

Doors 103

Victor M. Corman

The Doors Gillian G. Gaar, 2015-04-25 Take an up-front and behind-the-scenes look at The Doors. Although their career with their wild and unpredictable frontman lasted barely six years, The Doors are one of the most mind-blowing bands in rock history. Formed in Los Angeles in 1965 by UCLA film school acquaintances Jim Morrison and Ray Manzarek, the band became famous for a sound driven by powerful keyboards and haunting, stream-of-consciousness lyrics. Rounded out by guitarist Robbie Krieger and drummer John Densmore, the quartet released a string of six highly successful studio albums. Jim Morrison's death at age 27 didn't stop him or the band from joining the rock world's pantheon. *The Doors: The Illustrated History* is an extensive, chronological examination of the band's career with Morrison - a period which, though brief, suffers no shortage of tales and anecdotes - as well as their short stint as a trio post-Morrison and their more recent collaborations with the likes of Ian Astbury, Perry Farrell, Scott Weiland, and Skrillex. Candid concert images, revealing offstage photographs, and images of memorabilia like picture sleeves, gig posters, ticket stubs, buttons, and more comprise over 250 illustrations. A roster of respected music journalists' insightful analyses of each of the band's studio releases completes this in-depth, up-close look at this intense group of musicians and the legendary music they created. No fan will want to miss it!

A London sex specialist from the future stumbles into a murder plot that sends her, compliments of a unique set of hotel doors, traveling back in time. She and two women who were murdered in 1998 and 1978 race back and

forth in time trying to rewrite history and prevent their own violent ends. MacAllister,2008-02-01 Quinn and Molly Spencer are delighted to accept three bookings for their newly opened B&B, Breakfast Inn Bed. But Gina Santori is anything but thrilled to discover her best friend has tricked her into sharing a room with Kurt Eber, who broke her heart eight years ago....

Behind Closed Doors Francis Anthony

Quinn,2014-12-12 Behind Closed Doors A fascinating account of the challenges, failures, and triumphs of three men and one woman, beginning in high school seminary days. Set against the backdrop of today's turbulent conflicts over celibacy, challenges to authority, sexual revolution, and church politics, the fictional memoirs, Behind Closed Doors, follows the lives principally of engaging characters through youth and beyond in the San Francisco Bay Area and in worldwide intrigue. Ladd Franklin is enamored of Willow Caprice, a classmate's sister, with whom he strikes up a controversial friendship in the seminary and during his priesthood. Ladd enters

the field of international relief services. This assignment brings him into critical episodes on several continents. Eventually, he contends with Soviet Union officials and is present in St. Peter's Square at the time of the assassination attempt on Pope John Paul II. David Carmichael is ambitious, looking forward to advancing his career, interacting with his two colleagues throughout these episodes. David is continually opposed by members of GOD (Guardians of Doctrine). The third major protagonist is Tyler Stone, sensitive and caring, who finds the demands of celibacy particularly burdensome. In the course of his priesthood, Tyler is accused of sexual molestation and is brought to trial. The novel dramatically explores the turmoil convulsing the Church and the world in the new millennium. Behind Closed Doors makes for very interesting reading. I hope the author writes more. --John R.
