Open Windows, Closed Doors Dovelyn Rannveig Mendoza, Maria Vincenza Desiderio, Guntur Sugiyarto, Brian Salant, 2016-12-01 The Association of Southeast Asian Nations (ASEAN) has signed mutual recognition arrangements in the tourism sector and in six regulated occupations: accountancy, architecture, dentistry, engineering, medicine, and nursing. By setting standardized rules for mutual recognition, ASEAN members have made it easier for professionals to have their qualifications recognized across the region. Although these arrangements share nearly identical objectives, not all are created equal and come with varying levels of openness to foreign professionals. This report is the latest in a project by the Asian Development Bank and the Migration Policy Institute to improve understanding of the barriers to free movement of professionals within ASEAN and to support the development of strategies to overcome these hurdles. The report draws on insights of nearly 400 ASEAN and state officials, private-sector employers, training directors, and others who participated in focus group discussions, meetings, and surveys.

Open the Doors and See All the People Norma Cook Everist, 2016-06-07 This journey book invites the reader to go with the author on her travels to dozens of congregations all over the United States, discovering their assets and strengths as well as their struggles and fears. She was not critic, nor teacher, nor consultant, but visitor. Guest. She learned from the people of God she met, appreciated them, and gave thanks. The book was written for enjoyment; it quite possibly also will challenge. The purpose of the book is to help congregations claim their identity in the body of Christ and be strengthened for their vocation in God's public world. The key to unlocking the book is to use the questions for reflection and discussion. Stories beget stories. By focusing on issues in other contexts congregations are sometimes able to talk more easily about important questions they face in our own settings.

Behind Closed Doors Joanne Stanton, Christine O'Donnell, 2017-09-26 Behind Closed Doors tells the story of two mothers who began investigating serious health issues in their own son and daughter—and ended up writing an expose about the declining health of an entire generation of American children. In their relentless attempts to improve the health of their own children, they uncovered harmful trends in our

food, pharmaceuticals, and environment, all stemming from weak laws and conflicts of interest. What they discovered shocked and ultimately empowered them to get actively involved in questioning and reforming these harmful, out-of-balance practices, and to inspire other moms to do the same. Behind Closed Doors not only offers scientifically verified evidence of how declining industry practices are harming our kids, but showcases solutions like environmental medicine and other integrative health practices, shares personal success stories, and provides tools and solutions parents can immediately implement—equipping and inspiring us all to stand together for change.
