William Starr

The Flying Doctor Dave Baldwin,2016-08-01 From the author of *Healthy Bastards*, the man known as the 'Flying Doctor' is back, this time with his misadventures, escapades and high jinks from a life of medicine, aviation and hunting. For the first time, Dave Baldwin, known throughout the backcountry as the Flying Doctor, shares his tales from life lived at full-throttle. From his early years struggling with dyslexia to graduating from med school, from learning to fly and joining the New Zealand Air Force to becoming a cardiologist at Palmerston North Hospital and setting up a general practice in Bulls, Dave's early life was certainly a life less ordinary. Later on he started the 'Not So Royal Flying Doctor Service', a service for the rural aviation community based at remote airstrips and farms in the backcountry, which has paved the way for a life combining his two passions: high-country flying and hunting. Well-known for his eccentric personality, playful antics and colourful turn of phrase, Dave's story is highly entertaining and truly unique. Yet it's not without tragedy, having lost his best mate and son Marc in a terrible incident in the same place they'd shared so many cherished father-son moments. Dave is also the founder of the Healthy Bastards Bush Pilot Champs, a precision landing, short take-off and landing competition held annually at Omaka Airfield in Blenheim.

Sensory Integration Plus Wendy Vann MS LPC, 2014-01-16 Wendy Vann's job as a counselor could not prepare her for raising two sons with special needs. Mykel did not like to be held, would not sleep at night, cried often, and couldn't be comforted. He also had projectile vomiting, allergies to milk, asthma, and never slowed down. Jesse was even more active than his brother, and his list of problems included frantic feeding, tremors, difficulty nursing, and constant ear infections. In this book, Vann shares how she came to view her children's problems as assets. She also explores how she struggled with decisions over medicating her children versus using more natural methods. Throughout, she focuses on sensory integration, or processing, which is how we use information through our senses to connect with what we have already learned about the world around us. Children with special needs often process this information much different than others. Whether you have a loved one with Autism, Sensory Processing, Tourette Syndrome, Obsessive Compulsive Disorder, Attention Deficit Hyperactivity Disorder, Dyslexia or some other problem, you'll be inspired by Vann's journey—and walk away with practical information to improve behavior and enhance success with Sensory Integration Plus.

Be Positive To A Plus Mary Teicholz, 2015-06-20 Call me Mary. Call me Mary not only because Ishmael has already been taken, but also because it's my name. The tremendous, overpowering and life-threatening badass beast in my life was blood cancer. Myelodysplastic Syndromes (MDS) related Acute Myelogenous Leukemia (AML) to be exact. The fire in my belly was sheer determination, an unwavering will to survive and a little Italian stubbornness thrown in for good measure. This is my Moby Dick story. This is what happened to me once I reached the shore and realized that I still had a jagged mountain to scale. This is my perception of what has happened in my life because of leukemia and ultimately the need for a bone marrow transplant.

Champions...Plus Gary DeVaul, Mark Thallander, 2013-02 A summer thunderstorm pursued Mark Thallander as he drove from Massachusetts to Maine after playing the organ for a morning church service in Worcester. Dinner awaited him, but Mark never arrived. The car hydroplaned at the exit from the turnpike, just minutes from his destination. A deafening silence followed the explosion of the accident. Then an unseen woman's voice spoke to Mark. Turn off the engine. Keep talking. Later, in a hospital forty miles away, surgeons had Mark sign an amputation release form as he pleaded with them to save his arm...

Witch Doctor: Malpractice #5 (Of 6) Brandon Seifert, 2013-03-27 In one corner: Dr. Vincent Morrow, the Witch Doctor. In the other: the parasite he's been infected with. And you won't believe where the battlefield is! Physician, heal thyself -- or else!

The Perfect Match Kristan Higgins, 2013-10-29 After Honor Holland agrees to a marriage of convenience to help British professor Tom Barlow stay in the country, she begins to wonder if there isn't something more between them. Original.

The Patient Doctor Ben Bravery, 2022-06-29 At the age of twenty-eight, with his Beijing-based science communications business doing well and a new relationship blossoming, Ben Bravery woke from a colonoscopy to be told he had stage 3 colorectal cancer. As a scientist, Ben understood the seriousness of his condition. Cancer had quite literally whacked him in the guts, after all. But what he didn't expect was how being a patient, and a young one at that, would make him feel. Why hadn't he been better prepared for the embarrassment and vulnerability of lying naked on the radiation table?

Why wasn't he warned about the sheer number of tubes he would discover coming out of his body after surgery? Why did it feel like an imposition to ask doctors about his pain on their ward rounds? And why did he have to repeat the same information to them over and over again? During eighteen long months of treatment, including aggressive chemotherapy, Ben felt scared, overwhelmed, sometimes invisible and often alone. As he recovered, it struck Ben that after everything he'd been through he couldn't go back to his former career. He needed a change - and he wanted to make change. He wanted to become a doctor. He passed the entrance exam and dived headfirst into the challenges of medical school - including an unrelenting timetable, terrifying ward rounds and the difficulty of maintaining compassion under pressure. Now, driven by his experience on both sides of the healthcare system, this patient-turned-doctor gives a no-holds-barred account of how he overcame the trauma of his illness to study medicine and shares what he believes student doctors, doctors, patients and their families need to do to ensure that the medical system puts the patient at the very heart of healthcare every day. Honest, powerful, eye-opening and sometimes heart-wrenchingly funny, this is an inspiring memoir that shows that no matter our situation we all need to be treated with care and compassion, right until the very end.

Two Plus Ten Unforgettable Tales N. Frances Warner, 2008-04 Two, Plus Ten Unforgettable Tales is based on true stories about unusual encounters and experiences with unforgettable people in labor and delivery, where the author, N. Frances Warner, worked as a registered nurse. Her fascination with the moon stirred intrigue; does moon-shine mysteriously reflect influence and do moon-moods-swing? Two, Plus Ten Unforgettable Tales embraces moon-phases and pampers fantasy and imagination, keeping us young at heart as we nurse the fun of wondering, 'Are the moon and stork in cahoots?'

Such a Pretty Fat Jen Lancaster, 2008-05-06 A NOTE FROM JEN LANCASTER: To whom the fat rolls...I'm tired of books where a self-loathing heroine is teased to the point where she starves herself skinny in hopes of a fabulous new life. And I hate the message that women can't possibly be happy until we all fit into our skinny jeans. I don't find these stories uplifting; they make me want to hug these women and take them out for fizzy champagne drinks and cheesecake and explain to them that until they figure out their insides, their outsides don't matter. Unfortunately, being overweight isn't simply a societal issue that can be fixed with a dose healthy of positive self-esteem. It's a health matter, and here on the eve of my fortieth year, I've learned I have to make changes so I don't, you know, die. Because what good is finally being able to afford a pedicure if I lose a foot to adult onset diabetes? Watch a QuickTime trailer for this book.

Improving Male Sexuality, Fertility and Testosterone Danny Purser, 2015-08-26 Men -- Too tired to make it go at night (or anytime)? Feel beat up? Have NO libido and no interest? Are you Sexhausted?! You know you MUST have LOW testosterone but the docs keep telling you you're WRONG!!?!? Find out why and how to make it all better. Dr. Purser uses his 30 years practice experience and huge knowledge base to engagingly detail how you (the patient or the physician) can properly figure out that low testosterone, zero libido (sex drive) and low sperm count, then how to properly (according to research and the medical literature) treat both PLUS get your libido running on high again (like when you were 25 and healthy). You'll quickly see why he's ALWAYS voted as the most popular speaker at the many conferences at which he speaks each year! He gives the perspective of someone who's done years of endocrinology research, written tons of books on all of this, and been involved in three decades of practice. As a patient you KNOW you want more natural options considered first (something most doctors don't seem to have a clue about), and Dr. Purser details those options (and EXACTLY how to discover what you're low in) and references the literature as to why these must be looked at. His info is up-to-

date (even cutting edge), easy to follow (even for physicians) (:-) , and gets to the real root of the problem -- you'll see why he also takes care of a LOT of physicians. He leaves no stone unturned. Have your doctor (and you) follow his advice and hopefully you'll get better quick, feel better, have better sex, and live longer with this proscribed approach. Read and enjoy! Why low testosterone and why you? Is it your gonads causing your low tes? (Rare actually -- read why) Is it central (is your pituitary, in the center of your brain, damaged?)? A lot more common problem -- and Dr. Purser tells you why, and how this occurred and how to deal with this differently. Is the cause a vitamin deficiency? Making tes is like making bread -- if you're missing a key recipe item -- BOOM! Not TES! Buy this book to find out what happens if you're deficient in a key vitamin (or 4 or 5 or 6...). Is it a mineral deficiency? You better find out why and how to figure this out. Is it an amino acid deficiency? Do you know L-arginine is what you use to make tes? Are you low? Are there others? Read about it so you can tell your doctor!! Lack of Testosterone in Men Causes Depression and Fatigue -- the WORK DAYS are FOREVER! Is this you? Your doctor (well meaning, don't get us wrong) has just put you on an anti-depressant that makes you feel WORSE! As a matter of fact, you feel TERRIBLE!!! And this is the THIRD one he's tried? And he's also got you on amphetamines to help with the fatigue and exhaustion? Ugh! Why? Well, you'll learn why in this well detailed book on HYPOGONADISM And what medical research says. AND what you can do about it! You're in your 30's and your doctor just suggested some Viagra? What the HECK? Find out what you can do that's MUCH better (and more natural and FDA approved for just this problem) in this easy to read inexpensive book! Yes, I said FDA approved -- most physicians don't have a clue -- they haven't read a PDR on this particular easy to use substance that can stimulate your body NATURALLY to create MORE testosterone and sperm -- it may be all you need!! Read up on this and other tricks and treatments in Dr. Purser's newest book. Scroll up and grab a copy today.

Praise Be to the Plus-Sized Sister Kamané Malvo Marshall, 2009-06-27 Praise Be to the Plus-Sized Sister is a semi-autobiographical tale of seven women from the San Francisco Bay Area who are connected to each other by six-degrees-of-separation. Seeking redemption from heartbreak, infidelity, poor choices, rejection, self-sabotage, low self-esteem, and emotional and physical abuse, Natasha, Zinnia, Israel, Addison, Celeste, Lila, and Liberty endure the social and psychological pressures of being full-figured black women in a thin obsessed society. With wit, intelligence, glamour and style, and a twofold portion of sass, these soulful sisters possess faith in the midst of the storm, hope when tomorrow is not promised, and strength of character when giving up seems easier than doing the right thing. Praise Be to the Plus-Sized Sister is made up of six stories of redemption: Out of the Mind of Israel Ming, Daddy's Girls, The Vibrator Virgin, Count it all joy, Saving Sister Jared, and Forgiving Liberty. Beautifully flawed, audaciously determined, and at times downright hilarious, Praise Be to the Plus-Sized Sister represents a new voice, an underrepresented story about the struggle of a unique minority group that has been misunderstood for a long time. Written in the rich and colorful language of the African American experience, by no means is this book tame. It deals with real issues women endure in modern day society, paying special attention to plus-sized African American females who confront prejudice and discrimination on three fronts: race, gender, and size. With messages of hope, self-acceptance, and second chances, Kamane' Malvo Marshall encourages her readers to keep the faith no matter what.

He always said Tara was the only reason he had to do good with his life, and he's determined to prove that. I

With Paul, her dreams of easy, simple happiness could be a reality, even when complications arise in the pregnancy. We are fated in the stars. Tara is not destined for a quiet life. Without her sister holding her back, she shines too brightly. It doesn't take long for Flynn to accidentally find out where she is, and he is dying without her.
