Tytuł wydany został w Polsce w 2010 roku i dostępny jest na platformie PC. Wersja językowa oficjalnie dystrybuowana na terenie kraju to: z polskimi napisami.

**Transnational Horror Across Visual Media** Dana Och, Kirsten Strayer, 2013-10-15 This volume investigates the horror genre across national boundaries (including locations such as Africa, Turkey, and post-Soviet Russia) and different media forms, illustrating the ways that horror can be theorized through the circulation, reception, and production of transnational media texts.

Perhaps more than any other genre, horror is characterized by its ability to be simultaneously aware of the local while able to permeate national boundaries, to function on both regional and international registers. The essays here explore political models and allegories, questions of cult or subcultural media and their distribution practices, the relationship between regional or cultural networks, and the legibility of international horror iconography across distinct media. The book underscores how a discussion of contemporary international horror is not only about genre but about how genre can inform theories of visual cultures and the increasing permeability of their borders.

*World Cinema through Global Genres* William V. Costanzo, 2014-01-28 *World Cinema through Global Genres* introduces the complex forces of global filmmaking using the popular concept of film genre. The cluster-based organization allows students to acquire a clear understanding of core issues that apply to all films around the world. Innovative pedagogical approach that uses genres to teach the more unfamiliar subject of world cinema A cluster-based organization provides a solid framework for students to acquire a sharper understanding of core issues that apply to all films around the world A “deep focus” section in each chapter gives students information and insights about important regions of filmmaking (India, China, Japan, and Latin America) that tend to be underrepresented in world cinema classes Case studies allow students to focus on important and accessible individual films that exemplify

significant traditions and trends A strong foundation chapter reviews key concepts and vocabulary for understanding film as an art form, a technology, a business, an index of culture, a social barometer, and a political force. The engaging style and organization of the book make it a compelling text for both world cinema and film genre courses

PC Gamer ,2008

**The Historian** Elizabeth Kostova,2005-06-01 The record-breaking phenomenon from Elizabeth Kostova is a celebrated masterpiece that refashioned the vampire myth into a compelling contemporary novel, a late-night page-turner (San Francisco Chronicle). Breathtakingly suspenseful and beautifully written, The Historian is the story of a young woman plunged into a labyrinth where the secrets of her family's past connect to an inconceivable evil: the dark fifteenth-century reign of Vlad the Impaler and a time-defying pact that may have kept his awful work alive through the ages. The search for the truth becomes an adventure of monumental proportions, taking us from monasteries and dusty libraries to the capitals of Eastern Europe—in a feat of storytelling so rich, so hypnotic, so exciting that it has enthralled readers around the world. “Part thriller, part history, part romance...Kostova has a keen sense of storytelling and she has a marvelous tale to tell.” —Baltimore Sun

*Dracula* Bram Stoker,1982-04-12 String garlic by the window and hang a cross around your neck! The most powerful vampire of all time returns in our

Stepping Stone Classic adaption of the original tale by Bran Stoker. Follow Johnathan Harker, Mina Harker, and Dr. Abraham van Helsing as they discover the true nature of evil. Their battle to destroy Count Dracula takes them from the crags of his castle to the streets of London... and back again.

Words on Cassette ,1997

*In the Footsteps of Dracula* Steven P. Unger,2010  
Bram Stoker's novel Count Dracula was based on the life and killer-deeds of Prince Vlad the Impaler, and what Unger has done here is to go back to the real places...where Prince Vlad lived--and to write detailed descriptions of the places themselves. Also, he goes into the real-life horror-crimes of Prince Vlad, and then into a tourist guide for anyone who wants to follow his tracks, and experience first-hand what Vlad himself experienced. You get fiction, the truth behind the fiction, and a tourist guide to the places themselves. Amazing detail/thoroughness and an unexpected sense of creepiness that invades you as you read it.

Windows of the Imagination Darrell

Schweitzer,1998-12-01 These 29 essays on fantasy, skepticism, writing, and related topics--spanning nearly two decades--are filled with the insightful observations of a literary master. Schweitzer is one of the best critics in the field.--John Gregory Betancourt. (Criticism)

**New York Magazine** ,1991-03-04 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

**National Geographic Traveler: Great Britain**  
Christopher Somerville,2007 This new edition offers the latest information on historic sites, city highlights, scenic drives, walking tours, and more--from London's venerable Westminster Abbey to John Lennon's boyhood home in Liverpool as well as the distinctive countries of Scotland and Wales.

**The Monsters Know What They're Doing** Keith  
Ammann,2019-10-29 From the creator of the popular blog The Monsters Know What They're Doing comes a compilation of villainous battle plans for Dungeon Masters. In the course of a Dungeons & Dragons game, a Dungeon Master has to make one decision after another in response to player behavior--and the better the players, the more unpredictable their behavior! It's easy for even an experienced DM to get bogged down in on-the-spot decision-making or to let combat devolve into a boring

slugfest, with enemies running directly at the player characters and biting, bashing, and slashing away. In *The Monsters Know What They're Doing*, Keith Ammann lightens the DM's burden by helping you understand your monsters' abilities and develop battle plans before your fifth edition D&D game session begins. Just as soldiers don't whip out their field manuals for the first time when they're already under fire, a DM shouldn't wait until the PCs have just encountered a dozen bullywugs to figure out how they advance, fight, and retreat. Easy to read and apply, *The Monsters Know What They're Doing* is essential reading for every DM.

Great Britain Christopher Somerville, 2011 The allure of Great Britain's natural beauty, famously refined culture, and storied history has long held sway over visitors. The country is the number one destination for Americans traveling to Europe. Annually, more than 4,000,000 tourists cross the Atlantic to enjoy the island's myriad charms, including the rolling moors of Devon and Yorkshire, some of the world's finest museums, dining, and theater in the fabled streets of London. Travelers are able to soak in the rich history and stunning scenery of Scotland's islands and highlands, as well as the stately aristocratic mansions and castles that dot the countryside. Illustrated with more than 150 vivid photographs and 30 detailed, full-color maps, *National Geographic Traveler: Great Britain, 3rd Edition* brings you everything you need to know to plan a trip to this most enticing of regions. Veteran travel author Christopher Somerville, a native

Englishman, guides you shire by shire through the fascinating landscape that is 21st-century Britain, beginning with a detailed introduction to the island's history, food, land, and culture--factors that have clearly shaped the distinctive tongue-in-cheek character of the British people. The book provides an in-depth exploration of the area's individual regions, including the very distinct countries of Scotland and Wales, covering in detail every corner of this diverse and beguiling land. From venerable Westminster Abbey and the cutting edge art at the Tate Modern museum in London to Shakespeare's scenic hometown of Stratford-Upon-Avon to John Lennon's boyhood home in Liverpool, it's all here. In addition, special detailed features give comprehensive information on many diverse topics such as the relaxing parks of London, Wedgwood and the potteries, Thomas Hardy's Dorset, and golfing in Scotland. The book also offers seventeen guided walks and drives through many of Britain's most scenic and historic regions, including tours of the ancient cities of Oxford and Bath and drives around Snowdonia National Park in Wales and Wordsworth's beautiful Windermere in the hugely popular Lake District. A thorough Travelwise section provides recommendations for hotels and restaurants in all price ranges and in all areas. Whether you're birdwatching on the islands of Scotland's Inner Hebrides, visiting the famous and impressive Bronze-Age monument at Stonehenge, or gazing upon the famous portraits of storybook kings and queens in the National Portrait Gallery in London, National Geographic Traveler: Great Britain has

every tool you need to make your trip a memorable one.
