Relax and Enjoy Your Food: Save Your Money, Your Health, and Your Sanity by Separating Fact from Flapdoodle. Craig Good,2020-08-22 A lot of people worry about eating the wrong food. Well-funded campaigns have spent years convincing you that some foods are good, some are bad, and some are downright evil. It doesn't have to be that way. Relax and Enjoy Your Food uses science and a little common sense to take away all that anxiety, and save you some money to boot. Once you let go of some ideas, it all gets simpler. There are no superfoods, no junk foods, and there aren't even any health foods. There is just food, all of which provides some combination of the same seven basic things that all food does. That's why the most specific advice you can get is to eat a variety of foods, mostly plants, not too much or too little. That's it. The diet and wellness industries, along with the supplement industry, have deep pockets and ill intent. Their primary victims are women, but everybody gets caught up in their web. After reading this book you'll be able to leave all that behind, eat a healthy diet, even reach and maintain a healthy weight. In short, you'll be able to relax and enjoy your food.

Beta Test Eric Griffith, 2011-12 PUBLISHERS WEEKLY: An unusually lighthearted apocalyptic tale. Sam Terra is having a bad week. He lost Molly, the woman he secretly loves, when she vanished before his eyes at the exact same time that ten percent of the inhabitants of Earth disappeared. Naturally upset, Sam follows clues about the global vanishing with questionable help from his friends including a misanthropic co-worker and a childhood pal. When Molly reappears in the body of a man during a night of monster-laden devastation, Sam finally learns the truth. Not just about her, but about the planet Earth and the entire cosmos surrounding it. What we consider mundane reality, others consider a game . . . and not a very good one. The whole thing is about to be shut down.
