.But today, questions he hadn't even asked were dropped on him like a bomb. The answers were even worse. The good news¿he'd learned what most people didn't know yet. A solar storm of epic proportions was coming. The bad news¿he only has twelve hours to get himself and those he loves to safety before civilization is set back hundreds of years.It is a race against the clock, and there are more questions than answers. Can they survive the upcoming chaos and breakdown of society without a long-term, bug out plan? And what are they willing to do to protect what little they have?Jericho may not have all the answers, but one thing he knows for sure. He will fight to his last breath to keep those he loves alive.Tick Tock Goes the Doomsday Clock.

**Doomsday Alley** Willie Hirsh,2022-02-22 Empires have come and gone, but no empire will fall if it controls the sea. Agent Eyal is the only one who can prevent war, and he is running out of time.

**Countdown to the Apocalypse** Grant R. Jeffrey,2008 Through a careful examination of the book of Daniel, Jeffrey has created a precise timeline for the rise of the Antichrist, the seven-year Tribulation period, and the timing of the Battle of Armageddon--culminating in the Second Coming of Christ.

**The Rapture 2028: America's Countdown to Apocalypse!** David Netherton,2015-01-02 A Shocking Bible Discovery found in the Dead Sea Scrolls! After forty years of research in the Biblical text, this book came about while studying Biblical manuscripts in their original Greek. I was given a project by my Greek professor to research the Dead Sea Scrolls. This research changed my life, my belief about time and the books of the Bible. While researching the Dead Sea Scrolls, I found two historical books that were in the Bible during Jesus time on this Earth. So I ask this question: Why did man remove these books? The deeper I studied I discovered that our Bible should have seventy books instead of sixty-six. Six is the number of man and a number representing incompleteness. Sixty-six doubles its meaning, and the number 666 needs no explanations. Men do resist God's will today (2 Peter 3:9). While researching the subject I encountered extreme opposition. The books of the Bible should be divisible by seven. So, we are missing one New Testament book and three Old Testament books to make a seventy book Bible. Have we been deceived by our religious leaders and science community? Does all time truly consist in a 7,007-year window? This book is written from the complete seventy-book Bible which was revealed in the Dead Sea Scrolls. Do the scrolls reveal angels mating with the daughters of Adam? Where did the giant human originate? Have we all been lied to about Genesis 6 and the events during the days of Noah? Are angels and demons masquerading as aliens and UFOs in a great end of time deception? Will the dollar collapse by 2022? Will the U.S. be destroyed in one day by 2028? However, when He, the Spirit of truth, has come, He will guide you into all truth; for He will not speak on His own authority, but whatever He hears He will speak; and He will tell you things to come, (John 16:13-14).

**Countdown To Apocalypse** Paul Halpern,2000-08-18 Inspired by the end of the millennium, celebrated science writer Paul Halpern tackles the fate of human civilization and our planet in this meditation on the end of the world. Beginning with the religious origins of the idea of apocalypse, Halpern shows how science has borrowed the metaphor to describe potential worldwide catastrophes. He spins out various scenarios for destruction, from nuclear war and global warming to a great flood and a new Ice Age. He argues that while human history will someday come to a close-even if we survived for billions of years, we would eventually face the end of the universe itself-in the meantime we have gained extraordinary control over our fate as a species. Faced with the power to steer our planet toward paradise or transform it into hell, he says, we must take steps to avoid those catalysts of apocalypse that are within our control.

**Countdown To Apocalypse** Paul Halpern,1998-08-21 How will the world end? In a big bang or a small whimper? Paul Halpern makes his predictions, poring through ancient texts of the Babylonians, Zoroastrians, The Book of Revelation and many others in search of prophecies that may prefigure what the actual apocalypse will be like. 36 illustrations.

**Countdown to the Apocalypse** Robert Jeffress,2015-02-10 ISIS. Ebola. Social disorder. Religious persecution. Rampant immorality. Are these the harbingers of the biblical apocalypse, of the end of the world? If they are, what do they mean and when can we expect this to happen? In this eye-opening book, prophecy insider Robert Jeffress offers a reasoned look at these signs and what Jesus Christ himself meant when he talked about a future so horrendous that no human lives would be spared unless those days were shortened (Matthew 24.22). Did He have our time in mind? All over the world people are aware that something unprecedented in human history is about to happen. COUNTDOWN TO THE APOCALYPSE presents vital information that everyone, both inside and outside the church, needs to know to be prepared.

Apocalypse Countdown Nosca Khalid,1999 A thought-provoking attempt to rekindle some interest in religion.

The Babylon Prophecy Sean Salazar,2011-04-06 Within hours of an accidental bombing in Iraq, Al Robek, a post-traumatic, retired CIA sniper is summoned to investigate. Al is shocked to find an ancient city buried by the Biblical flood...and that his ex-girlfriend, Jess Contreras, was the pilot responsible for the bombing.Al and Jess soon realize the bombing has awakened a murderous secret brotherhood whose only goal is to trigger an early armageddon. The only thing the brotherhood hasn't counted on is Ed Collins: an unassuming British code cracker who has been secretly tracking them since 1946.Al, Jess, and Ed's mission to save the world takes them to the Middle East, Europe, and South America as they slowly uncover evidence of a conspiracy against mankind hatched 1000s of years ago. With the help of the CIA, the SAS, and the MI-5, the team delves into the world of ultra-secret espionage involving the highest level government, the Vatican, and high-security international banking. With each discovery, however, the team is left with more questions than answers.Can they figure out who's who and what's what before it's too late? Can they trust anyone? Do they even know what they're fighting for?The survival of mankind ultimately lies in this unlikely team's hands.

Armageddon 2000 Kenneth Rayner Johnson,1996

**Countdown to Domesday** Michael Lupton,2003-03-01

Countdown to Doomsday Freddie L. Sirmans, Sr.,2008-07-24 Mr. Sirmans uses a collection of essays to express his raw deep, deep thinking on how to save the US economy from total collapse. His exceptionally penetrating insight bores to the core of how all economies starts with bartering. He understands that the economy is just one segment in the struggle to survive, equally important is culture, bartering capacity, and the nuclear family.

Countdown to Apocalypse Denis Lyle,1999-10-01 Find God's plan for our future. Today's national struggles; political, economical and religious alliances; social disorders and natural upheavals and disasters are all found in the prophecies of the Bible. This book shows that the countdown to Apocalypse has already begun.
