*ONIMONOGATARI* NISIOISIN,2019-10-08 It, like the dark that makes up most of the cosmos, is not an aberration. Nonbeing can swallow you whole, yet if anything, it's the anti-aberration. Darkness, in fact, is the Law, an executioner from whom a mark can try to run and hide, but only for so long. When it comes calling, the fortunate just might have the time to say goodbye. And the Darkness is—here now. Before ever visiting Japan to find a place to die, four centuries, indeed, before her failed suicide attempt, the legendary vampire Kissshot literally stepped foot on the land of the rising sun with an epic jump that ended a lonely sojourn in Antarctica. It was back in those days that the proud noble created her first thrall. It was then, too, that she first met the Darkness. Having messed with a more recent past with her help, and returning to the present to reunite with two more characters that look like little girls but are actually his elders, Thrall No. 2 Araragi reclaims the mic only to cede it in large part to the bloodsucking demon who goes by “Shinobu” these days. Her story, though, may not even be the most poignant one told herein.

Maps, URLs, opening hours and over 400 fascinating color photographs bring you around Tokyo on an unforgettable trip to the centers of Japanese manga, anime and geek culture. Interviews with local otaku experts and people on the street let you see the world from their perspective and provide insights into Tokyo and Japanese culture, which will only continue to spread around the globe. Japanese pop culture, in its myriad forms, is more widespread today than ever before--with J-Pop artists playing through speakers everywhere, Japanese manga filling every bookstore; anime cartoons on TV; and toys and video games, like Pokemon Go, played by tens of millions of people. Swarms of visitors come to Tokyo each year on a personal quest to soak in all the otaku-related sights and enjoy Japanese manga, anime, gaming and idol culture at its very source. This is the go-to resource for those planning a trip, or simply dreaming of visiting one day!

**Noticed by My Dad's Best Friend: An Age Gap Romance** Isla Chiu,2021-10-08 Heat fills me as he stares at me shamelessly. Since when did Mr. Thompson start lusting after me? Before tonight, his conduct toward me was never less than completely and utterly appropriate. But now that I think about it, his 18th birthday present to me was unusually lavish. I told myself that it was just a rich person being rich, but maybe it was something more. And he never liked my boyfriend Jack. He told me that it was because he thought Jack wasn't good enough for me, but perhaps there was something more to his dislike. The thought should creep me out, but instead I'm feeling a lust of my own. WORD COUNT: 3,000 A naughty short story about a young woman and her dad's best friend!

Reborn!, Vol. 1 Akira Amano,2006-10-03 Tsunayoshi Sawada (Tsunayoshi for short) is a cowardly junior high student who doesn't excel at academics or sports. He only attends school so he can stare at his beautiful classmate Kyoko from afar. But Tsuna's life takes a dramatic turn when Reborn, a suit-wearing, gun-toting baby who claims to be an Italian hit man, shows up at his house. Reborn was sent to Japan to groom Tsuna for his future life as a big Mafia boss. Tsuna doesn't believe this absurd story, so Reborn shoots Tsuna in the head with his gun. As Tsuna faces his own death, he's filled with regret that he never confessed his feelings to Kyoko...and suddenly he's overcome with supernatural powers that allow him to run off screaming to tell Kyoko how much he loves her. After five minutes, Tsuna goes back to normal. Reborn explains how his gun works: when he shoots a person in the head, if that person has regrets about her life, then she will die and be reborn, temporarily endowed with special powers that enable her

to fix or solve whatever is the source of her regret. (If Reborn shoots someone who is free of regret, she would die.) Tsuna becomes Reborn's disciple, and because Reborn shoots Tsuna in the head all the time, he is constantly being reborn and growing into a stronger and better person, gradually impressing those around him and making friends.

*Noise Damage* James Kennedy, 2021-01-18 The tale that follows is not another clichéd collection of rock'n'roll debaucheries (sorry) nor is it another tired fable of triumph over adversity (you're welcome). It's the story of a half-deaf kid from a tiny, remote village in South Wales who was hailed as a genius by the UK's biggest radio station and headhunted by major record labels, only for the music industry to collapse. It crashed hard, taking with it an entire generation of talented artists who would never now get their shot. CNN called it & 'music's lost decade'. Along the way, there are goodies, baddies, gun-toting label execs, life-saving surgeons, therapy, true love, loyalty, hope, breakdowns, suicidal managers, betrayal, drummers and way too many hangovers. James Kennedy shows that the best lessons are to be learned from good losers. It really is all about the journey. Part memoir, part exposé of the music world's murky underbelly, *Noise Damage* is emotional, painfully honest, funny, informative and ridiculous. It's also a celebration of the life-changing magic of music.

**Divided Lenses** Michael Berry, Chiho Sawada, 2017-12-31

Divided Lenses: Screen Memories of War in East Asia is the first attempt to explore how the tumultuous years between 1931 and 1953 have been recreated and renegotiated in cinema. This period saw traumatic conflicts such as the Sino-Japanese War, the Pacific War, and the Korean War, and pivotal events such as the Rape of

Nanjing, Pearl Harbor, the Battle of Iwo Jima, and the bombings of Hiroshima and Nagasaki, all of which left a lasting imprint on East Asia and the world. By bringing together a variety of specialists in the cinemas of East Asia and offering divergent yet complementary perspectives, the book explores how the legacies of war have been reimagined through the lens of film. This turbulent era opened with the Mukden Incident of 1931, which signaled a new page in Japanese militaristic aggression in East Asia, and culminated with the Korean War (1950–1953), a protracted conflict that broke out in the wake of Japan's post-World War II withdrawal from Korea. *Divided Lenses* explores the ways in which events of the intervening decades have continued to shape politics and popular culture throughout East Asia and the world. The essays in part I examine historical trends at work in various national cinemas, including China, Taiwan, Japan, Korea, and the United States. Those in part 2 focus on specific themes present in the cinema portraying this period—such as comfort women in Chinese film, the Nanjing Massacre, or nationalism—and how they have been depicted or renegotiated in contemporary films. Of particular interest are contributions drawing from other forms of screen culture, such as television and video games. *Divided Lenses* builds on the growing interest in East Asian cinema by examining how these historic conflicts have been imagined, framed, and revisited through the lens of cinema and screen culture. It will interest later generations living in the shadow of these events, as well as students and scholars in the fields of cinema studies, cultural studies, cold war studies, and World War II history.

**The Global Smartphone** Daniel Miller ,Laila Abed Rabho ,Patrick Awondo , Maya de Vries,Marília Duque,Pauline Garvey, Laura Haapio-Kirk,Charlotte Hawkins,Alfonso Otaegui ,Shireen Walton,Xinyuan Wang,2021-05-06 The smartphone is often literally right in front of our nose, so you would think we would know what it is. But do we? To find out, 11 anthropologists each spent 16 months living in communities in Africa, Asia, Europe and South America, focusing on the take up of smartphones by older people. Their research reveals that smartphones are technology for everyone, not just for the young. The Global Smartphone presents a series of original perspectives deriving from this global and comparative research project. Smartphones have become as much a place within which we live as a device we use to provide 'perpetual opportunism', as they are always with us. The authors show how the smartphone is more than an 'app device' and explore differences between what people say about smartphones and how they use them. The smartphone is unprecedented in the degree to which we can transform it. As a result, it quickly assimilates personal values. In order to comprehend it, we must take into consideration a range of national and cultural nuances, such as visual communication in China and Japan, mobile money in Cameroon and Uganda, and access to health information in Chile and Ireland – all alongside diverse trajectories of ageing in Al

Quds, Brazil and Italy. Only then can we know what a smartphone is and understand its consequences for people's lives around the world.
