And now terrifying portents are being seen; old ruins restored to life under the light of the full moon and peopled by the long-vanished Lost Ones; dark spirits walking the land in broad daylight. And suddenly two innocents are about to be thrust into the middle of the conflict. Liath, who has spent her early years fleeing from unknown enemies, is a young woman with the power to change the course of history if she can only learn to master her fear and seize what is rightfully hers. While Alain, a young man who may find his future in a vision granted by the Lady of Battles, must first unravel the mystery of who he is—whether the bastard son of a noble father, the half-breed child of an elfin lord, the unwanted get of a whore, or the heir to a proud and ancient lineage. For only when he discovers the truth can he accept the destiny for which he was born. For The Crown and The Dragon Stephen Hunt,1994-06-16 It is the final years of the 18th century, but a world which few would recognise. The people of Europe shelter in small islands of safety, havens from the enchanted wilderness - the strange boundless forests people call the Tumble. It is across this demon-haunted landscape that the low-born officer Taliesin must lead his men, caught up in the deadliest of intrigues while fighting wars for a noble class which despises him. With vicious murderers from the worst gutters in the Realm marching behind him, and the forces of the most powerful nations of the mainland arrayed against him, the odds are stacked against Taliesin. Heavily. Yet he will fight on, battling armies, sorcerers, assassins, beastmen and cross into the face of hell itself. Not for loyalty, or grudging respect for his scheming monarch - not even for the small mountain of silver the Island Queen has promised him if he succeeds. But because fighting is all he and his pressed band of cut-throats and thieves have ever known.

The Hero and the Crown Robin McKinley,2014-11-18 An outcast princess must earn her birthright as a hero of the realm—in this “utterly

engrossing” Newbery Medal-winning fantasy (The New York Times). Aerin is an outcast in her own father’s court, daughter of the foreign woman who, it was rumored, was a witch, and enchanted the king to marry her. She makes friends with her father’s lame, retired warhorse, Talat, and discovers an old, overlooked, and dangerously imprecise recipe for dragon-fire-proof ointment in a dusty corner of her father’s library. Two years, many canter circles to the left to strengthen Talat’s weak leg, and many burnt twigs (and a few fingers) secretly experimenting with the ointment recipe later, Aerin is present when someone comes from an outlying village to report a marauding dragon to the king. Aerin slips off alone to fetch her horse, her sword, and her fireproof ointment . . . But modern dragons, while formidable opponents fully capable of killing a human being, are small and accounted vermin. There is no honor in killing dragons. The great dragons are a tale out of ancient history. That is, until the day that the king is riding out at the head of an army. A weary man on an exhausted horse staggers into the courtyard where the king’s troop is assembled: “The Black Dragon has come . . . Maur, who has not been seen for generations, the last of the great dragons, great as a mountain. Maur has awakened.”
