Elizabeth Verdick

Spot & Dot Henry Cole, 2019-08-13 From beloved author-illustrator Henry Cole comes the stunning follow-up to *Spot, the Cat*. In this beautiful wordless picture book, Spot the cat finds a dog named Dot who's off on her own adventure through the city! In Henry Cole's vivid wordless picture book *Spot, the Cat*, readers joined Spot on a journey through a city that began with him following a bird outside his window. This time, a dog named Dot draws Spot from his window. As we follow Spot and Dot on their wordless journey, we quickly realize that it's Dot the dog who is missing this time, and Spot is trying to get her back home. We follow these two on a different journey through the city as they weave in and out of a bakery, a library, a busy park, and more. And with a surprise twist at the end, we realize that "home" for both cat and dog was never very far away. With detailed black-and-white illustrations, readers will love following Spot and Dot on their adventure and cheering for the sweet reunion at the end.

Start with a Dot (Guided Journal) Peter H. Reynolds, 2018-09-04 If you can make a dot, then you're ready to be taken on a creative journey. Inspired by his internationally beloved picture book *The Dot*, Peter H. Reynolds begins this guided journal by giving you permission to draw just one dot and sign your name. Over the next several pages, you're encouraged to take pleasure in making iterations of the dot: big dots, little dots, colorful dots, orderly dots, and scattered dots. Then you'll move on to other mark-making activities, conquering perfectionism, loosening up, and letting your creativity flow. Throughout, Reynolds offers exercises that draw a connection between mindfulness and leaving your mark on the page. Whether you're a timid beginner or a seasoned artist who needs a creative jolt to keep fresh and recharge, this journal is for you.

Hemmerling, 2021-02-26 The Holy Spirit craves a strong Christian presence in artistic communities around the world. With a focus on raising artists who will be that presence, Masha Hemmerling shares an art teacher's manual, designed to teach visual arts from a Christian perspective. Hemmerling, a seasoned art teacher and Christian, teaches elements of art through theology, theory, practice, and projects within eight engaging and equipping lessons. Students will learn about God as a Creator of each particular element, why He invented it, and how He used it in His creation. Pupils will discover how each element of art is used in different disciplines, professions, and industries, and how famous artists have used elements in their artwork. After practicing elements with different tools, media, and techniques, students then have an opportunity to create an art project using a step-by-step process of developing artwork from an idea and then switching to pencil drawing or painting, and applying finishing touches. *Elements of Art with God in Heart* is a teaching manual that guides Christian artists to rely on God's grace to inspire their creations, and then become witnesses of His power and unconditional love to be lights

Connect the Dots Dahnisha Adams, 2019-01-20

Are you someone who has battled with a skin condition and often feels embarrassed or afraid to share it with someone who may not be able to relate to what you are going through? Do you know someone who battles with a skin condition and cares to know more about their experience without having to interrogate them? If you have answered yes, then

this is the perfect pathway for creating open dialogue with those that may not be aware or those that may share the same condition as you. YOU are not alone. Although your life is epic, it is still only your own experience. Connect the Dots: Discovering Self-Love with Skin Imperfections will provide a wilder experience that you will no longer have to stumble for words to describe your emotions. Keloids, eczema, psoriasis, vitiligo, acne, warts, melanoma- and we are only scratching the surface here-are a variety of skin conditions that people suffer in silence with daily. Connect the Dots provides transparency in facing discrimination, judgement, and insecurity as well as awareness to the lack of knowledge. If you struggle with self-confidence, if you feel discouraged to wear certain things like a swimsuit, if you are not satisfied with the surgical results that you continuously invest in, then Connect the Dots will provide clarity for your uncertainty and get you connected to others like you! Connect the Dots: Discovering Self-Love with Skin Imperfections is for those who desire a deeper illustration for how keloids can reconstruct the body and deconstruct self-esteem. Dahnisha Adams, author of Connect the Dots, has lived with keloids for over 15 years with 51 keloids, and she shares her personal journey, providing a voice for all ethnicities affected by keloids. This book will dissect the real-life experience of a living with a severe skin-condition. Although you can google the definition of the skin condition, Connect the Dots provides you with first-hand insight so you can learn how

it feels to live with skin imperfections. If you do not suffer with a skin condition, you will become knowledgeable about the internal effects behind the scars.

Pale Blue Dot Carl Sagan, Ann Druyan, 2011-07-06
"Fascinating . . . memorable . . . revealing . . . perhaps the best of Carl Sagan's books."—The Washington Post Book World (front page review) In *Cosmos*, the late astronomer Carl Sagan cast his gaze over the magnificent mystery of the Universe and made it accessible to millions of people around the world. Now in this stunning sequel, Carl Sagan completes his revolutionary journey through space and time. Future generations will look back on our epoch as the time when the human race finally broke into a radically new frontier—space. In *Pale Blue Dot*, Sagan traces the spellbinding history of our launch into the cosmos and assesses the future that looms before us as we move out into our own solar system and on to distant galaxies beyond. The exploration and eventual settlement of other worlds is neither a fantasy nor luxury, insists Sagan, but rather a necessary condition for the survival of the human race. "Takes readers far beyond *Cosmos* . . . Sagan sees humanity's future in the stars."—Chicago Tribune
